Altogether Uncle Samuel's big family had a good time and the eagle smiled all over to see how happy the family felt. —From what we can learn the ministers of Bellefonte will not abandon their pulpits on Sunday evenings during the warm weather, for an outdoor union gathering on the school house commons. This is a misfortune for Brother John C. Hamilton, who advocated the move and would pose as the religious sponsor of the community. He now should organize a little band of worshippers of his style and boom the thing himself, since the ministerial brethren fail to join him. It would have about the same measure of success as the Union Party he organized here a year ago. In about a year's time he would likely turn a similar flipper—flip clean around and repudiate the whole concern. Brother John, you are amusing at all times. —General Daniel Heckman, of Loganton, was recently badly bitten in the arm by an enraged sow. She chewed his arm and would not let go until he pounded her over the head with a stone. —Tut fight between the Penna Railroad, and the Western Union Telegraph Company resulting in the latter vacating their lines will not make rates any cheaper for the public. Heiss, a graduate of the Bloomsburg Normal and for several terms principal of the schools at his home, Catawissa, who comes well recommended. Jonas E. Wagner is a son of David Wagner, of Houserville. The young man graduated this year from State College with high honors. Miss Alice Dorworth, of Bellefonte, is an experienced instructor. Miss Bell Rankin and Paul Fortney did not present applications for schools this year. Prof. John Harrison presented his application the last day and it seems the majority of the directors were pledged to another man.

COUNCIL MEETING. Monday evening all members of council were present except Mr. Mallory, and the following business was considered: Hereafter parties having water meters attached will be charged the following rate per 1000 gallons; 10,000-12 cents; 100,000-10 cents; 200,000-9 cents; 400,000-8 cents; 800,000-7 cents; 1550,000-6 cents; tax semi-annually. Market returned \$10.70. New crossing was ordered for Bishop and Ridge streets. No report was ready from the Boro Solicitor on the question of liability for repairs on Water street. The Penna R. R. will be notified that the blockading of High street with trams was an annoyance and should be stopped. Chairman Potter of the Finance committee announced a popular loan of \$25,000 which is being arranged to pay the floating debt. Coupon bonds are to be issued for \$500 each numbered from 1 to 50 and dated Aug. 1, 1902. They are to run until August 1, 1904. The interest is to be 4 per cent. The taxes on these bonds are to be paid by boro. Mr. Potter read the form of the bonds and submitted a report on the matter, which was approved by unanimous vote. The indebtedness of the boro now is \$107,346.79. Bills to the amount of \$1076.67 were approved. Other business of no special significance was transacted.

A WORTHLESS MAN. Mrs. John DeLige, who has been an inmate at the Alms House since last winter, made information before 'Squire Keichline. Mrs. DeLige is so badly crippled with rheumatism that she is almost helpless. The hearing attracted a large crowd. The Justice bound DeLige over for August court on charge of desertion. His attorney, W. F. Reeder, gave bail in \$500 for his appearance. DeLige is a big strong man, capable of supporting his wife. Last winter he applied for her admission to the poor house. He said that he could not work and care for his invalid wife at the same time, and promised to pay her expenses there. He left and never sent her a dollar. There are a number of complications in the whole affair that will develop in court. A big healthy man like DeLige has no business to expect this boro to support his invalid wife. He is like a lot of other worthless colored men in Bellefonte, they want to live off the community.

The Undine Picnic. The Undine Fire Company certainly had a crowd at Hecla Park on the 4th. The grove was overrun with people from all sections of the county, and adjoining sections. The railroad carried over five thousand passengers while hundreds went there in private conveyances. The day was warm and at times threatened a down pour. Good order prevailed all day. The receipts were over \$1000 and the company will have near that amount to their credit. They succeeded in selling out all their stock and could have sold much more had they anticipated the crowd. Three Decisions. Last week Judge Love handed down three decisions: Refusing a new trial in the case of McCalmont & Co. vs John Rishel, litigation over the purchase of a binder. A new trial was refused in the case of Iron City Mutual Fire Insurance Company vs J. H. Reifsnnyder. In the Bill in Equity of Geo. W. Jackson's Estate vs Jackson, Hastings Banking Co., for an accounting the Judge dismisses the bill and rules that the plaintiff is not entitled at this time to recover anything from the defendants or to have them make a settlement and an accounting with them.

Our patriotic neighbors up at Tyrone celebrated the Fourth on a large scale and the town was crowded with people from other parts. The parade was immense and a fine affair to say the least. There were five brass bands to enliven the day with music. The Coleville band received many praises for the fine music rendered, and in a contest drew a \$15 prize. We are glad to say that the Coleville band boys behaved splendidly, as usual. The Garman House seemed to have the run, and Al proved himself equal to the occasion. His hospitality is one of the most popular in the central part of the state.
