

BRITISH PREMIER QUILTS

Marquis of Salisbury Presented Resignation to King Edward.

A. J. BALFOUR HIS SUCCESSOR

King Appointed Government Leader in House of Commons Immediately After Accepting Lord Salisbury's Resignation.

London, July 14.—The Marquis of Salisbury has resigned the premiership of Great Britain, and Right Hon.

ARTHUR J. BALFOUR, England's New Premier.

A. J. Balfour, the first lord of the treasury and government leader in the house of commons has been appointed to succeed him.

The Marquis of Salisbury tendered his resignation at an audience which he had with King Edward last Friday. Saturday Mr. Balfour visited the king and accepted the premiership.

While it was expected in official and political circles that Lord Salisbury's retirement would be coincident with the coronation of King Edward, it was scarcely looked for prior to that event. Consequently about the only surprise expressed as the news spread through London concerned the date rather than the fact of the resignation. The real interest was not so much in reference to Lord Salisbury's withdrawal as it was in the appointment of his successor.

As to Lord Salisbury's withdrawal, the main reason is considered by practically all the best informed persons to have been simply a desire for a quiet life on the part of a man advanced in years, whose activities have been unusual, and whose scientific tastes predispose him to study and seclusion. That the retiring premier's health has failed to some extent is undeniable; but this is not more than perhaps it is to be expected in a man of his years, and the close of the war in South Africa and the return of the commanding general there, is considered to be an appropriate time for his withdrawal.

HICKS-BEACH RESIGNS

Chancellor of Exchequer Leaves Cabinet With Salisbury.

London, July 15.—Sir Michael Hicks-Beach, chancellor of the exchequer, has resigned from the British cabinet as a result of the retirement of Lord Salisbury as premier and the appointment of A. J. Balfour, government leader in the house of commons, as his successor. This announcement was made yesterday, and caused great surprise to those who had predicted that no ministerial disturbance would follow the change of premiers. Rumors are now spreading to the effect that other changes will follow.

The resignation of Sir Michael Hicks-Beach was generally taken to be almost more important than Lord Salisbury's, and was regarded in some quarters as being directly due to the more important voice which Mr. Chamberlain will have in the new cabinet.

The position of Joseph Chamberlain, colonial secretary, is the chief subject of discussion. Those who seem to know say that he will retain his portfolio in much the same conditions as under Salisbury. The basis for this belief is that Balfour consulted Chamberlain before accepting his new office. It is surmised that some compromise was effected by which the disappointed minister has been conciliated.

The Court Circular announces that King Edward conferred upon Lord Salisbury at last Friday's audience the Grand Cross of the Victorian Order, set with brilliants.

SHOT BY REJECTED SUITOR

Charles McCormick Fired Two Bullets Into Lillie Lane.

Trenton, N. J., July 14.—Charles McCormick, aged 38 years, is locked up at police headquarters, charged with shooting 16-year-old Lillie Lane yesterday afternoon at Yardville, N. J., which is about six miles south of Trenton. The girl is at St. Francis Hospital, with one bullet in her breast and another in her left arm. The physicians at the hospital are hopeful of her recovery.

The shooting was the result of the girl's refusal to receive continued attention from McCormick after her parents had learned that he was a married man. McCormick represented himself as being divorced. Yesterday afternoon Miss Lane and a girl friend and the latter's brother were at Yardville waiting to take a trolley car to Trenton, when McCormick came up. He asked to talk to Miss Lane, but she refused to leave her companions to talk with him. Then he pulled a revolver from his pocket and fired three times. McCormick was overpowered by others who were nearby and subsequently brought to Trenton and locked up. He has not made any statement. It is understood that he had been drinking.

RIO GRANDE TRAIN ROBBED

Masked Men Get Contents of Safe and Valuables of Passengers.

Salida, Colo., July 15.—A report was received here shortly before noon yesterday to the effect that the Denver and Rio Grande Narrow Gauge passenger train which left here early Sunday night was held up and robbed yesterday by four men near Sargents, west of Marshall Pass. The engineer was compelled at the point of a revolver to stop the train by masked men, who had climbed over the tender. One of the robbers addressed remarks to Engineer Rutland, who did not understand what was said, and before Rutland could ask him to repeat his remarks the robber struck him a blow with a Winchester rifle, breaking the stock of the gun. His head is badly swollen. No passengers or trainmen were hurt.

Two safes in the express car were blown open, but it is asserted by officers of the Rio Grande Express Company that the robbers failed to secure any plunder from the safes. The passengers were compelled to alight from the cars and line up alongside the tracks in the canyon, and they were relieved of all their money and valuables. Many of the passengers threw away their money, watches and jewelry among the rocks before the robbers searched them. There were many tourists among the passengers, and while it is not known how much the robbers secured, it is presumed that the losses were heavy.

The bandits mounted horses and disappeared in the ravines that lead into Marshall Pass. The sheriff at Salina and sheriffs of adjoining counties and a dozen posses are in pursuit.

NEW CHINESE MINISTER

Sir Lian Chen Tung Appointed to Succeed Wu Ting Fang.

Peking, July 14.—Sir Lian Chen Tung, secretary of the Chinese embassy to the coronation of King Edward, was yesterday appointed Chinese minister to the United States.

New ministers to Russia, France and Italy have also been nominated. The selections for these posts shows that the dowager empress continues to regard the diplomatic service as unimportant. All of them, except Lien Chen Tung, are unknown to the foreign community.

WU NOT SURPRISED

Washington, July 14.—Mr. Wu, the Chinese minister at Washington, was not surprised to hear of the appointment of a successor to himself, as he had been expecting an announcement of this character for some time. He had received notice that his services would be required in another capacity, and for this reason has been prepared to hear of the naming of his successor at any time.

The retiring minister, Mr. Wu, has been at this capital since April, 1897. His relations with the administrations of Presidents McKinley and Roosevelt have been of a most cordial character. The ordinary term of ministers in the Chinese diplomatic service is usually three years, and they are not reappointed.

GOVERNOR STONE IN CAMP

He Inspected Pennsylvania National Guard On Battlefield of Gettysburg.

Gettysburg, Pa., July 15.—The feature of the camp of the Pennsylvania National Guard on the battlefield yesterday was the arrival of Governor Stone, who will remain here for the rest of the week. The weather was very warm, but the soldiers stood it well. The governor was met at the railroad station in town by Adjutant General Stewart and Lieutenant Colonel Elliott, assistant adjutant general of the division. Accompanying the governor were his secretary, Mrs. Stone, Miss Jean Stone, Miss Watson, of Williamsport, and Mrs. E. C. Gerwig.

Some idea of the size of the camp may be gained by the fact that it took the party two hours to ride through the camps of the First and Second Brigades. The commander-in-chief inspected the Third Brigade during the afternoon. The troops were at quarters and the party was cheered by the soldiers as it rode through the grounds. The governor was greatly pleased with the appearance of the men and the camp.

"Governor's Day" will probably be Friday. Secretary of War Root and Adjutant General Corbin are expected to visit the camp on Friday. The secretary will be tendered a review.

Coronation Date Fixed.

London, July 12.—It was officially stated yesterday that the coronation of King Edward will take place between August 8 and August 12. There will be no royal procession as originally planned, except that in which their majesties will proceed from Buckingham Palace to Westminster Abbey and return. It is now considered practically certain, in view of this announcement that King Edward will be crowned Saturday, August 9, since the holding of the coronation ceremony Monday, August 11, would involve another full bank holiday with the attendant dislocation of general business, while Saturdays are almost universally observed as half holidays.

Wood May Be Canal Commissioner.

Oyster Bay, N. Y., July 15.—President Roosevelt has invited General Leonard Wood to visit him at Sagamore Hill early in August. General Wood is one of Mr. Roosevelt's closest friends, and the president entertains a high regard for his executive ability. On account of that fact General Wood is mentioned as a probable member of the isthmian canal commission to have general charge of the canal construction. It is understood to be not unlikely that he may be appointed as the head of the commission.

PLANNING MANOUVRES

Arranging For Game of War Between Army and Navy.

"UMPIRES" DIFFICULT TASK

High Ranking Officers of Both Branches Will Decide Who Has Been Victorious—Plans Include Attempt to Shell New York.

Washington, July 15.—Plans are materializing for the naval movements which will precede the joint army and naval manoeuvres this autumn. The arrangements have been placed entirely in the hands of Rear Admiral Higginson, commanding the North Atlantic station and he is expected soon to settle matters of general detail such as the limits within which the "enemy's" ships may attack, the selection of a commander for the "enemy's" force and the selection of the ships which will compose the attacking squadron.

An interesting part of the work in both sets of manoeuvres will be that assigned to the "umpires." Officers will be assigned to each of the ships in the naval manoeuvres, and to both ships and fortifications in the joint exercises, to act as judges, and it is understood that the final decision in the greater manoeuvres as to whether the army or the navy has been victorious will be rendered by a board of high ranking officers from both branches of the service, probably headed by Admiral Dewey. The task of the individual judges will not be an easy one, for the entire scheme of the exercises is to be based on probability. For instance, a battleship steams up past one of the States Island forts in the dead of night. A searchlight flashes out into the blackness from the fort, finds her, and the gunners ashore train their big weapons to blow her out of the water. Did the searchlight find her in time to have prevented deadly work if it had been real war? Were the guns of the fort trained on her with the requisite precision, or can she be considered as having run the gauntlet and as flying up the bay to shell the metropolis? This is but a sample of what may be expected in the way of situations open to vigorous dispute from both sides.

As soon as General MacArthur takes hold at New York, it is expected that he will co-operate with Rear Admiral Higginson in drawing up a complete and definite plan for the game of war between the army and navy, which begins the latter part of August.

PLAN TO END MINERS' STRIKE

Rev. Curran Will Lay Proposition Before Railroad Presidents.

Wilkesbarre, Pa., July 15.—Rev. J. J. Curran, of this city, who claims to have a plan by which the miners' strike can be settled, left town yesterday afternoon. It is said his destination was Philadelphia. Rumor has it that he will first seek an interview with President Bear and then go on to New York to see the presidents of the Lackawanna, Delaware and Hudson and Erie companies. The local operators say that no plan Rev. Curran propose at this late day will be entertained by the operators, and that if he went to Philadelphia and New York in the hope that he can interest the presidents of the big coal companies his mission will be a fruitless one.

Conference With Baer.

Philadelphia, July 15.—President Baer, of the Philadelphia and Reading Railway Company, and Rev. Father Curran, of Wilkesbarre, had a long conference yesterday in President Baer's office at the Reading Terminal in reference to the anthracite coal miners' strike. The clergyman from Wilkesbarre tried to have the Reading Coal and Iron Company take the initiative and bring about a settlement of the strike. Most of the time of the conference was occupied by the priest in telling Mr. Baer the condition of affairs in the coal region, and it is said that Mr. Baer declined to take any step in effecting a settlement of the trouble except what the miners already know about.

Sword For Major Waller.

Norfolk, Va., July 15.—The presentation of a sword to Major L. T. Waller, of the Marine Corps, by the citizens of Norfolk, his native home, in the Academy of Music last night, was marked in its simplicity. Mayor Riddick introduced Hon. Alfred P. Thomas, who made the presentation speech, and Major Waller replied feelingly. Several hundred people were in the audience, while on the stage were Admiral Cotton, Captain Thomas, Paymasters Galt, Phillips and Woods, Lieutenants Stickney and Snyder, of the navy; Captain Keeling and Lieutenants Keville and Toms, of the Norfolk Artillery Blues.

Fatal Fight With Knives.

Philadelphia, July 15.—In a fight with knives yesterday afternoon, Martin Schreiber, aged 22 years, was killed almost instantly by his antagonist, Edward Duffy, 19 years of age. The men, with several women, had been drinking at a house at 1226 Wallace street. A dispute arose between the men over the ability of Schreiber to cook a piece of meat, which resulted in both men seizing knives and fighting until Schreiber dropped to the floor with a wound in his heart. The proprietress of the house and two other female inmates were also locked up along with Duffy.

General Chaffee Relieved.

Washington, July 15.—General Chaffee has been relieved of command in the Philippines and ordered to the command of the department of the east, by an order issued yesterday by Secretary Root.

A WELL KNOWN ALBANY MAN.

Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.
About eighteen months ago Mr. W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." Sold by Green's Pharmacy.
Valuable Time Saved.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Pain Balm is an antiseptic liniment. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by Green's Pharmacy.

Just The Blues.

Many a woman dresses to go out, feels irresolute, sits down, and falls into a fit of despondent musing. Ask her what's the matter, and she'll probably answer "Just the blues." And what are the blues? Only another name, in general, for a disordered liver and a diseased stomach. The effects of this condition are something similar to those produced on brain and body by a vitiated atmosphere or by the inhalation of poisonous gases. There is dulness of mind, languor of body, a feeling of depression, and irresolution. The worst thing that any one can do when in this condition is to use so-called tonic medicines whose "tonic" properties consist in alcohol, or some such narcotics as opium or cocaine. Many a "cocaine fiend" took the first step toward that degraded condition in the use of some so-called tonic or nerve medicine.

The essential thing to be done is apparent. The stomach and organs of digestion and nutrition must be cured of disease. The clogged liver must be cleansed. The poisons must be driven out of the blood. All this is done by Dr. Pierce's Golden Medical Discovery. It strengthens the "weak" stomach, purifies the blood, nourishes the nerves, cleanses the clogged liver, and makes itself felt in the vigorous health of both brain and body.

"I had liver complaint for the past fifteen years, complicated with dyspepsia and gall stones," writes Mrs. N. Bernier, of 461 Elm St., Oshkosh, Wis. "I doctored with seven of our prominent doctors, and not one or all of them have done me the good, nor begun to do what your medicines have. I have used three bottles of Dr. Pierce's Golden Medical Discovery, one vial of his 'Pleasant Pellets,' and one bottle of Dr. Pierce's Favorite Prescription, and have gained about eighteen pounds since I first began to take these remedies."

Dr. Pierce's Pleasant Pellets cure constipation. They are the best and safest laxative medicine for women's use.
