

DEPUTY KILLS A STRIKER

Fatal Clash Between Miners and Guards at Nesquehoning.

ONLY ONE SHOT WAS FIRED

Strikers Were Persuading Deputies Not to Enter Colliery, When One of Them Fired at Close Range—Cool Heads Prevented Riot.

Nesquehoning, Pa., Aug. 19.—In a clash between striking mine workers and deputies here last night, Patrick Sharp, a striker, of Lansford, was shot and killed almost instantly by a deputy. The shooting caused considerable excitement for a time, but order was soon restored without any other persons being injured. A deputy named Harry McElmoyle was arrested, charged with the killing of Sharp, and was taken to the county jail at Mauch Chunk.

The shooting occurred shortly after 6 o'clock. Five deputies were on their way to shaft No. 1 of the Lehigh Coal and Navigation Company, just outside of the town. In the center of the town they were met by a number of strikers, who began persuading them not to go to the colliery. The officers did not stop, but kept on their way and tried to prevent any trouble. The strikers, it is said, then began to abuse the men and followed them nearly up to the colliery. There are conflicting stories as to what actually brought on the clash, but just before the deputies entered the place a shot was heard and Sharp dropped to the ground. The bullet entered his body close to his heart, and he died almost instantly. Witnesses say that the shooting was done by McElmoyle, and that he stood only six or seven feet from Sharp when he fired his revolver. Only one shot was fired.

The deputies immediately withdrew to the colliery and a large crowd gathered about the place. When it was learned that Sharp was dead there was the greatest indignation among the strikers and other town people, and for a time it looked as though serious trouble would follow. Cooler heads among the mine workers, however, prevailed upon the crowd to disperse, using the argument that if there is any bloodshed troops would surely be sent here from Shenandoah. The crowd dispersed and the town soon calmed down to its normal state. Witnesses to the shooting went to the office of W. R. Watkins, the justice of the peace, and made information against Harry McElmoyle, charging him with the shooting of Sharp. The justice placed the warrant in the hands of Constable Deckert, who found McElmoyle at shaft No. 1, and, accompanied by a guard of other officers, took his prisoner to the county jail at Mauch Chunk.

Another version of the encounter says that Sharp and three friends met the party of five deputies, who were on their way to work, and that Sharp walked up to one of the men, presumably McElmoyle, called him an "unfair worker," and told him that he would "be more of a man if he did not wear a star." He then made a lunge at the officer, whereat the latter drew his revolver and fired, and that Sharp fell to the ground dead. After the shooting the five officers made their way to the Nesquehoning colliery, where they were employed. Sharp was a leader among the younger element of the strikers, and when the news of his death spread the entire Panther Creek Valley was thrown into a turmoil. When his body arrived at his home in Lansford a mob of about 500 miners had gathered. After the dead striker had been carried home about half the mob started on a march over the mountain to Nesquehoning to wreak vengeance upon the deputies. Before they reached there the five officers were spirited away and taken to Mauch Chunk under a heavy guard.

Baird Snyder, assistant superintendent of the Lehigh Coal and Navigation Company, appealed to General Gobin, in command of the detachment of the National Guard now on duty at Shenandoah, to send troops to Lansford to preserve order. He said that the entire Panther Creek Valley from Nesquehoning to Mauch Chunk was in a riotous state, and that serious trouble was feared. General Gobin said that he could not send troops until an appeal had been made by Sheriff Gobmert.

Mine Guards Discharged.

Wilkesbarre, Pa., Aug. 19.—The hearing in the habeas corpus proceedings in the case of the guards and workmen employed at the Warnke washery at Duryea, who were arrested last Thursday by the authorities of the town, charged with inciting a riot and felonious wounding, came up before Judge Halsey in court yesterday. A large number of witnesses were examined, and the testimony was conflicting. The attorneys for the defense said it was a travesty on justice to arrest the officers and jail them for doing their duty. After hearing the evidence, Judge Halsey discharged all the defendants except three—Kinney, Reynolds and Madden. They were held in \$200 bail each for trial at court.

Frederick Warnke, the owner of the washery where the riot occurred, says the acquittal of the deputies will justify him in starting up the washery again, and he has served notice on Sheriff Jacobs that if he does not provide ample protection for his workmen and property tomorrow he will make an appeal to the governor for troops.

The beginning of the 15th week of the strike shows no apparent change in the situation.

MOROS RENEW ATTACKS

American Forces in Mindanao Repulse Them Without Loss.

Manila, Aug. 19.—The Moros in Mindanao are renewing their attacks upon the outposts and pack trains of the American column at Lake Lanao, which is under the command of Captain J. J. Pershing, of the Fifteenth Cavalry. The Americans have successfully repulsed the Moro attacks and have suffered no losses. The commanders of the American forces on Mindanao report aggressive action against the Moros to be necessary, and ask permission to move against Bacolod and other strongholds of the hostile Mohammedans. There are about 2,000 soldiers on Mindanao available for the desired active movement. It is believed this number is sufficient to defeat the Moros, although it would possibly be necessary to strengthen their base before undertaking the movement.

Fighting With Ladrones.

A force of native constabulary engaged a band of Ladrones in a sharp fight last Saturday near Calococan, about four miles north of Manila. The arrival of reinforcements for the constabulary won them the victory. Four members of the constabulary were killed and one was wounded. The Ladrones left three of their number dead, but carried off their wounded.

The chase of the Cavite Ladrones through the mountains of that province continues. Forces of native constabulary have had encounters with the bands of Felizardo and Montallon. Several of the Ladrones were killed or captured and a quantity of their supplies were destroyed.

ATLANTIC CITY'S TIDAL WAVE

Caused Big Scare Among the Colored Residents.

Atlantic City, Aug. 19.—A great scare occurred in the colored resident district of the town about noon yesterday. Some one started the rumor that a long black line, supposed to be the tidal wave, could be seen approaching the city far out at sea and extending down the ocean. In an instant there was something doing. The older residents, who still recall plantation days, and who have never been weaned from the superstition of the southern colored race, fell on their knees and prayers and revival hymns were sent heavenward as only scared colored men can pray and sing.

There were lots of people who went to the shore yesterday either to see a real tidal wave or to show that they were not afraid of one. According to the figures announced the number of excursionists that went to the shore yesterday was 1,667. This is only 49 less than the record for the same day last year. So far 4,200 more people have been carried shoreward this season than last.

SOCIETY MAN A SUICIDE

R. R. Remington Shot Himself in a Club House at Newport, R. I.

HE WAS DISAPPOINTED IN LOVE

Breaking of Engagement to Marry Miss May Van Alen, Granddaughter of Mrs. William Astor, Said to Be the Cause of the Tragedy.

Newport, R. I., Aug. 19.—Disappointment over a broken matrimonial engagement is believed to have been the cause of the suicide here yesterday of Robert Reading Remington, of New York. Mr. Remington came over to the club house from his rooms at the La Forge cottage about 1 o'clock yesterday afternoon, and after reading the papers for some time, went to the committee rooms on the second floor. An hour and a half later two muffled reports were heard, but those in the building paid no attention to them. Later Mr. Remington's body was found by a member who went to the committee room. Remington had evidently been dead for some time. A local undertaker took charge of the body.

Mr. Remington was well known among the summer residents in this city and had been closely identified with the social world here for the last seven or eight years. His engagement to Miss May Van Alen, daughter of James Van Alen and granddaughter of Mrs. William Astor, has been discussed for some months. At first it was denied, and then affirmed, but it is generally believed there was a definite engagement, which, however, was broken some three weeks ago. It is said that Mr. Van Alen was greatly opposed to the engagement from the beginning.

Since then Mr. Remington has been despondent, although when asked about the engagement he steadily affirmed that he was to be married in the fall. He left the city about a week ago, breaking up his domestic arrangements here and sending away all his effects. Last Thursday, however, he suddenly returned to Newport. He had frequented the Reading Room, the leading club of Newport, and seemed to desire to be left alone.

When the body was discovered blood was coming from the mouth, and a revolver was found by the dead man's side. A physician found that three shots had been fired from the revolver, and an examination of the head showed that all three had taken effect. The first bullet, apparently, ploughed across the forehead, cutting a deep gash, and the second glanced up over the head, making a furrow on the top of the cranium, but still not entering the skull. The third shot was fired through the mouth, and the bullet entered the brain, death probably resulting instantly.

Mr. Remington was about 35 years of age, and a member of the firm of Remington Brothers, of New York. He had always been known as a man of very quiet tastes. His death has caused a tremendous sensation here. Mr. Remington's brother telegraphed from New York to have the body prepared for burial. It will be taken to Pittsburg, the former home of the Remingtons.

TARIFF TREATY SIGNED

By China After Many Months of Negotiations.

Washington, Aug. 18.—The state department has received a dispatch from T. S. Sharretts, the treasury expert who was commissioned by the state department to negotiate a tariff treaty between the United States and China, stating that the treaty was signed on the 15th instant, and that he would sail for the United States on the first steamer.

The announcement contained in Mr. Sharretts' brief dispatch to the state department brings to a successful conclusion negotiations which have been in progress for many months for a tariff treaty between China and this country. It was stipulated as one of the features of the peace agreement between China and the foreign powers at the close of the Boxer outbreak that an entirely new fabric to trade treaties should be made. This carried out the purpose Secretary Hay had maintained throughout the preceding negotiations for an "open door," the desire being to open up foreign communications with the interior of China and thus gain access to the vast markets of the empire.

American Training For Priests.

Manila, Aug. 18.—Father McKinnon, who first came to the Philippines as chaplain of the First California Regiment, and who is now pastor of the Catholic Church in Ermita, Manila, suggests when the Philippine hierarchy is reorganized that 400 of the younger native priests be sent to the United States for a year's training in Catholic seminaries. Father McKinnon believes such a training would impart to them the spirit of American priesthood and a beneficial knowledge of Americans and their language. He proposes to ask American bishops to assist this project financially.

Failure to Get Pension Caused Suicide

Salt Lake, Utah, Aug. 19.—Calvin B. Potter, an attorney of this city, and at one time wealthy and prominent in Michigan politics, committed suicide yesterday by taking enough morphine to kill a dozen men. Potter, who served throughout the Civil War, had been trying for 12 years to secure a pension, and despondency over his failure to get it is believed to be the cause of his suicide.

We are gradually getting ready for this Fall and Winter's trade—it's had quite a good deal of our attention for the last two months. The Eastern markets have been scoured before a stock could be gathered worthy of attaching the "SIM" label—it's this label—this guarantee of satisfaction that we are mighty careful of—it's made the wees't bit of a clothing store in Central Pennsylvania the biggest in just a little over two years—is there any wonder then that we are so proud of this label? and we expect it—along with the most complete stock we have ever had to make the coming season the biggest in our history.

A portion of our Suits and Overcoats and all our Fall Hats are here now. By September 1st we will have everything that Man or Boy wears in the clothing line. You'll find this stock all that we promise it to be—probably more—we'd rather not over estimate it in our advertising.
