New furniture and interior decorations will be included in the improvements.

—H. C. Quigley, Esq., has rented offices on the second floor of Temple Court, between Harry Keller and John M. Dale's offices facing front, the rooms formerly occupied by the Democratic County Committee. Mr. Quigley's offices connect with those of Mr. Keller. This is a fine location and our friend Quigley will be able to spread out under his own vine and fig tree. He was the junior member of the firm of Reeder & Quigley, recently dissolved, and has a large clientele.

—Last week a carload of handpicked apples were shipped from this station, gathered up from orchards in the vicinity of Zion, at 30 cents per bushel. The apple crop in this county is large and the fruit is likely to be cheap. Of course cider and apple butter will be correspondingly plenty, but mortifying to tell, the old-time apple butter boilings and "snitzings" with blum-sock games and going home with the girls in the morning, are a thing of the good old times when militia and volunteer battalions were among the great days.

—Mrs. W. Harrison Walker, of this place, accompanied by her mother, Mrs. Hoffman, departed for the latter's home at Picasantville, Pa. Mrs. Walker will be gone for several weeks' visit to her former home.

—A movement is on foot to circulate petitions among the people asking certain members of our council to resign. The attendance at the water appeals last evening was sufficient to indicate that something was disturbing the people.

—George Nevin Brandon, formerly of this place, but now of Carlisle, has been chosen professor of music in Centre College, Kentucky. For many years Mr. Brandon has been prominent in musical circles throughout Pennsylvania.

—Some of the vilest cases heard in court came up this week from Milesburg and are a disgrace to that community. It seemed that the majority of the inhabitants of that vicinity were in attendance at court to feast on the loathsome proceedings.

—Our report of court proceedings is an excellent one this week for the reason that the essential facts are given, and a mass of dirty proceedings omitted by our reporter S. D. Gettig, Esq. We do not think the publication of such things desirable, much less to be heard in court by a general audience, such as usually attends court.

—In order to celebrate "Labor Day," Monday, September 1st, the Fair Association have arranged for opening the season at that time with some fine racing on their track, which has just been placed in A 1 condition. The fastest horses in the county have entered and the races will be fine, there will be two trotting and one running race. The admission to the ground and including seat on the grand stand will be only 25 cents.

CITIZENS PROTEST.

Last evening a crowd of indignant citizens attended the session of water appeals at the council chamber. The committee on appeals consists of the water committee, president of council and burgess, and they had to listen to a storm of protests. The cause of this is that water rates for domestic purposes have been largely increased, while that for mechanical purposes have gone up three and four fold, so that most all the water motors in the town will have to be thrown out if the present rate stands.

The charges on the Bush House will be over \$300, which is so enormous that they will abandon the town system and secure their supply from an artesian well. Liverymen will have to do the same or take their horses to Spring Creek for water and wash their vehicles in the stream.

The large consumers, by attorney, formally made their protest at the hearing and have decided to carry the matter into the courts where the water committee will be compelled to make an official accounting of their manner of conducting that department and just how the public monies are spent, on the pipe lines and about the water works; and such a rendition we believe will be profitable. If one half the stories current, of divies, rakeoffs, leaks and wastes are true, the water works and all connected therewith deserve a thorough renovation, which might reduce expenses and relieve the excessive water taxes.

Beckwith Jury Secured

Owing to the illness of E. R. Chamberlain, Esq., assistant counsel for the Commonwealth, attorneys J. C. Meyer and W. F. Reeder have been retained to assist the District Attorney, N. B. Spangler. By Thursday noon the selection of a jury was completed as follows:

JACOB KAMP:—Died at Lock Haven Thursday, 21. Mr. Kamp had been in ill health about three years with diabetes, which finally produced complications. Jacob Kamp was born in Plonheim, Germany, Nov. 18, 1838. When 17 years old he came to this country, and located in Lock Haven. In 1838 he embarked in the boot and shoe business, which business he continued until his death.

MAJOR WILLIAM H. MILLER:—died at Boalsburg, Monday morning, of infirmities due to old age. He was 89 years of age. During his earlier life he belonged to a local military organization in Penns Valley and Gov. Shunk conferred the title of Major upon him. Surviving him are his second wife, and the following children: Mrs. Andrew Lytle, of State College; John, who lives on the old homestead near Boalsburg, and Mary and Nora at home. Interment in the Boalsburg cemetery, Wednesday morning.

DR. FREDERICK MOYER:—died suddenly at the home of H. E. Harter, at Axemann, Thursday morning, 20. He had been stopping there for a week while suffering with heart trouble. A few moments before he passed away he called Mr. Harter to his bedside, telling him that he was dying and asking to have his son notified that he was dead. Dr. Moyer was born at Lewistown about 70 years ago, his father having kept hotel in that place. He read medicine with Dr. William Wilson, who was the father of Mrs. A. G. Curtin, and attained eminence in his profession. He is survived by his son A. Curtin, who is superintendent of the fire brick work at Sandy Ridge.

CHARLES PRATT:—of Unionville, died Saturday afternoon in the Pennsylvania hospital at Philadelphia. Two days previous Mr. Pratt was taken ill with a malignant form of typhoid fever. The remains were brought to the home of his parents at Unionville. Interment in the Unionville cemetery. Deceased was born in Unionville and was the son of Mr. and Mrs. Riley Pratt, of that place. He was aged 34 years, 11 months and 2 days. He was employed as a traveling salesman for a large Philadelphia firm. He is survived by his parents and the following brothers and sisters: Frank and Mrs. Lizzie Black, of Harrisburg; David, of Houtdale, and Seth, James, Gertie and Bessie at home. The family were not aware of his illness until the news of his death reached them.

EDMUND J. SHROM:—died at Huggs hotel in Phillipsburg at 3 o'clock Thursday morning, 22. About a week ago Mr. Shrom went to Phillipsburg to work at his trade that of painting, and on Wednesday he was taken ill with inflammation of the bowels, death ensuing as above stated. Deceased was born in Bellefonte and was 42 years of age. He was the son of Mr. and Mrs. Jacob Shrom, both deceased. He was a painter by occupation. He was a member of the Logan Fire Company and the Improved Order of Red Men, and Painter's Union. The remains were brought to Bellefonte and taken to the home of G. D. Ingram, on East Lamb street, from whose residence the funeral took place on Sunday afternoon, attended in a body by the Improved Order of Red Men and the Painters and members of the Logan and Undine Fire Co's., to the Union cemetery, headed by the Coleville band. Rev. Brown, of the U. B. church, officiated at the grave.

Tied Dynamite to His Dog.

George Mechou, of Drifton, Pa., owned a dog which had the mange. He took it to the woods and attached two sticks of dynamite and a long fuse to its neck. Then he lit the fuse and retreated to a place of safety, forgetting to tie the dog. The canine ran after its master to his residence. Mechou was successful in reaching the house in safety and closing the door. The dog badly frightened by the sizzling fuse, took refuge under the dwelling. In a few seconds an explosion occurred. The building and the dog were blown to atoms.

Gypsy Injured.

A gypsy was kicked by a horse at a camp near Milesburg on Saturday and was brought to the Bellefonte hospital. Upon examination it was discovered that his skull was fractured. Doctors Hayes and Sebring performed the operation of removing a portion of the bone. The man is about 40 years of age and has a wife and four children. His case is considered hopeless.

THE GREAT PICNIC AT HECLA

The Centre and Clinton county Business Men's Picnic at Hecla, last Thursday, was the greatest gathering yet held there. There were about 12,000 people in the park. The trains brought some 10,000, and those that came in conveyances and on foot, will swell the number close to the figures named. The day was beautiful, a pleasant breeze, and cool atmosphere, with dust laid by a light shower early in the morning, was all that was needed to make it a delightful day. Three bands discoursed music, the pavilion was alive with those who delight in tripping the light fantastic toe, the lake afforded pleasure to such as delight in boating; Harrison's restaurant fed the hungry, and the innumerable baskets by picnic groups, filled with the best and richest of the season prepared by the wives and daughters of the farms, and the delicious ice cream at several saloons, etc., all contributed to satisfy any taste for eat, drink, and pleasure. There was no drunkenness and the behavior all around was exceptionally good. The merry-go-round was there to give you a whirl and a few booths to try your luck in taking chances. To sum up: It was the greatest, most pleasurable, and orderly gathering yet held at Hecla. We need not give a minute account, as about everybody was there and took it in. Reports of considerable sums of money having been taken by pickpockets from unsuspected picnickers at Hecla, are still coming in. It is stated that a traveling salesman, whose name was not learned, lost \$250 and a Nittany Valley farmer a ten dollar bill.

A GRAVE MISTAKE.

For the Centre Democrat:

At a meeting of the school board, held on Monday evening of last week, we learned through the Daily News that Miss Craighead was elected to teach mathematics, physics and so on in our High School. When we asked one of the directors who Miss Craighead was he promptly answered that he did not know, that all he had seen of her was a picture exhibited before the board, and that she had no experience in teaching except in a small private school, and that only extended over a period of a year.

The putting of a young woman, without experience, to teach the most important branches in the entire school and in control of boys whose ages run anywhere from thirteen to twenty years, is a great mistake and we hope the board will be early in seeing their mistake and speedily remedy the mischief.

The woods is full of well educated, energetic, young men, full of enthusiasm and earnestness, and as teachers are in demand, and a man of this kind should have been elected to Mr. Kinzie's place.

There is only one relief for this blunder to our people. The young and faithful principal of the Academy is doing what ever he can to strengthen the mathematical course of that institution by engaging men of experience and ability to teach these very important branches.

Of course this will be somewhat tough on the tax-payers of the borough, but what does the school board care for the tax-payers, anyhow? A TAX PAYER.

Fire at Pine Camp.

The oil stove in Mrs. A. G. Brown's tent on the Pine camp grounds exploded Wednesday morning, destroying Mrs. Brown's tent and contents, also the tent and contents occupied and owned by Mrs. Ellis Myers. The flames communicated to the other tents and before they were subdued four blocks of tents in the southeast corner of the grounds were burned. About fifty men from Pine and vicinity ran to the camp ground and extinguished the flames.

Knights of Pythias Gaining.

At the Grand Lodge of Knights of Pythias in Sunbury, Monday, statistics were read showing that the number of lodges in the state be 455, with a membership of 3530, an increase of 770 over last year. There was talk of a deficit in the treasury, but the report of the finance committee and trustees showed the finances in good condition.

An Increase of Over 1,000.

P. O. S. of A. statistics, as presented at the state camp at Williamsport Tuesday, show an increase of membership during the year of 1,948. There were 657 camps on the roll June 30. The total receipts during the year were \$50,547.91 and the expenditures \$50,821.47. William Thomas was elected state president.
