We are reliably informed that the managers of the Standard Scale Co., whose factory is located at this place, at the Nittany Furnace property, have decided to move the plant to a point near Pittsburg, where the company's offices are located. Greensburg and Wilmerding are the points mentioned, but we could obtain no definite information as to the new location. The company have had this idea in mind for some time, and at the last annual meeting the change was decided. It is announced that the workmen have been notified of the change, which will take place in the course of a few months. The Standard Scale works began operations here in 1892 with a force of seven men, which was increased, as their business developed, to about seventy at present, nearly all of whom are skilled mechanics or expert scale men who receive high salaries. Wm. Burnside, of our town, is one of the promoters of the company, and it was his effort that located this industry here and prevented it from leaving several years ago. What advantage will be gained by this change is hard to understand, but it seems to be settled that Bellefonte will lose this industry.

Consumption

The only kind of consumption to fear is "neglected consumption." People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable. At the faintest suspicion of consumption get a bottle of Scott's Emulsion and begin regular doses. The use of Scott's Emulsion at once, has, in thousands of cases, turned the balance in favor of health. Neglected consumption does not exist where Scott's Emulsion is. Prompt use of Scott's Emulsion checks the disease while it can be checked. Send for free sample. SCOTT & BOWNE, Chemists, 470-475 Pearl Street, New York, N. Y. 5c. and \$1.00, all druggists.

NOT POSSIBLE TO LOSE. When you buy drug store goods of us, you can't lose, because we stand behind every purchase and say that if the goods are not as represented, bring them back and we will exchange others for them, or refund your money, whichever you prefer. We want regular customers. We want customers who will say, as occasion arises, "Why don't you trade at Green's. I have traded there for years, and have found them very satisfactory druggists to deal with; in fact, never think of going anywhere else." That's worth more to us than all the advertising, and it is what has built up our business. Come and join the satisfied. GREEN'S PHARMACY, Bush House Bldg. Bellefonte.
