**MONUMENT DESIGN.**

The Committee on Design appointed by the Executive Committee of the Veteran Association of Centre county, to select a design for the proposed memorial to the Soldiers of Centre county, to be connected with a statue of the great war Governor, Andrew G. Curtin, had a meeting at the house of Mrs. Curtin, in Bellefonte, Monday evening, September 15th, to receive a report from the Chairman, President Atherton, of the State College. The Chairman submitted a photograph of design which had been prepared at the request of the Committee, by the sculptor, George Gray Barnard, and which, after prolonged examination, was unanimously approved and recommended to the Executive Committee of the Association, for execution.

The design contemplates a marble structure sixty feet long by twenty five feet high, built on the arc of a circle, with the Curtin statue just within the middle of the chord of the arc, and the Governor in the act of presenting a flag, he facing to the right. In front of him are his stands, and at the right end of the marble entablature, is a group of figures representing the Spirit of Liberty calling her sons to arms, with a soldier in advance bearing the eagle on the tip of his standard. At the left of the marble structure is another group, representing the toil and stress and turmoil of war. All these are of heroic size and the entire impression is one of magnificent power.

**ATHLETIC CLUB BANQUET.**

The members of the Bellefonte Athletic Club held their third annual banquet last Thursday evening at the Bush House.

Robert Valentine took the position of toast master and introduced the following, who responded to the toasts proposed, which were "Benefits of Club Life of Young Men" by Frank Curtin; "Bellefonte" Hugh Crider; "Princeton" James Furst; "Our Club" Randolph Hoy; "Athletics" Maurice Jackson; "The Centre County Fair" Harold Lingle; "The Goat" Lee Walker; and "The News Paper Men of the community" Ward Fleming.

The members are Randolph Hoy, Malcolm Mitchell, Fred Lane, Frank Curtin, Harold Lingle, Lewis Dagget, John Munson, Lee Walker, Robert Valentine, Maurice Jackson, James Furst, Phil Weaver, W. Furst, John VanPelt, Ed. Keichline, Guy McEntire, Ward Fleming and Lawrence Hoover, and they are a "warm set" who can blow hot air or do the elegant as the occasion demands. They'll do.

**Council Meeting.**

The Monday evening session was not of special importance. The water question came up for discussion and the rate to large consumers was considered. Some councilmen seem to think a reduction should be made to hotels and manufacturing establishments. Two 2-inch water meters were ordered for the steam heat works. Bids for a stone wall along Water street were received but not acted upon; such a wall will cost about \$3000 and the boro does not have the funds.
