TO CORRESPONDENTS.

The campaign is over and for that reason more attention will be devoted from this on to gathering and publishing the local news of the county. During the past few months some of our correspondents have failed to send us any local happenings and in numerous instances the query has been made, "Why don't you print items from our home?"

To our readers we would say that the Centre Democrat is anxious to have the news from every locality and will gladly publish same. It is a direct benefit to every community to have a live correspondent, and is appreciated by many readers, not only at home but those at a distance. If your community is not represented encourage some one to write.

To those of our correspondents who have not been regular we would say that we would like to hear from them in the future as often as possible.

We also again take the opportunity of expressing our thanks, as well as the hearty appreciation of our readers, for the constant efforts of our local writers who have made the "Correspondents' Department" the most interesting feature of this paper.

RAILROAD COLLISION.

Last Thursday, while printing the weekly edition, news came of the serious wreck on the Bald Eagle Valley.

The Tyrone work train was bound towards Lock Haven. At the curve two miles east of Beck Creek the work train met the extra freight bound from Lock Haven. The morning was foggy and the collision occurred with almost no warning to the men on the two trains, and they had little time to seek safety by jumping to the ground.

Mr. Haupt, flagman of the work train, was caught in the wreck and instantly killed. Jesse Snyder, who was a brakeman on the extra freight train, was thrown in the way of escaping steam and was terribly scalded. Engineer Sauserman was severely hurt, though his injuries are not serious. Engineer Austin was badly cut and bruised about the face and body, his one side was scalded by escaping steam and his collar bone was dislocated. Conductor Woodring's injuries are severe and painful. Besides being cut and raised seriously, he sustained a fracture of the left arm.

John Albert Haupt, who met his death in the collision, was born May 3, 1863, at Bellefonte. His age at death was 39 years, 5 months, and 26 days. On July 9, 1884, at Bellefonte, he was married to Miss Sarah J. Borman. At that time he was already employed upon the Tyrone work train and for the past fourteen years had been its flagman serving also as extra conductor. In 1888 Mr. Haupt, with his family, removed from Bellefonte to Tyrone and had resided there ever since. The deceased leaves his wife and seven children, most of the latter being very young. The children are May, Bessie, Charles, John Ralph, Leroy, and Lawrence, all at home.

The Usual Result.

Howard Bricker the 12 years old son of the late Scott Bricker, of Boalsburg, met with quite a painful accident Monday morning while attempting to light a fire with the aid of coal oil. It seems some live coals were in the stove and when the oil was applied an explosion followed in which Master Bricker was badly burned around the face, head and shoulder. His injuries were not dangerous.

Election wrecks are still roaming the town unable to gather themselves together.

It is not easy to preserve order in alcohol.

Your Hair

"Two years ago my hair was falling out badly. I purchased a bottle of Ayer's Hair Vigor, and soon my hair stopped coming out."

Miss Minnie Hoover, Paris, Ill.

Perhaps your mother had thin hair, but that is no reason why you must go through life with half-starved hair. If you want long, thick hair, feed it with Ayer's Hair Vigor, and make it rich, dark, and heavy.

Kaiser Made 47,443 Kills.

The Royal Gamekeepers' Bureau has kept a record of Emperor William's hunting. During thirty years he has killed 47,443 pieces of game, including 3989 deer, elk or chamois; 2823 wild boars, 19,508 hares or rabbits and 18,891 pheasants.

It would hustle Judge Love, Tom Harter, and the Pine Grove and Boalsburg nimrods, altogether to match this. Better invite William to come over and teach 'em how to hunt.
