# TORENEW NEGOTIATIONS

Colombia Farer to Reach Agreement on Canal Treaty.

CAN BE COMPLETED IN 30 DAYS

Washington Officials Think Treaty Should Be Acted On By United States Senate First-Three Important Points to Be Settled.

Washington, Nov. 4.—It was reported here yesterday afternoon that Senor Concha. Colombian minister to the United States, has received instructions to renew regotiations concerning this government's prospective right of way for the Panama Canal. Nothing will returns from his New England visit next week

The belief of some of the officials here is that if the matter is expedited a treaty for the construction of the canal can be completed by the contracting parties within 30 days, thus enabling the president to send it to the senate early in the coming short session. Senor Concha's instructions are ample and complete to enable him to proceed with the negotiations, and the understanding is that they will be resumed almost immediately. Many of the features of the proposed treaty are fully covered by the protocol heretofore agreed on between the governments of Colombia and the United States, but there yet remain three points of great importance, which will require some delicate handling to be acceptable to the Colombian government. These relate to the question of sovereignty and the exclusion of Panama and Colon from the free zone, the matter of indemnity, and, thirdly, that of the lease, which, while not being one in perpetuity, will have that practical effect

The feeling in official circles here is that the treaty should be acted on by the United States before it comes before the Colombian congress for consideration. Having been ratified by the senate, its presentation to the Colombian government will embody the crystallized sentiment of the American government on the Panama Canal proposition. Preparations are under way in Colombia at this time for the election of a new congress, which, if the circumstances require it, can be convened at short notice and the canal treaty presented to it for action. A majority vote of both houses in that body, the same as for the enactment of ordinary legislation, will igure its acceptance by the Colombia Soy grament.

#### FISTICUFFS IN OHIO POLINICS Tom Johnson Strikes Tax Official For

Calling Him a Liar. Cleveland, O., Nov. 1.-A sensational scene occurred during a political meeting in the public square yesterday, in which Mayor Tom L Johnson struck William Mylecraine, a Republican tax official, in the face with his fist. It seems, according to the statements of Mylecraine assert that he (Johnson) was a liar. A few hot words followed. and then the mayor struck Mylecraine in the face Mylecraine left the

Mayor Johnson, in explaining his side of the case, is quoted as saving: "We were talking about the assessment in the Thirty-second ward Mylecraine had repeated twice that Mayor Johnson lied, and I walked over to him to explain that there might be some error in the papers. I intended to give him a chance to retract, but he would not let me, declaring to my face that I was a liar. I then hit him It was only a tap. I'm not certain that my hand touched him. I only intended slapping his face."

square, declaring that he would secure

a warrant for the mayor's arrest.

Brown Paper Substituted For Money. Des Moines, Ia., Nov. 4.-Officers of the Des Moines National Bank made public yesterday the loss of \$2,000, shipped by American Express to the Bank of Irwin, la., on October 20. When the package was opened at Irwin the next day it contained brown paper. One seal had been removed from the package without breaking it and replaced by the use of mucilage after the package had been closed again It is claimed the mucilage was still soft when the package was opened, thus indicating that the contents of the package had not been removed many hours.

American Assayer of Chinese Mint. Washington, Nov. 3 .- Alfred E. Jessup, of New York, now head of the testing laboratory in the supervising architect's office of the treasury department, has accepted the position of chief assayer of the Chinese mint at Tien Tsin, China. The designation for the place was made through the intermediary of Minister Conger, at the request of the Chinese government Mr. Jessup is a graduate of the Lehigh University and of the School of Mines at Freiburg, Germany.

#### OFFICIALS GO HOME TO VOTE Secretary Hay Is the Only Cabinet

Officer In Washington. Washington, Nov. 4 .- Notwithstanding the fact that this is regarded as an "off year" in politics, an unusually large number of government officials have gone home to vote. With the exsption of Secretary of State Hay here is not a single head of department in Washington today, and with that exception every cabinet officer voted at his home today. Secretary Hay's legal residence is in Washington, and he has no vote.

All the cabinet officers except Secretary Hay and Secretary Hitchcock have made speeches during the campaign, Secretaries Moody, Shaw and Wilson remaining on the stump to the very close. Many of the assistant secretaries also have gone home to vote. be done, however, until Secretary Hay and in the case of the interior department both assistants have left the city for that purpose, and it was necessary for the president to designate an assistant attorney general as acting secretary of the interior to sign the official mail. In the postoffice department over 100 chiefs of division and clerks have gone to their homes to exercise their suffrages, and a relatively large | day. proportion holds good in the other de-

#### STEAMER SUNK IN COLLISION

Spanish Ship Enero Run Down and Only Three of Crew Saved.

London, Nov. 3 .- The British steamer St. Regulus, Captain McMullen, from Shields for Alexandria, has put in at Gravesend. She reports having collided with and sunk the Spanish steamer Enero, Captain Delgado, from Huelva, Spain, October 22. With the exception of three members, the crew of the Enero were drowned. The accident occurred Friday night off Dun-

The captain of the St. Regulus says that when his vessel struck the Enero he gave the order for full speed ahead, with the idea of keeping the two vessels locked together and thus enabling the crew of the Spanish ship to board the St. Regulus, but either they were too greatly alarmed to do so or they failed to understand his purpose, and instead of climbing on board the British ship they tried to lower a boat, with the result that a number were thrown into the sea and drowned. The Enero sank in a few minutes. The explosion of her boilers probably killed many others of her

The St. Regulus was badly damaged, a large hole being stove in her stem.

#### PRESIDENT VOTED AT OYSTER BAY Secret Service Men Accompanied Roosevelt to the Polls.

Oyster Bay, N. Y., Nov. 4.- President Roosevelt voted before noon in the Fifth district. He was accompanied by the secret service men. Mr. Loeb voted here and Mr. Cortelyou in

The president reached Oyster Bay ing at vote today. He was met with a surbystanders, that the mayor overheard prise. Thousands of persons were gathered, with a band; big bonfires blazed and fireworks were discharged. When the president appeared at the door of his special car he was greeted with cheers, and in reply raised his hat. As he passed across the depot platform on his way to his carriage he shook hands with many of those who, despite the efforts of the secret service men, pressed forward to greet him. No demonstration of this kind had been anticipated, the whole affair being planned yesterday. The president was accompanied by Mrs. Roosevelt. Dr. Lung. Secretaries Cortelyou and Loeb. F. C. Travis, of this village; Messenger Delaney and Stenographer

#### THOUSANDS DYING OF MEASLES Natives Along Arctic Coast Victims of

White Man's Civilization.

San Francisco, Nov. 4.-Thousands of natives of Hershel Island and along the Arctic coast are dying from measles. The news was brought by the whaling steamer Jeannette, which arrived Sunday from a whaling cruise. Captain Newth, of the Jeanette, said

"At least 25 per cent. of the natives along the Arctic coast have died from measles. They are dying off like rabbits, and there seems to be nothing to check the death rate. The march of civilization has increased the death rate from Nome north. Two years ago the devastation began, and it has continued since. When the natives began to wear civilized man's clothing and drink white man's whisky, then began their decline. Diseases unheard of attacked them, and, not knowing how to care for themselves, the people died rapidly. Pneumonia, rheumatism, grip and every conceivable malady made their appearance among them and spread along the coast with appalling results."

Woman's Body Refused Burial. Manila, Nov. 3 .- The body of a native woman, who was attended at her death by priests of the Catholic Church of the Philippines, was refused interment Saturday at the Paco Cemetery, which is owned by the Roman Catholic Church. There was a scene at the cemetery, and the police were called in to maintain order. The independent church movement is being watched closely in government and political circles. The appointment of an American archbishop in the Philippines and the Americanization of the Roman Catholic church here, with a clear definition of the status of the native clergy, would turn the tide of both clergy and laity in favor of the Roman Church.

#### A WEEK'S NEWS CONDENSED.

# Walking to Work

Is the only way in which the business woman, employed in store or office, can get open air exercise. Is it any wonder that she often grows pale and thin and developes a tendency to "weak lungs." She does not feel that she can afford to take rest. She cannot indulge in a change of climate. Often she is the important bread-winner of a family, and feels that she must keep on until she drops. So the cough gets a deeper hold, hemorrhages appear, and disease tightens its grip upon her. Why not fit the lungs to the climate

instead of seeking a climate to suit the lungs? Why not keep at work and grow stronger instead of weaker day by day? It can be done by the healing help of Dr.

Pierce's Golden Medical Discovery Whenever there is pain in breathing, soreness of the chest, obstinate cough, bleeding from the lungs or any other symptoms of disease of the respiratory organs, begin the use of Dr. Pierce's Golden Medical Discovery and continue the use until cured. Ninety eight in every hundred who have used "Golden Medical Discovery"

for "lung trouble," have been perfectly cured.

There is no alcohol contained in "Golden Medical Discovery," and it is entirely free from opium, cocaine, and other narcotics. It is a temperance medicine.

Do not be imposed upon by substitutes for Dr. Pierce's medicines. There is no medicine "just as good" as "Golden Medical Discovery," because there is no medicine which can show an equal record of cures. Ask for "Golden Medical Discovery" and insist on having it.

Was Very Sick.

"I was very sick indeed," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Delaware, "and our family doctor said I had consumption. I thought I must die soon for I felt so awful bad. Had a bad cough, spit blood, and was very short of breath. I had pains in my chest and right lung, also had dyspepsia. Before I took your 'Golden Medical Discovery' and 'Pleasant Pellets' I was so weak I could not sweep a room, now I can do a small washing. I feel like a new person."

Words of Sincere Praise.

"I have been taking your medicines," writes Mrs. W. M. Bowers, of Lynch, Boyd Co., Nebraska, "and I can't say enough in their praise. They have helped me more than all our doctors have helped me in two years' doctoring. I spent dollars upon dollars for my lungs and received no benefit from the medicine I took, until a lady friend advised me to write to Dr. Pierce. I did so, took his kind advice, and am now so well as to be able to do my own work. I also took the 'Golden Medical Discovery' and the 'Pellets' six months for liver disease and indigestion, as the kind doctor advised. I know that reached the case, as it has helped me so.

"You may use this testimonial if you wish, for it is sincere."

The use of Dr. Pierce's Pleasant Pellets will ensure that healthy action of the bowels without which there can be no general health of the body. They are especially valuable to business women, whose confining occupations preclude proper exercise.
