"When the leaves have turned and fallen, leaving branches black and bars. When the sign of comin' winter can be noticed everywhere. When the squirrels and the snowbirds are a jumpin' in the trees, And your blood is all a-tinglin' in the frosty autumn breeze." Don't U think its about time to buy Haps and Blankets-We have 'em in great variety, and the prices won't trighten U either. They are cheaper than coal and that's a fact beyond dispute. Kom & C.

We, this morning, received a shipment of Toiletsoap, direct from California. It is called "Lemola" made of pure fruit-Lemons. It is decidedly the finest soap we ever used. Try it, U will use no other. Price 10 cts. the cake, 3 cakes for a quarter.

A. F. Hoover, of near Fillmore, transacted business in our town a few days ago.

Kline Woodring and Billy Cassidy, two Bellefonte nimrods, alighted from the noon train on Saturday, uniformed like a pair of Comanche indians on the war path. They hunted the balance of the day and secured one little cotton tail; as it was killed in the decrease of the moon, in the afternoon and on the right bank of the Bald Fagle, Kline will no doubt wear its left hind foot around his neck for a mascot.

Geo. Hoover, of Ambry, Pa., came down from Port Matilda Sunday to see his aged parents. He had come to the latter place on Saturday to bury one of of his children, which had died at Ambry where Mr. Hoover resides. We did not learn the particulars of the child's death.

Mrs. Jacob Runkle, of Bellefonte, is a pleasant visitor at the home of Mr. and Mrs. P. I. McDonnel. We are sorry to learn of the intention of Mr. Runkle to remove his family to Youngstown, Ohio, and as a precautionary measure, we would advise "Jake" to fortify himself against the wiles of Senator Hanna.

The third month of our public school ends with this week. We are informed by the principal, G. H. Hubbard, that the attendance and progress has been exceptionally good. Those who were pre-sent every day since school commenced are, Elouise Buck, Florence Ingram, Maud Johnston, Elizabeth Bruss, Olive Ammerman, Nora Richards, George and Cornelius Brugger, George Parsons and William Buck, all of whom have merited high grades in their various studies. Both of our schools are in a highly pros perous condition.

Lower Buffalo Run.

After a sleep that would rival that of Rip Van Winkle, I awoke and found that this community had been neglected shamefully, in having the public know

what is transpiring in this fascinating vicinity. Most surprising changes have been wrought, not only in the people, but in the community in general. The cause of this stupor I will leave as a matter of conjecture with the public -- it may have been caused by one of the two following : firstly, it was necessary in my daily avocations to pass and even enter a place where that "Never Forgotten Beverage" was kept for sale, and was tempted by an intimate friend to take a glass of "condensed talk" as he called it, and its effects were so cheering that I continued to indulge, perhaps, until I swooned into an unenviable sutpor; or, secondly, it may have been caused by my wife, who thought herself not only lord of the household, but of the whole premises, and who regarded me not as her husband and companion for life, but as her domestic servant, hostler and slave. Her continued "hacking" at me from morn til evening proyed so on my mind that perhaps I retired to some secret place where I might escape her scowls and frowns, that she thought were due me, and there in this blissful abode fell asleep, but when I awoke, and kicked and pulled the clover chaff off of

that the farmers are through husking corn, and report the crop was unusually light this year; and that butchering is an every-day occurrence; and that M. C. Whitmer had a very valuable cow killed by the Buffalo Run train last week ; and that W. B. Rearick, of Niagara Falls is home visiting his parents; and that Mr. Zimmerman, of Pleasant Gap, was a week'; and that the new lime kilns which are being built by G. W. Walker, will employ about 125 men, this means prosperity in our part of Buffalo Run.

Penn Cave.

The Penn Cave hunting club left for Stony Creek a week ago and thus far they have not succeeded in killing any deer. Poor fellows.

George Miller, of Tylersville, spent Sunday with his brother of this place. Om Sundoga wet wor dar Dan do druna in de karrich. T heWert hunting company succeeded in capturing two deer this season. Ed. Sellers, wife and son Donald, of

Oak Hall, were pleasant callers at G. W. Tressler's on last Sunday. The United Evangelicals are holding

protracted meeting in their new church a short distance west of Madisonburg. Misses Della and Sadie Ocker, of Madisonburg, were sewing at Benj. Limbert's last week.

Madisonburg.

Last week Frank Yearick moved his sawmill from C. A. Rachau's tract to Mr. Douty's tract in little Sugar valley. W. E. Keller and Samuel Yearick ex- the same bed and to his surpise the next due the authorities of the reformatory Isteal Rachau killed two nice potkers which together weighed 750 pounds. Boyd said that he was down at Spring Bank fishing and landed a 20 pounder, but George said that he was down the other Saturday and landed a 120 pounder-a girl. Boys, get ready for the wedding next week.

THE BIG WATER WHEEL.

The large water wheel, for the pumping station, has been put in place, and will be tested in a few days. It will be of interest to the town readers of the Democrat to know something of the size, capacity and price of this wheel, which is made by a firm in Hanover, Pa. The diameter of the wheel is II feet, circumference 33 feet, and width 10 feet. The company feel confident that the wheel will throw 175 gallons of water per minute. The cost of the wheel has been graded to the number of gallons it will throw per minute. The terms being as follows.

100 gallons per minute\$1200
/125 gallons per minute
150 gallons per minute
175 gallons per minute
200 gallons per minute
Should the wheel work down to the
minimum at best, it can be rejected if de-
sired. The company, however, feel cer-
tain that it will pump 175 gallons per
minute, which would make the price
fare

The price includes water wheel, a double-action pump which has not yet my head, I was then conscious of the fact that I had slept a long summer away; for when I looked around I saw day and the pump will be connected as arrived and all expenses in placing soon as it comes.

The old wheel was a turbine, the one put in later was a turbine but it failed to come up to the specifications and was rejected. This wheel is of the undershot type, with deep, long troughs on the rim, made of heavy sheetiron on a steel visitor in our valley on Monday of this frame. Just what it will do remains to be seen. Bro. Miller, of the Daily News has been rather derelict of late in not and improvements in progress at the water works, which necessitates our giving these extended details.

HUNTING NOTES.

Thos Pletcher, of Howard, killed two wild turkeys with one shot one day last week. Arthur Plummer and his father, of Altoona, went down to Lewistown for a day's hunt. They secured eleven rabbits and returned to the station. Feeling hungry they decided to go to the see eem der cent geva hut far noch ma restaurant to get something to eat. The father left his gun with the game lying the teachers' institute for Clinton county on a seat in the waiting room and on their return from the restaurant both game and gun had been stolen.

False Rumors Contradicted.

A false report seems to have been circulated relative to the burning of my barn recently. D. F. Krebs lives upon the premises where the fire occurred and, whether from malice or otherwise,

a report has been circulated that the fire originated by his carelessness. This I desire to contradict. Mr. Krebs was hired to work the farm for me and I know him to have been a most careful man in all respects and more especially as to fire. The origin of the fire is a mystery, perhaps caused by a tramp. Mr. Krebs was in the stable feeding on the morning of the fire, and the flames broke out in the straw mow in the distant and upper part of the barn, where Mr. Krebs had not been. Mrs Krebs did the milking in the morning and neither by smell or otherwise did she notice anything wrong. On reaching the house with her milk, her little daughter ex-

claimed, "Mother the barn is on fire, its breaking out on the roof." Being positive Mr. Krebs is not to blame, I desire in justice to exon arate him of the false report. Neighbors who were early on the premises and assisted in saving a part of the contents, have my thanks for their efforts.

The days roll by fast enough. Only a few weeks now until we get ready for our immense Holiday Trade. Our Fall trade has far been beyond our expectations. Never have we sold so many goods during the months of Sept. Oct. and Nov. as we have done this year. Every Dept. in our store has increased its business. We have also been rewarded by our weekly advertisements. Many people who could not come themselves have sent us mail orders. Each and every one has been more than satisfied with our selection.

Bargains abound now in all Departments. Watch the crowds. They'll show you where the Bargains are to be found.

THIS WEEK

Our Bargains in HOSIERY AND UNDERWEAR are particularly interesting.

THAT SEVEN DOLLAR AND A HALF MONTE CARLO COAT is still keeping our Cloak Department busy. We have just received a nice new line of CHILDREN'S CLOAKS and by the way people are buying them they seem to be the proper thing.

Our Ladies' Suit Department

Has also had an overhauling. Last week we received a new line of Norfolks, also a few Dress Suits bought way below regular prices. You get advantage of this when you come to buy your suit.

Our Carpet Department

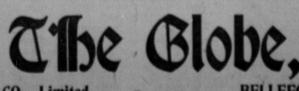

Has also been doing its share of business. We're sewing them every day. Remember that all wool Ingrain we are offering for 49c. a yard.

Lace Curtains

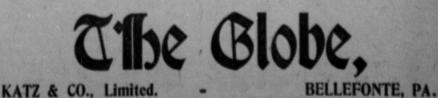

Do you need Lace or Ruffled Curtains. Our Spring line is already in. There are some new and attractive designs out this season. We'll show them to you, if you'll ask to see them.

Millinery Department

The millinery season is drawing to a close. Prices on hats have been greatly reduced. All our Pattern hats are now marked down, so don't wait any longer to get your winter hat. You'll never buy it any cheaper than you can now.
