While they were skating the rest of the party stood around the pond and shivered like good lads and lassies. After this couple was done skating they departed for their homes. Each one had a partner and accompanied her home with the exceptions of the sport that held the party, he escorted his Lulu home, but did not have the sand to go in the house. Last Friday afternoon was a happy half-holiday for the boys and girls of our several schools. Six or eight sled loads of happy, jolly, shouting school children, chaperoned by their respective teachers, passed hither and thither through town making the welkin ring with their merry voices. We are glad to see this as it indicates a most healthful condition of the schools, and to all teachers who have not already done so, would say "go and do likewise."

Prominent grangers were seen on our streets on last Friday, among whom we recognized the Hon. Leonard Rhone, Hon. James F. Weaver, George Daile and others. Just what the nature of their meeting was at this place we did not learn, but we presume it was of an executive character.

Our laundroid, John H. Stover, during the past week was literally besieged with applications for chicken and waffle suppers for various parties, mostly from Bellefonte, and a number had to be turned down for lack of room. On last Friday night 21 persons got out side of a large quantity of chicken and waffles for which Mrs. Stover and her daughter Sicla have become so famous in preparing. Col. James Schofield was among them, which is a most convincing fact that they had a most enjoyable time, for where Jim is despondency cannot remain.

On last Thursday evening the Centre Democrat was due at this office and for the first time, to the best of my knowledge, that it ever failed "to come to time." It almost created a panic, "What's the reason Centre Democrat didn't come? was the general cry. Other expressions that might have been heard were: "Is Charley Kurtz dead?" "Did Sheriff Taylor lock up the office?" "Did the young ladies who set the type on end go on a strike?" and so forth. "We never miss the water till the well runs dry." On Saturday morning the Editor explained that the package intended for Fleming was sent to Flemington. It arrived two days late and quiet has been restored.

IT MATTERS NOT

How Sick You Are or How Many Physicians Have Failed to Help You.

Dr. David Kennedy's Favorite Remedy will Cure You if a Cure is Possible.

Doctors are not infallible and there are many instances where they have decided a case was hopeless and then the patients astonished everyone by getting well and the cause of their cure was Dr. David Kennedy's Favorite Remedy. A case in point is that of James Lettuce of Canajoharie, N. Y., who writes:

"Some years ago I was attacked with pains in my back and side that were tearing in the extreme. I could not control my kidneys at all and what came from them was mucous and blood. I was in a terrible state and suffered intensely. A prominent physician of Albany, N. Y., decided that an operation was all that would save me. I dreaded that and commenced to take Dr. David Kennedy's Favorite Remedy. I felt better almost instantly. When I had taken about two bottles, the flow from the bladder was much cleaner, the pain stopped, and I was saved from the surgeon's knife and am now well."

Dr. W. H. Morse, the famous physician of Westfield, N. J., has this to say of this great medicine:

"I have known it to cure chronic inflammation of the kidneys, where the attending physician pronounced the case incurable."

No form of kidney, liver, bladder or blood disease, or the distressing sicknesses so common to women, can long withstand the great curative power of this famous specific. Its record of cures has made it famous in medical circles everywhere.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. *Sample bottle—enough for trial, free by mail.* Dr. David Kennedy Corporation, Rondout, N.
