

JEFFERSON MEMORIAL

Society Formed to Erect a Tablet in Washington.

AN APPEAL TO AMERICAN PEOPLE

Asked to Contribute Funds to Honor the Man Who Wrote the Declaration of Independence—Congress Will Not Be Asked For Aid.

Washington, Feb. 2.—The Thomas Jefferson Memorial Association, organized for the purpose of erecting at the national capital an appropriate and truly national memorial to the "author of the Declaration of Independence," through its president, Admiral George Dewey, has issued an appeal to the American people for funds to carry out the object of the association. The text of the appeal is as follows:

To the American People:—The Thomas Jefferson Memorial Association has been organized to take up the long neglected duty of erecting a fitting memorial to the memory of the man who wrote the Declaration of Independence.

We have here beautiful and costly tributes to the memory of American soldiers, sailors, statesmen, physicians, inventors and philanthropists, and the soldiers and sailors of France are honored, but there is not one tablet to the memory of that great American, Thomas Jefferson.

We ask the people to contribute according to their ability to this memorial. Congress will not be asked for money, as we rely solely upon the people, the young and the old, the children and their parents, for the success of the movement.

The character and cost of the proposed memorial cannot be stated, but it will be appropriate to the greatness of the man and the importance of the document from which his name is inseparable. Rigid economy will be observed in the expenses of carrying on the work.

Every contributor will receive a certificate acknowledging his subscriptions, and carrying with it membership in the association. In time to come these certificates will be "badges of honor."

Contributions, checks, money orders or drafts should be made payable to the order of the treasurer of the association, Mr. Jesse B. Wilson, president of the Lincoln National Bank.

The people will be kept informed of all important action of the association. Communications addressed to the secretary, Mr. W. S. McLean, will receive prompt and respectful attention.

GEORGE DEWEY, Admiral of the Navy, President. The association is now complete in its list of officers, every state being represented by a vice president, and in some cases by a member of the board of governors. No great movement of a similar character in this country, it is claimed, has as its officers more men of national character and influence than this organization.

The association, it is stated, is thoroughly non-partisan, the design being merely to raise a memorial to Mr. Jefferson as the writer of the Declaration of Independence.

Among the vice presidents of the association are the following: Delaware, John S. Russell; Maryland, Admiral W. S. Schley; New Jersey, Woodrow Wilson, president of Princeton University; Pennsylvania, Robert E. Pattison; Virginia, John W. Daniel; West Virginia, Charles J. Faulkner.

BYRNE THROWN OUT BY SENATE

Committee Won't Confirm Him U. S. District Attorney for Delaware.

Washington, Feb. 3.—The senate committee on judiciary yesterday agreed to recommend that the nomination of William M. Byrne for United States district attorney of Delaware be rejected. This action was taken after quite an extended discussion. The ground for the action of the committee was the connection of Byrne with Delaware politics. It was agreed to delay the report in order to give the president an opportunity to withdraw the nomination.

Mr. Byrne belongs to the Addicks faction in Delaware. He was formerly district attorney, but resigned to run for congress on the Union or Addicks ticket. He was defeated and reapointed to his former position.

The vote against reporting the nomination stood 7 to 6. Among the allegations made was that Byrne had been a "Regular" but changed to a "Union" Republican when the Addicks faction offered him the congressional nomination.

Boy Shot His Uncle. Red Bank, N. J., Feb. 2.—Richard Redway, of Middletown, was wounded Saturday by his nephew, Lewis Hargate, aged 19 years, in the Hargate house while Mrs. Hargate was away for a few minutes. The boy wanted to go out of doors, but the uncle would not let him leave the house, according to instructions he had received from Mrs. Hargate. The lad became angry and got his father's shot gun. Before Redway could escape the boy fired the gun, and the shot entered the man's back. A physician removed most of the shot, but the belief is that Redway will die.

Fatal Grade Crossing Accident. Lewistown, Pa., Feb. 3.—An omnibus running between Lewistown and Lewistown Junction was struck by a moving car at a grade crossing on the Milroy Branch railroad yesterday evening and completely demolished. Mrs. Charles C. Kline, of Lewistown, was instantly killed and R. M. McCoy and James Long, the driver, both of Lewistown, seriously injured. Two others in the omnibus were slightly hurt.

PENNSY FLYER WRECKED

Two Killed and Ten Injured in Head-On Collision.

Wilkesbarre, Pa., Jan. 31.—The Philadelphia flyer on the Pennsylvania Railroad, running between Wilkesbarre and Philadelphia, collided with a light freight train near Lofty, Schuylkill county, at 6.20 last evening. The engineer and fireman of the freight train were killed; the engineer, fireman and porter of the passenger train were seriously hurt, and seven passengers injured, two of them very seriously.

The names of the killed are: Robert Moyer, engineer; Fred Gearhardt, fireman.

Between Hazleton and Lofty there is a single track, which is used by both the Lehigh Valley and the Pennsylvania Railroads. Through a misunderstanding of orders both trains got on this single stretch of track. The freight engine, one car and caboose was coming north and running about 15 miles an hour. The flyer was speeding south over the rails at about 35 miles an hour. Both trains were very close to each other before the engineers saw the danger. Then the engineer of the passenger train applied the emergency brake, but not in time to avert a collision. Both locomotives came together with a terrific crash. The freight engine leaped over the top of the express car and plunged into the chair car. The passengers in this car were hurled in every direction. The porter, Harry Hayward, colored, was thrown against the ceiling and probably fatally injured. The hot coals from the fire box set fire to the chair car and it was destroyed in a short time. Hayward was dragged out of the burning car just in time to save him from being incinerated. Both engines were totally demolished by the force of the collision.

A relief train was sent out from Hazleton and a number of doctors were on board. The injured were brought to the Hazleton hospital. It is said the engineer of the freight train had an order to take a side track and allow the flyer to pass, but failed to reach the siding before the passenger train arrived. The railroad officials stated that none of the passengers were seriously injured.

MIDDIES GRADUATE

Secretary Moody Gives Diplomas to Class of 1903.

Annapolis, Md., Feb. 3.—The 50 midshipmen of the class of 1903 yesterday received their diplomas from the hands of Secretary of the Navy Moody and became full-fledged officers of the American navy. The ceremonies took place in the new armory. The midshipmen assembled in front of the barracks and marched to the armory, where a large crowd had assembled to watch the ceremonies. On the stage were Superintendent Brownson, Commander Colahan, commandant of the cadets, Commander Benson, Chaplain Clark, Rear-Admiral Taylor, Secretary Moody, Assistant Secretary Darling, the members of the academic board, and Vice-Admiral Lord Charles Beresford of the English navy.

Chaplain Clark opened the ceremonies with prayer and was followed by Superintendent Brownson, who made a few remarks to the midshipmen in which he gave the boys much wholesome advice, especially about the handling of the men under them. He said to them to be kind and considerate, but firm, to the enlisted men, as no man could be a great leader unless there was a bond of sympathy with the men he commanded. He then introduced Secretary Moody, who made the graduation address.

Noted Indian Guide Dead.

New York, Feb. 3.—Christopher Gelson, who for many years was in the service of the government as a guide and Indian interpreter, is dead at his home in Brooklyn. He was born in Ireland 69 years ago, and in the early fifties went out on the western plains and learned the language of many of the Indian tribes. He was with Governor Thomas Francis Meagher, of Montana, and Generals Crook and Sheridan in their campaigns, and was the man sent to make terms with the famous chief, Sitting Bull. After the outbreak of the Philippine insurrection Gelson was employed as chief mule packer in the islands. He was obliged to give this up on account of illness.

Spanish Guns Not Worth Buying.

Havana, Jan. 31.—The interest displayed here in the claims presented by the Spanish minister at Washington, Senor de Ojeda, to Secretary Root, for payment for the Spanish guns left in the Cuban fortresses, is only lukewarm, and even if it should appear that the ownership of them is vested in Spain it is not probable that the Cuban government will consent to pay for them. The guns in question number 46 in all, but all save four 11 and 12-inch Krupp guns are considered of too old a type to be worth purchasing.

Revival Services at St. Louis Fair.

St. Louis, Feb. 3.—Evangelist Campbell Morgan closed a series of revival meetings in St. Louis yesterday which he proposed that a large auditorium be erected for a six months' evangelistic campaign during the Louisiana Purchase Exposition. Subscriptions amounting to \$100,000 have been pledged, and it is proposed to erect a structure capable of seating 5,000 persons.

Will Increase Miners' Pay.

Cumberland, Md., Jan. 31.—Mine operators of the Georges Creek coal field announced yesterday that they would on April 1 increase their miners pay. The men now receive 55 cents per ton, and it is thought the increase will be 10 cents per ton.

MOORISH REBELS ROUTED

Pretender's Entire Army Either Killed Or Captured.

Tangier, Feb. 2.—The sultan's troops have utterly routed the forces of the Moorish pretender and captured Bu Hamra himself. A special courier who arrived yesterday, after making a record journey from Fez, brought this news. He reports that at daybreak last Thursday the army of the sultan, commanded by the war minister, El Menebli, attacked the pretender's position and inflicted a complete defeat on his following, at the same time capturing Bu Hamra.

Another runner, who has reached here from Fez, confirms the news of the defeat of the rebels, but says that the report of the capture of the pretender is incorrect. He adds that it is uncertain whether Bu Hamra's body was among the great number slain. The sultan's victory was absolute, almost the entire following of the pretender being either slain or captured. His camp, provisions and ammunition were taken and the artillery which was lost by the sultan's army in the battle of December 23 was recaptured.

Even if Bu Hamra escaped it is hopeless for him to seek to retrieve his defeat, as his claim that he is a saint is exploded. The details regarding the battle are meager, but it is known that the pretender's camp was surprised and rushed at dawn.

There are great rejoicings here at the sultan's victory.

A DASTARDLY MURDER

Miner Killed and Stabbed to Death By Infuriated Foreigners.

Wilkesbarre, Pa., Feb. 2.—Constantin Sobrilefki, a Russian and a well-known local miner, who had worked during the strike, was yesterday killed and stabbed to death by 21 of his infuriated countrymen, who are all either miners or laborers working in and about the mines at Plymouth and Larksville, three miles from this city. The party had all been at a dance during Saturday night, many of them not returning to their homes until noon yesterday. The deed was committed on the public highway near the Boston mine breaker at Larksville. The murdered man, with almost every bone in his body broken, was removed to the nearest undertaker's establishment.

One of the gang, named Powell Ladoski, confessed to being implicated in the killing, and the other 20 assassins were all rounded up by last evening and committed to the Luzerne county prison. A blood-stained handkerchief belonging to the murdered man was found in possession of William Krovitski as he was being searched in the warden's office. It was one of the most dastardly crimes that has ever been committed in this county.

ARMY EMBEZZLER ARRESTED

A. W. Waters, Charged With Stealing \$8000, in Custody.

Montreal, Feb. 3.—A former United States army officer, who gave his name as Alexander W. Waters, but who is believed to be William A. Wilson, was arrested here yesterday charged with the embezzlement of \$8,000, the property of the United States government. When arraigned Waters said that he had no desire to fight extradition proceedings, but was prepared to leave at once for Washington, waiving his claim to extradition. "The sooner I get to the United States and have this matter all explained the sooner I shall be free again," he declared.

The Washington authorities who had asked for Waters' arrest were communicated with, and as a result Waters left for the capital last night in custody of Vice-Consul German and a local detective.

Waters was disbursing officer of the bureau and coast guard and transportation at Manila. When he disappeared from Manila, examination of his accounts was made and it is stated that they showed a shortage of \$8000. Waters went from New York to Manila in April, 1901.

Shot Husband in Drunken Quarrel.

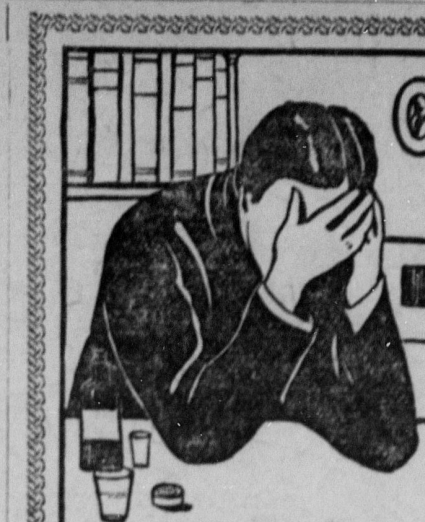

Latrobe, Pa., Feb. 3.—John Zanc, an employe of the Latrobe Coal Company, was found dead in his home yesterday with his wife standing over him, holding a smoking revolver. Saturday was pay day, and Zanc purchased a quantity of whiskey and beer, which the couple drank, and became involved in a series of quarrels. It is said Zanc charged his wife with being unfaithful. She retaliated by taking a revolver from the cupboard and shooting her husband four times, killing him instantly. When the neighbors broke into the house Mrs. Zanc dropped the revolver and fled, but was shortly afterward arrested.

Oyster Schooner Sunk.

Newport News, Va., Jan. 31.—The schooner Three Sisters, Captain H. H. Conner, which arrived in port last night, reports the sinking of the oyster schooner W. H. Smith off Thimble light, near Oscar View yesterday. Captain Conner and the crew of the Three Sisters sighted the oyster boat while it was sinking, but the heavy seas prevented them from giving any assistance. Captain John Collier and John W. Young, seaman, both of Hampton, Va., and three negro sailors, were on board the lost vessel, all of whom, it is believed, perished.

Two Newsboys Fatally Scalded.

Pittsburg, Pa., Feb. 2.—Three newsboys, Fred White, aged 14; Fred Reck, aged 12, and Harry Heas, aged 12, were so badly scalded shortly after midnight that White and Reck will die. They were sleeping in an arca-way belonging to the First National Bank, when some unknown person threw two buckets of scalding water upon them. Heas is the only one who can talk, but he is unable to give the name of the person who threw the water.

BILIOUS

People dread the periodic attack of nausea and racking headache which results from derangement of the stomach and sluggish action of the liver.

To cure the bilious condition the stomach and liver must be put into a healthy condition, and this result is accomplished by the use of Dr. Pierce's Golden Medical Discovery. It cures indigestion and other diseases of the stomach and its allied organs of digestion and nutrition. It makes the torpid liver active. It cures biliousness by curing the causes which produce it. It purifies the blood from the poisonous substances which clog and corrupt it and which breed and feed disease. Acting directly on the blood-making glands it increases their activity and so increases the supply of pure rich blood, upon which physical health depends.

"I suffered from indigestion, torpid liver and biliousness, and took many different kinds of medicine without receiving any benefit," writes Mr. P. J. Gerregano, of Cleveland, Miss. "In May, 1900, I wrote to Dr. R. V. Pierce, and he recommended his 'Golden Medical Discovery.' I have taken about four bottles and am cured of my troublesome disease. At times in hot weather I had fever, and every morning had a bad taste in my mouth, and all through the summer season I was unable to work at all. Now I can work, and, I believe, do as much as any one. Feel that I am under great obligation to you and your wonderful medicine, and cannot say too much for either."

Persons who suffer from disease in chronic form are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of stomach, liver and blood.

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."
