DELAWARDS SENATORS Edison Cement Plant at New Village, Pontiff

Pressure From Washington Used to

Break Famous Deadlock.

Special Session of Legislature Elected J. Frank Allee (Union Rep.) to Long Term, and Congressman L. H. Ball (Re ular Rep.) to Short Term.

Dover, Del., March 3 .- For the first time in four years the state of Delaware yesterday secured full representation in the United States Senate. At a special session the state legislature elected State Senator J. Frank Allee (Union Republican), to the senatorship which expires in 1907, and Congressman L. Heisler Ball (Regular Republican) to the term expiring in 1905. The selection was undoubtedly due to pressure, from Washington brought to bear upon the Regular Republicans in the legislature who have all along been opposed to the election of J. Edward Addicks or any of his adherents to the United States Senate. Congressman Dick of Ohio, came to Dover yesterday in the interest of Republican harmony. He established headquarters at the Hotel Richardson, where prior to the joint session of the legislature he received a delegation from each faction. He advised the acceptance by the Regular Republicans of the Union Republicans' proposition that a Union Republican be elected to the long term senatorship and a Regular Republican for the short term, Addicks himself being eliminated. In this connection Mr. Dick said:

"The Regulars should accept the proposition of the Union Republicans. This is the best thing to do, and is what the National Committee want. I coal house, the coal storage building, am doing all I can to bring about three conveyors and one receiving towthis result.'

agreement between the Republican partment. factions. Democratic State Chairman Saulsbury presented a proposition to the Regular Republicans agreeing to use his influence for the election with the aid of the Democrats of two Regular Republicans to the United States Senate. This proposition was approved by the advisory committee of the Democratic state committee, but was not ratified by the Democratic legislators in caucus.

In the meantime a compromise was effected between the Regular Republicans and the Addicks forces, resulting in the selection of a Senator from each faction. The thirty-sixth and last ballot resulted as follows:

Long term-Allee, 30; Saulsbury, Democrat, 17; J. H. Hughes, Democrat, 1; Woodburn, Democrat, 1; A. E. Sanborn, Regular, 1; E. W. Tunnell, Democrat, 1.

Short term-Ball, Regular, 31; Kenney, Democrat, 19; B. A. Hazell, Democrat, 1; E. R. Cochran, Jr., Democrat 1. In expectation of a settlement of the senatorial difficulty, politicians and minent men from every section of the state were present at yesterday's sessions of the legislature. The election of Messrs. Allee and Ball was announced to an audience that filled the house of representatives to suffocation. Men were standing upon the wintow ledges, and so compact was the growd that many of the spectators stood upon the shoulders of others, supporting themselves against the walls of the assembly room. The noise and confusion on the part of those who came to witness the proceedings was so great that many of the legislators became bewildered and apparently did not know how to vote when the roll was called. The appearance of Congressman Dick in the hall was the signal for wild and prolonged applause. During the voting he occupied the seat of Representative Townsend, and beside him in the seat of Representative Jones sat Mr Addicks. The latter evinced much satisfaction when the result of the vote was announced, and was the first to congratulate Mr. Allee.

The election is regarded here as an Addicks victory, because of the refusai of the Reggular Republicans to agree to a compromise with the Democrats. The two senators will report at Washington tomorrow.

General W. F. Smith Dead.

Philadelphia, March 2. - General William Farrar Smith, better known as "Baldy" Smith, one of the prominent figures of the Civil War, died at his home in this city Saturday night. He was in his 80th year, and was born in St. Albans, Vt. He entered West Point at the age of 17, and when the Civil War broke out he was made commander of the Third Vermont Regiment. He rose rapidly and became one of the leading figures in that struggle. General Smith's death, it is said, reduces the number of living corps commanders of the Civil War to

EXPLOSION KILLS SIX

N. J., Wrecked. Easton, Pa., March 33.-Six men are dead and 25 or 30 others are injured, several of them seriously, from the effects of an explosion at the Edison cement plant, at New Village, N. J., HALL CROWDED TO SUFFOCATION the Delaware, Lackawanna and Western Railroad. A large part of the plant was burned. The bodies of the six men are in the ruins. Their names have not been learned.

The most seriously injured, all of whom are burned, are: E. E. Darling, New Village; William Staatz, Stewartsville, N. J., may die; Harry Rose, Phillipsburg, N. J.; R. H. Goodwellie, New York; George Bowman; Clinton S. Race, Easton; Alexander Wolf, Stewartsville; George Bowman; Harry Wilkmen, Broadway, N. J.

All of these men have been brought to Easton. The remainder of the injured are being cared for at New Village and Stewartsville at farm houses in the vicinity of the plant. Special trains have been running between New Village and Easton all night, and more of the unfortunate men are expected to be brought to the local hospital. The explosion occurred in one of the large coal bins and was caused by the ignition of a quantity of gas. The day force had discovered a slight fire about 5 o'clock yesterday afternoon, but the men thought they had extinguished it. Foreman Rose went to the bin just before quitting time, and as he opened a door a terrific explosion occurred. agreed upon in Philadelphia Saturday. The bin was blown to pi ces and the workmen who were at or near it were injured. The wreckage took fire and the flames spread rapidly, and for a time no effort was made to check this progress, the attention of the uninjured being directed to the care of their loss fortunate companions. The coal bin, the blower house, the fine er are in ashes. Assistance was asked Anticipating the likelihood of an form the Washington, N. J., fire de-

BATTLE WITH LADRONES

Nineteen Killed and Many Wounded

in Fight Near Manila. Manila, March 3 .- A detachment of scouts, under the command of Lieutenant Nickerson, attacked and defeated a body of ladrones near the village of Mariquina, seven miles from Manila Sunday. Lieutenant Nickerson attacked before daylight. After an hour's fighting the ladrones were scattered and nineteen killed and many wounded. There were no casualties on the side of the scouts.

The constabulary last Wednesday surprised and captured the stronghold of the ladrones in the mountains of Albey, Luzon, where a force of ladrones attacked a small detachment of constabulary on February 20. The constabulary on Wednesday met with some resistance from the ladrones, who were defeated with a loss of 10 killed and four captured. The ladrones' stronghold and supplies were burned.

Brigadier-General Sumner, commanding the department of Mindanao, telegraphs that he expects trouble along the military road north of Lake Lanao. He says that the dates of the sultan of Mindanao are friendly and anxious for peace, but are unable to control sections of their unruly followers. General Sumner has warned the soldiers to avoid any conflict and to carefully guard against surprises.

DENIAL FROM MITCHELL

Not Interested In Scheme Against Em-

ployers of Non-Union Men. Springfield, Ill., Feb. 28 .- President John Mitchell, of the United Mine Workers of America, denies the statement made several days ago that he is leader of a party of union organizers to drive out of business employers of non-union men. It is reported that in Chicago and other Illinois towns a protest has been entered egainst awarding public contracts to companies using coal mined by non-union men in Maryland and West Virginia. In discussing this point, President Mitchell said that there was not a word of truth in the statement that he is interested in such a scheme.

Mr. Mitchell is deeply interested in the outcome of the meeting of scale committees of the miners and operators. As yet no agreement has been reached in the northern field, where the hottest fight is waged by the op-

600 Vacancies at Annapolis.

Washington, March 3 .- Secretary Moody has discovered that as a result of new legislation, allowing for the retirement of the outgoing class at Annapolis, there will be 600 vacancies at the Naval Academy. It is manifestly impossible to provide at once accomodations for this number, and Captain Brownson, the superintendent, has been requested ta state the extent of his resources for the coming year in the matter of accommodations. Meantime, Secretary Moody is working out a scheme whereby representatives in congress will be able to nominate a cadet each year, instead of two on alternate years

Murder in Coal Mine. Wilkesbarre, Pa., March 3 .- An atroclous murder took place yesterday in the Lackawanna mine of the Temple Iron Company at Olyphant. Frank Dombosky, a miner, got into a dispute with a miner named John R. Griffith over a can of oil, which the latter accused the former of stealing. They came to blows, and finally Griffith struck Dombosky on the head with a heavy mine sprag, killing him instantly. Griffith surrendered himself to the authorities and is now in jail at Olyphant. There had been a bitter feeling between the two men for some weeks

POPE RECEIVES THE CARDINALS

Ignored Physician's Remon-

strance to Rest. Rome, March 2 .- Dr. Lapponi, the Pope's physician, made yesterday morning a last effort to induce his holiness to renounce his reception of the cardinals. He remonstrated with seven miles from here, on the line of him, saying: "Your hollness, my duty is to point out that your health would greatly benefit by your resting today." The Pope replied: "My dear doctor, before your valuable advice comes my duty, which I shall perform to the end."

> The audience was held in the Pope's private library, and Leo XIII. spoke continuously for half an hour with the 42 cardinals present. No address was delivered, and the most important words were when the pontiff referred with emphasis to his advanced age and approaching end. He was led to speak thereof in reminding the cardinals that the room in which he was receiving them was the same in which Pius IX held his last consistory, he (Leo XIII.) being present, but in bed. The cardinals greeted this reference to the possible approach of death with a chorus of noes and with exclamations of "We have all come to wish you a long life."

> By this time the excitement of the reception had improved Pope Leo's appearance. When he entered the library his form was bowed and trembling, but he now seemed to have acquired strength and animation. He showed the cardinals a magnificent antique clock which had just been presented to him by the Count of Caserta. the head of the Naples branch of the Bourbon family. Before retiring he presented to each cardinal a richly embellished pamphlet, reviewing the chief events in his pontificate, including a Latin poem of his own composition, and five of his most important encyclicals. His holiness said: "I will order that the few cardinals absent, like Cardinal Gibbons, shall also have it."

A MYSTERIOUS SUICIDE

Woman Tired of Life Kills Herself In Haddonfield, N. J., Boarding House. Philadelphia, March 2 .- A woman

who gave her name as Mrs. Charlotte G. Wellington committed suicide Saturday by inhaling chloroform in a fashionable boarding house in Haddonfield, N. J. The woman left a note to the proprietress of the boarding house, in which she said:

"I am the last of a distinguished family, left so alone that I am tired of life. Will you kindly see that my remains are decently buried? I enclose money to pay expenses. My clothes give to the poor. Please keep this as quiet as possible."

With the note was \$75. The woman came to the boarding house about February 20. She was always apparently in good spirits. She was about 50 years of age, refined and plentifully supplied with money. In conversation with other persons in the house she often referred to having lived in Boston and Albany, N. Y., and to having boarded in Mt. Holly and Med-

ADRIFT ON FLOATING ICE Twenty Lake Michigan Fishermen May

Perish Unless Quickly Rescued. Menominee, Mich., March 3 .- About 20 fishermen are in peril on a large body of floating ice that suddenly broke loose Monday afternoon between Bailey's Harbor and Chambers' Isle. A strong west wind has been carrying the ice floe out toward Lake Michigan, and it is feared that unless the men are quickly rescued it will be broken up by the waves at Death's Door, the entrance to Lake Michigan. Three men managed to get off the ice floe at Fish Creek, and three were rescued farther down the bay. It is reported that several more were rescued last night just as the ice was bearing down on Death's Door. Captain Hill, of the Hill Steamboat Company, with a picked crew, has gone to the rescue. Among the men reported to be in danger are Henry Woodbeck and his 12-year-old son, and Captain Peters, of Menominee, and Joseph Naperzilsky, the lighthouse keeper.

Jersey Red Men Elect Officers. Trenton, N. J., Feb. 28,-The New Jersey Great Council of the Improved Order of Red Men concluded a twodays' session here yesterday with the election and installation of officers. A proposition to reduce the age limit from 21 to 18 years was defeated. These officers were installed: Great prophet, Blanchard H. White, of Palmyra; great sachem, W. S. Whitmore, of Oceanic; great senior sachem. Frederick P. Reese, of Trenton; great junior sachem, Herbert S. Stetson, of Gloucester; representatives to the Great Council of the United States, Blanchard H. White, of Palmyra; William Newcorn, of Plainfield; James S. Coleman, of Atlantic City; Charles C. Curry, of Camden.

Libelled General Davis. Manila, March 3 .- William Crozier,

editor; Mr. Kenny, manager, and Mr. Green, a reporter of the American, have been arrested on the charge of libelling General Davis. When General Davis expressed his partial disapproval of the finding in the Major Glenn case the American published an editorial, charging General Davis with a desire to curry favor with the administration, in the hope of being selected to succeed General Miles in the command of the army. General Davis referred the article to Governor Taft.

Mexico May Adopt Gold Standard. Mexico City, March 2.—There is a growing belief here that before the end of the year the country will have adopted a gold basis, with modifications to suit local needs. The continued fluctuations of silver affects trade and is now severely felt in dry goods establishments.

There are people who let themselves run down physically until they live just on the edge of the danger line, between health and sickness. Some day they stagger across the line, and disease, like a bird of prey swoops down on them and they have to fight for life. The weak body invites disease. As the strength of the body is solely derived from food digested and assimilated, so physical weakness points to the fact that the food eaten is not assimilated and the body is growing weak through lack of nutrition.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so enables the perfect digestion and assimilation of food, by which the bodily strength is alone sustained.

"Thanks to Dr. Pierce's Golden Medical Discovery," writes Mr. Charles H. German, of Lehighton, Pa. "It is the only medicine that has done me any good. I tried every-thing I could think of to cure indigestion, and found I was only throwing away money. Then I heard of Dr. Pierce's Golden Medical Discovery and tried a bottle of it, and to my joy found it was doing me good. I used six bottles of it, and am now cured. It is the best medicine on earth."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains, you lose, therefore accept no substitute for "Golden Medical Discovery."
