Last week parties were through the west precinct of Potter township with a petition to get signers for free rural mail delivery. When your scribe saw the list there were quite a good many names on it; parties from Spring Mills were also through some parts to sell boxes, the lower end appeared to favor Spring Mills as the delivery office, but we do not favor that, since it delays our mail matter at least twenty-four hours later, than to have it distributed, from Centre Hall. The latter place is what meets with almost universal satisfiaction, if our mail matters will be distributed from Centre Hall, and arrangements could be made that the morning train going east would bring the western mail, instead of the afternoon train then we would le better served, in that way we would get both the western as well as the eastern mail the same day, otherwise our western mail would la over at Centre Hall until the next day. I don't see any reason why Potter township should not have free delivery as well as other places. It ranks among the best in agriculture, in wealth, and in population, and taxation.

This is a question that every energetic
man should take an interest in, and our county publications is the place to disside to the issue; it is true parties living rear the postoffice, and especially postoffice loafers may object, but take the mail receiving class in general, and it it would be put to a vote it would be carried by a large majority in favor of free delivery and if there are any that are dissatisfied let us hear from you.

W. B. Mingle, Esq., W. M. Grove, Esq., were through here a few days ago, lease ing the lands, for prospecting for drilling for petroleum, gas or minerals. Woodward.

On Sunday morning the church bell tolled giving notice of the death of H. W. Snyder, usually called, Dr. Snyder. The poor unfortunate man had to die without the assistance of a doctor for no earthly reason but that he was unfortunately poor. Is that reason enough in a civilized country, or are the doctors getting too inhuman-practicing only for the boodle that is in it, rather than to save lives. I think it a disgrace for our community; hope it may never happen

PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. F. C. Wilcox of 559 New Britain ave.. Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y. Dr. David Kennedy's Rose Jelly radical cure Catarrh, Hay Ferer and Cold in Head. 50c.
