

BATTLE IN SAN DOMINGO

Government Troops Drive Rebels Back Into Pajarito.

HEAVY LOSSES ON BOTH SIDES

Another Engagement Is Imminent, As Large Government Forces Are Marching on the Town—Marines Landed to Protect U. S. Consulate.

Santo Domingo City, April 6.—The government troops outside the city attacked the insurgents in the suburb of Pajarito. The most severe engagement since the rebellion broke out ensued, and the insurgents were driven back to this city. The artillery from the fort covered the insurgent's retreat. The rebels are disposed to fight to the last, and it is supposed that if they are compelled to abandon the city they will embark on the gunboat Independencia, which is in their power, and go to the northern part of the island and join the rebels there.

The United States cruiser Atlanta has landed 500 marines to protect the American consulate. No second engagement has taken place, but large government forces are now marching on the town, and an attack is momentarily expected. The rebels are making great preparations for resistance. In the engagement at Pajarito the contending forces used firearms and cutlasses. The losses on both sides are heavy. Several persons were killed inside the city by stray shots. The government gunboat Presidente bombarded the town, and one shell fell inside the yard of the German consulate, but did not explode. The surgeon of the Atlanta assisted in attending to the wounded in the Pajarito fight. Many of the wounded died for want of timely assistance.

The members of the consular and diplomatic corps here met and appointed a commission to notify both sides that they must observe the rules of war, and to demand 24 hours' notice before any attack is made on the town, in order that the foreign residents may go to a place of safety. All places of business are closed, and the situation is extremely critical.

THE OHIO ELECTION

Tom Johnson Carries Cleveland and Republicans Sweep Cincinnati.

Cincinnati, April 7.—While the Republicans made material gains in the municipal elections in Ohio, they did not secure many changes in the administration of the cities. The most notable exception was at Columbus, where Mr. Jeffrey, Republican, is elected. The mayors of all the leading cities except Columbus were re-elected. The Republicans retained possession of Cincinnati and the Democrats of Cleveland, and Samuel M. Jones was elected as an independent for the fourth time as mayor of Toledo. Tom Johnson was re-elected mayor of Cleveland by 6500. The entire Democratic ticket was elected by a smaller margin.

Mayor Fleischmann, Republican, of Cincinnati, was re-elected by 16,620 plurality. The entire Republican city ticket, including all the boards, was elected by about the same vote as that of Fleischmann. There is much diversity of opinion as to the effect of these municipal elections upon the next Republican nomination for governor, but it is conceded that Mayor Tom L. Johnson, of Cleveland, will now become a formidable candidate for the Democratic nomination for governor a few months hence. The Ingalls organization will be continued, with a view of making him the Democratic opponent of Hanna for the senatorship.

W. J. Bryan Coming East.

New York, April 7.—William J. Bryan has notified his New York friends that he will be in the east in May, and that he will deliver a series of addresses on political subjects in the states of New York, Connecticut, Rhode Island, Massachusetts, New Jersey and Maryland. The first of these addresses will probably be delivered at the Academy of Music in Brooklyn. It now seems likely that his Brooklyn speech will be the only one Colonel Bryan will deliver in the state of New York, as his time will be limited and he has many more invitations to speak than he can positively accept.

Corner-Stone of Old Mint.

Washington, April 4.—The treasury department has received from the Mint Realty Company, the owners of the old mint property at Philadelphia, through the courtesy of the president of the company, all of the historical contents of the corner-stone of the old building, erected in 1829, consisting of a copper half-cent of 1829, a copper one cent piece of 1829 and a silver dime of 1829, also a statement from the architect of the building, a copy of the Pennsylvania Gazette of July 4, 1829, and a copy of the Democratic Press of Philadelphia. The operation of coining commenced in the year of 1832.

Old Employees Remembered.

New York, April 7.—Old New York employees of the White Star line of trans-Atlantic steamships have received about \$50,000 as an especial gift for long and faithful service. When the White Star Line, an English company, was sold to the International Mercantile Marine Company stockholders of the White Star Line set aside \$187,500 to be distributed among the old employees according to the salaries they had been receiving. In this country the amounts varied from \$10,000 down to \$1250.

A DAY OF SPEECHES

President Roosevelt Delivers Twelve in South Dakota.

MANY CHILDREN GREET HIM

All Addresses Were Confined Mostly to Tariff and the General Prosperity of the Country—May Attend Cowboy Jollification at Deadwood.

Aberdeen, S. D., April 7.—President Roosevelt traversed South Dakota and made more speeches than on any other day during his present trip. He began with two speeches at Sioux Falls and ended his twelfth speech at Aberdeen. The speeches were confined for the most part to the tariff and to the general prosperity of the country. In all his speeches he followed closely the lines of his former addresses on these subjects. The president was accorded a cordial welcome at the different stopping places, and at many stations where the train did not stop the crowds gathered and cheered as the special train sped by. One feature of the day was the large number of children in the various audiences, and the president referred to them several times, saying that he was glad to see that the stock was not dying out. At Mitchell the president made the longest address of the day. His audience was large and his speech frequently interrupted by applause. Here he discussed the work of individuals and the important part they play in the upbuilding of the nation. "You can lift up a man if he stumbles," he said, "but if he lie down you cannot carry him. If you try to do so, it will not help and it will not help you. So, fundamentally, it must rest upon yourself to win success. As I said, law can do something, wise legislation, wise administration of the government can do something. If you have laws badly administered, they will spoil any prosperity. It is easy enough to get a bad law, but to get a good law is not so easy. It is easy to sit outside and say how the man inside should run the machine, but it is not so easy to go inside and run the machine yourself. "This prosperity which we have attained has been reached under a series of economic moves included in a system, through carrying out of certain ideas in the currency and in the tariff. We cannot afford to reverse the system, improvement can be made in it. In the tariff, for instance, schedules are not sacred, and as the needs of the nation change and shift, it will be necessary to change certain schedules to meet those shifting needs. There is a possibility of the president's spending a day at Deadwood, S. D. He has made a conditional promise to Captain Seth Bullock, who will travel with him as far as Ballings, Mont., that if the snow is too deep in Yellowstone Park he will leave there one day earlier than he had intended and will spend a day at Deadwood. Bullock has promised the president a good time and is planning a regular cowboy jollification. The president arrived at Fargo, N. D., early this morning, but he did not leave his car until 9.30 o'clock. He will spend today in North Dakota, and will enter the Yellowstone Park tomorrow afternoon.

Mrs. Roosevelt Returns to Washington

Washington, April 6.—Mrs. Roosevelt and her children, who have been on a cruise on the Mayflower down the Potomac river and Chesapeake Bay, have returned to Washington. A carriage from the White House met the party at the boat and they were driven to the White House. All the family are well and greatly benefitted by the week's outing.

Canal Opposition Developing.

Kingston, Jamaica, April 6.—The Royal Mail Company's steamer Atrato has arrived here from Colon and Cartagena and brings the report that considerable opposition is developing to the Panama Canal treaty in almost every department of Colombia except Panama. It is believed that the majority in congress will favor the treaty, but there are fears that trouble will arise because the political situation in Colombia is becoming more complicated, and the presidency is surrounded with uncertainty.

Asked For Life Sentence.

Newark, N. J., April 7.—Annie M. Hildebrandt, the young trained nurse of Orange who recently was convicted of having shot and severely wounded Bernard J. McCallam, at Orange, was sentenced to six months' imprisonment in the county jail. When arraigned for sentence she asked that she be sent to prison for life, saying that her life had been ruined, and she might as well spend what remained of it in jail.

Economy the Watchword

These times the prudent housewife must face many trying propositions. A certain amount can be used for living expenses, and no more; to exceed the limit means financial distress. There have been increases in expenses that are severe.

Coal has advanced. Steam Heat has advanced. Electric Light has advanced. Prices generally have advanced.

So that people in the country a well as in the towns feel the burden.

Under such circumstances "Economy is the Watchword." For that reason the question of Providing for the Table is most important. We must eat to sustain life, and the problem is to secure the most

WHOLE SOME NOURISHING SUBSTANTIAL UNADULTERATED

foods possible for the money at hand. There is one fact absolute and undisputed—established from years of experience. The community concedes it—that all the year around, in season and out, spring, summer, fall and winter year after year the best groceries are always found at SECHLER & CO'S. store.

You get more value for your money because you can depend on him. Never handles the cheap impure products—expensive at any price. When you must economize, SECHLER & CO'S is the place to buy your groceries.
