TEDDY makes the amusing declaration that its unwise to interfere with the trusts as there are "bad trusts and good out? The next thing then would be, some one declaring there is a bad devil the devil alone.

THE short way to reach the "bad trusts," Mr. President, is by tariff reform, whether by the Iowa idea, or any other. That will avoid tedious suits in courts which are largely under trust influences. The tariff bred the trusts, and a repeal of the tariff on trust manufactures, will stop this robbery.

In Howard township, we are informed, the school board has in view the reduction of the number of schools from seven to four, to even up on the increase of salary, making the minimum \$35. This would be a novel way of getting even, and be detrimental to the teachers by reducing the number in employ.

THE State College "Times" will henceforth be operated by a stock company composed of members of the college facnity. The sale was made Monday, and the consideration was \$1,625. THE World directs attention to the fact that during the Spanish-American war, the Spanish bonds sold below 30. At the same time British bonds reached the maximum of 1137-8, having gained on an average more than a point a year since they were "converted" in 1888. Soon after peace was declared, Spain found her credit unexpectedly and greatly improved, the year of 1902 Spanish bonds rose to 91 3-4. In the mean while Great Britain was engaged in the Boer war and her securities swelled in volume tion with her mother. by the cost of killing. As a result during the year of 1902 Great Britain's bonds led the Spanish 4's by only 2 points and the British bonds have recently declined below 90, well beneath the Spanish maximum. The World well says that "some victories cost more than some defeats." The loss of her colonies was the best thing that could have happened to Spain and it will be many years before Great Britain wil be exempt from the payment of penalty for her destruction of the two republics in South Africa.

#### ENORMOUS APPROPRIATIONS.

It would be well if the American people carefully studied the enormous appropriations made at the recent session of congress. There is food for reflection in the fact that of the \$753.484,018 appropriated for various purposes at the last session of congress, \$307,704,309, or nearly one half, was for expenses of wars past and preparations for possible wars to come. Nearly one-fifth of the total drafts upon the treasury, or \$139,-847.600, was for the single item of pensions and over \$80,000,000 was for naval purposes. If we put over against these items the meager allowance of less than \$2,000,000 to keep up our notoriously underpaid and poorly sustained diplomatic and consular service and less than \$600,-000 for the promotion of our vitally important agricultural interests, it looks somehow, as if we were not so much given to cultivating the arts of peace as we sometimes credit ourselves with

# GIVES RELIEF QUICKLY.

Regular Use of Hyomei Cures Most Stubborn Case of Catarrh.

No other medicine gives such prompt relief as Hyomei in the treatment of catarrah.

The first breath of this remedy soothes and heals the irritated and smarting air passage, and the regular use for a few days or weeks will cure the most stubborn case. Some of the reports from those who have been cured of catarrh by Hyomei read like miracles.

John S. Gray. of Richmond Hills, Pa., writes: "I am 82 years old and have been a sufferer with catarrh in the head for 25 or 30 years. I have doctored with many specialists and they all told me that the disease was incurable on account of my age. After using Hyomei : short time I was greatly benefited and can now say that I am entirely cared. It has been six months since I stopped using the remedy and I still remain

In nearly every town and village of the country can be found those who have been cured of catarrh by Hyomei. In Bellefonte there are probably over a thousand people whose health has been restored by this remarkable treatment.

Sidney Krumrine has sold package after package and every one has been with his personal guarantee to refund the money if it did not cure. Only two outfits have been returned and in each instance the money was paid back without question.

You run no risk whatever in buying Hyomei and your word decides the ques

tion as to whether you pay for the remedy or not.

Can you afford to suffer longer with catarrh when you can buy a guaranteed treatment on this plan?
