Colyer.

R. R. Ricket, one of our young men who is employed at Burnham, spent Sunday at home with his parents. Of all things going the rounds the treating of school children at Colyer, by John Portney, beats the times; the last day of school he came along with them to the Meises store and saw that they were all satisfied; his treating corresponds with his teaching—first class; good luck to Johnny. J. H. Moyer bought the piece of brush land from Wm. Colyer known as the Fishers-woods, near P. C. city. The mother of Mrs. Wm. Lee has been in very feeble health and at this writing is not improving. F. F. Ricket is now through cutting the lot of sample logs from the McClellan job and will soon start his shingle mill. "Collie" has almost made up his mind to erect his mail box on Tussey mount; O, do liber Uncle Sam. John L. Runkle has been hauling some big logs to Colyers mills from the Swartz woods. Colyer's mill at this place under the management of B. F. Ricket, will undergo a general repair; there will be an entire new mill building and the stove mill from Centre Hall will be moved in. Wm. and Howard, how did you get across the river last Wednesday eve? Howard jumped it! Ha! Ha! yes that was the last we could hear. Chas. Miller lost one of his valuable cows last week. Squire J. S. Housman will fill the appointment for Rev. Bierly on Sunday forenoon, to a. m., in the Zion Evangelical church. Mrs. Maggie Love, son and two daughters Cora and Wilmie, of Tusseyville, left on Monday for Oklahoma to make that place their future home; Mrs. Love's two oldest sons, John and Winifred have permanently located at that place for some time already. Miss Sadie Lee has been at Boalsburg for several weeks already. Ezra Ripka, wife and daughter, of Lewistown, Wm. Moyer and wife, of Milroy, visited at Henry Moyer's at this place. Mrs. Moyer has been in a very critical condition during last week, but is improving. B. F. Bicket bought an organ from Wm. C. Bunnell. A. J. Well! what next? don't say Colyer can't afford new improvements; why Levi Stamp has a new improved "tricycle." Wm. Shadow returned to his home in Chicago last Friday, after spending two weeks with his parents and friends at this place. Mrs. Mary Treaster and daughter, Erma, of Milroy, visited at Henry Shadows. Mrs. G. E. Ishler received some of her fine millinery goods last week. John, the 7-year-old son of Mr. and Mrs. Wm. Wertz, near Tusseyville, died Sunday night. Mrs. Eva Strohm, of Tusseyville, is visiting in Bellefonte. John and Andrew Horner, two of our expert masons, accompanied by John Zerby, Jr., as tender, went to Lewistown on Sunday to do mason work.

Port Matilda.

On Friday, April 17, Gordon Williams closed a successful term of school teaching at Shady Dell school house, in Reese Hollow, with a very appropriate entertainment, consisting of vocal music, select orations, dialogues, etc.; a large audience of parents and friends witnessed the closing. The store of W. G. L. Crain & Son, in this place, was entered by burglars one night last week; an entrance was gained by boring out a panel of the door; quite a lot of goods were taken. William Croft, of McKeesport, who has been visiting C. Reese, and family for several days, has returned to his home. Harry Chaney and little son met with an accident a few nights since while driving from Hannah to this place; the night being very dark they drove off a bridge falling some distance, sustaining some painful injuries. The Bell Hollow school, taught by Miss Fannie Sharer, was closed April 15 with a select entertainment, consisting of orations, rehearsals, dialogues, etc.; a large audience was present. Lizzie R. Crain is at her home in Reese Hollow since closing a successful term of school at Cherry Grove, Union township. Her sister, Miss Emma Reese, also closed her school at Bush Grove and is at home preparatory to attending the Port Matilda high school.

Beware of Ointments for Catarrh that contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and it is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, prices per bottle. Nervous Headache Breeds Insanity.

Many a person's whole pleasure in life is ruined by the fear of nervous headaches. Any little excitement, no matter what, business or social, brings them on. The feet and hands grow cold, the head is hot, the eyes stiff, the temples throb, and only in the quiet of a darkened room is relief obtained. This condition must be checked or it means complete mental ruin. To those people Dr. A. W. Chase's Nerve Pills come as a blessing. They do not stop, they cure the headaches. They do not blanket, they build up. They put the nervous system in a strong, vigorous, sturdy condition—a condition that gives one resistive power and enables them to again enjoy life's pleasures. Miss Jennie Zettlemoyer of No. 300 North 4th St., Sanbury, Pa., says: "I have been troubled a long time with nervousness and at times would be so bad that I simply could not rest at night. I also was bothered a great deal with nervous headaches. I got some of Dr. A. W. Chase's Nerve Pills and they did me a world of good. I used two boxes in all and as a result I rest well again—the nerves are quiet, steady and firm again. The headaches cured and the system vigorous and strong. So excellent a result makes a recommendation an easy matter."

Dr. A. W. Chase's Nerve Pills are sold at five a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D. are on every package. For sale at Kramrine's Drug Store.

Spring Mills.

Rev. McIlmay, the newly appointed Methodist pastor for the Penna valley circuit, preached his first sermon here on Sunday evening last, to a large congregation. The Reverend gentleman is of pleasing address, a fluent speaker and evidently a scholar. His discourse received close attention. Several of our fishermen were after trout last week, but met with indifferent success; one or two however reported a satisfactory catch—whatever that may mean. Quite a number of our folks have commenced garden making—rather wet yet in most localities for that kind of work. John F. Hagan, the well known carpenter and builder of Farmers Mills, has been very busily engaged in our village all spring. He had the contract for the rebuilding and fitting up of our new post office, which is now occupied by postmaster Krape. The store room and postoffice departments display Mr. Hagan's artistic skill as an able builder, for the whole interior is a beautiful piece of work; every piece and strip of wood is polished like a mirror and is apparently without seam or joints. Adam Finkle has moved his saw mill from the station to about two miles up Sinkin creek. The young son of O. T. Corman, a child of five years of age, came very near meeting with a serious accident on Friday last. A team was hitched at the store and the little fellow climbed into the wagon and, no doubt, pulled the lines. This started the horses who broke loose and dashed over Sinkin creek at a mad rate. The wagon struck the bridge and almost upset, but the little fellow held fast to the seat. The horses continued in their wild course, but were finally stopped at the mill. The young "driver" was somewhat bruised by the jolting, but sustained no other injury. It was a very narrow escape. Prof. Hosterman has about forty pupils attending his high school, and Mr. Gramley a similar number.

Fiedler.

Farmers are again busy plowing after the wet spell. J. H. Crouse was around buying up apples. Elias Stover's, from Penn township, were visiting friends in this vicinity on Sunday. Mrs. Ira Gramley and children, of Aaronsburg, visited her aged parents, on Sunday. T. C. Bower purchased a fine phonograph and entertained the public in the store of G. W. Wolf on Saturday eve. He also invited all lovers of music to his home, to enjoy the music. Vernie Bower, of Aaronsburg, spent a few days with her aunt, Mrs. C. H. Wolf. Lench Stover and family, of Millheim, were entertained at the home of his brother, M. O. Stover. Eml. Wetzel and wife spent Monday visiting in Georges valley. The grangers purchased three loads of new corn planters, and are having some improvements made in them by our handy blacksmith, L. K. Dennis. Rev. Lauffer, of Northampton, Ohio, preached a trial sermon for the Reformed congregation at this place on Sunday afternoon; a number of the Reformed people from Aaronsburg, were present, and are very much pleased with the Rev. gentleman. A number of our ladies were to Aaronsburg to inspect Mrs. Swabb's new millinery goods.

Axe Mann.

Miss Alpha Haffer, of Bellefonte, was the guest of her friend, Miss Anna Dawson, on Saturday. Merrill Sharer, of Zion, was seen in our town on Sunday afternoon. Wopser why? Miss Sue Weaver, of State College, is at present visiting at the home of her sister, Mrs. Harry Harter. Mrs. E. Breon spent Saturday at Oak Grove. On Tuesday, Fearon Hughes of Prosserville, moved into the house of Noah Breon, vacated by Frank Beck. Now is the time for house cleaning and garden making. Miss Annie Kline, of Oak Grove, spent Sunday with her brother, D. M. Kline. The schools of this place have closed for the winter term. The school taught by Miss Sallie Fitzgerald, of Bellefonte, closed on Friday and the Grammar school taught by Wm. Ott closed about a week prior to the other. Robert Fogleman, of Pillmore, spent Saturday and Sunday at the home of Harry E. Breon. Miss Anna Kamp, of Bellefonte, was a caller in town, on Friday.

High Valley.

Sunday was a fine day. What has become of the Georgetown scribe? I am anxious to know, as I have a package in my possession which I was to hand to him with oceans of items. Henry Eisenhuth, the boss farmer of East End, took a drive to Coburn, on Saturday, with his bay nag. Lissie Snyder, the esteemed daughter of Dr. Snyder, is at present spending her time at Eisenhuth at East End. It is rumored that a sap pine post will be erected on the peak where the cheek wiping took place. J. O. Eisenhuth and James Eisenhuth of Stone valley, are visiting in the valley; they have almost finished up their contract. The Highvalley scribe will come out for governor, as he has no belief in defeating, the best man always, if he is nominated and defeated, as it will be a sure game, he is not disappointed. Stop and listen, said the No. 2 scribe, of Coburn; chase the bats out of the cheese tub, as the No. 1 scribe is busy fixing his stand up paper collar and will have no time to attend to the rats as his time is worth money. The scribe is fully convinced that St. Patrick had the power to drive the toads and snakes out of Ireland, as rignvalley is clear of all epidemics, what the cause is, I don't know, but I give the praise to medicine. No fish story has come in yet, but we are looking every day for lots of lies. Daniel Eisenhuth is making railroad sills; he said timber is most too short for sills. If fire does not interfere the pasture will be an immense crop, plenty for every one that wants to pasture; think it is foolish not to let people drive their cattle on land where there is no damage. Aftitting came to Ingely last week and moved in Henry Eisenhuth's house, so there are two families now living at Ingely, how long he will stay the writer can't tell. George Eisenhuth is buying up old meat and is shipping it to Senator, Somerset county, and also potatoes; paying the highest cash price; that is business George, make all you can, like everyone else. Jack Elmer is still on the sick list; we all hope he will soon be able to be up and around.

Centre Hall.

Miss Lizzie Durst has improved some. Colyer's stove mill at this place is to be moved to Colyer, on the south side of the valley. A little daughter came to brighten the home of Arthur Kerlin. Miss Mary Kreshner was the victim of a surprise last Friday evening. About fifty relatives and friends from Millifenburg and Lewisburg assembled at home in East Buffalo township, and the problem was not solved by her what was doing until she discovered a pulling at the ears, all occasioned by her birthday anniversary. The evening was spent in playing game, story-telling, etc. Refreshments were served. Mary was well known here, having lived with the Wm. Wolf family some nine years. Prof. Will D. Blair, of Millifenburg, will open a music school in this place. Joe Lutz will move to Lewisburg. Wilbur Henny and Harry Harper transacted business in Bellefonte.

Houserville.

Mrs. Jacob Houser and David Wagner are under the physicians care at present writing. Daniel Keller is attending the Boalsburg High school. Geo. Tibbens, of Axemann, spent Saturday at the parental home, west of town. John Coble, of Lemont, Sundayed in our pleasant village. William Coble, Sr., spent several days with his daughter, Mrs. Kate Kowan, of Buffalo Run, who is sick at present. Geo. Herkheimer lost a valuable horse last week; the team became frightened and ran away. In passing a dangerous place in the road the horses fell over an embankment breaking one's leg which necessitated the killing of the animal. Mrs. William Shutt, of Oak Hall, spent several days in town during the week. Mrs. Carrie S. Dale entertained her friend, Miss Nettie Gill, of Pleasant Gap, during the Easter vacation.

Hoy School District.

Hello! Here we are again. Prosperity has reached us. Farmers are busy at their spring work, such as ploughing, while others have some of their oats sown already. Blaine Noll, who left for one of the western cities in the western part of this state came home last week. He was employed by a certain company, "over air but net der ga rooch fum dinda sthenda kenna." Members of the Madisonburg K. G. E. expect to go to Johnston next month. The rural mail delivery will be on programme the first of May. Boyd Harter wears a broad smile since the arrival of that bouncing baby girl. "Pap geb mere en cent far en sthick candy kausa." "Ga weck udder ick schlock dear aines hec."

Penn Hall X Roads.

Charles Carter was home visiting his parents over Sunday. James and John Sheelsy returned from W. Va., and intend to stay at home a few weeks. The farmers are taking advantage of the nice weather. The report is that Henry Mark has four sick horses. Harry Weaver is erecting a summer house. The Mt. Union scribe answer for the last week's question: The Bible says you shall not live alone. Our book agent is seen on the streets every day he said he must do all his business in Brushvalley before the farmers begin planting peach trees, or they will not have time to buy books—gell, Howard.

Rockview.

Hello, Rockview scribe, were did you come from? I believe down Spring Creek, because you mind other people's business more than your own, so mind your own and you will get along very well. Miss Helen Mease, of State College, is visiting with her sister Mrs. Williams. The Easter entertainment at Shiloh church, Sunday evening, was well attended. The Rockview scribe was talking about a horse and buggy, the little boy that took it is the one that walked the half mile. They were driving along and when the owner came the boy jumped out over the wheel, never touching, ran and then looked back and said "come, come quick, Cinia." It was not long till both were out of sight.

BY REQUEST.

To whom it may concern: As my brother Charles N. Eisenhuth died here, March 27, 1903, there have been so many stories going concerning his death, I will try and explain all, through the Centre Democrat. I am conducting a large boarding house for Babcock Lumber Company. Brother Charles came here from Coburn about the 13th of March; he soon fell ill with that dread disease, smallpox, and died within a few days. He was too sick a man to have him removed to the Johnstown hospital, and the ride would have killed him. We had 54 men in camp; to protect the living and care for the one that was stricken, the Company built a very nice little house 12x20 with plained and dried lumber, papered it with building paper; it was a cleaner place than any pest house in the state. I then had him placed on a cot, and sent to this house, where he had three good doctors and another man with him who did all in their power to save his life. The house he died in was not very far from the boarding house and I could not go there after he was taken away; we were under quarantine and guards were on duty. I sent him anything he called for only I was not permitted to see him, he died March 27, 1903, at 6:30 p. m. and was buried that same night at Windber, he had a nice burial outfit including a black covered casket. It was a trying ordeal to have a brother laid away without following him to his last resting place and without the funeral rites which people are accustomed to.

He was the youngest son of Mr. and Mrs. Henry Eisenhuth, of Coburn; he is survived by his parents, four brothers and one sister, namely, Howard, William, James, Reuben and Agnes Billmyer. He had quite a number of friends in this section as he worked in this neighborhood before, and was in a sister's care till his spirit took its flight. Hoping this will clear the false reports circulated in Centre county and give his friends a different mind as to how he came to his death.

AGNES BILLMYER, Ashtola, Pa. Somerset Co.

Sugar Valley.

David Rockey has moved his family and household goods to Bellwood. Dr. Bickel has torn down the house lately occupied as a printing office, and expects to erect for himself a fine office in place of the old building. Our leading mechanic, Miles Breon, William Frankenberg, Henry Beck and Luther Best, left for Pine station where they have a contract to put up a large barn for R. C. Quiggle. Mrs. Kahl, widow of Adam Kahl, died at Greenburr, after an illness lasting all winter and spring, aged 74 years and is survived by one son and two daughters. Interment was made at Greenburr. John Statton is ill with typhoid fever at the home of Mr. Long near Hublersburg. Wilbur Best, who has been ill for some time, is convalescent. Kote is to have a new band. Invitations have been issued announcing the coming marriage of John H. Sholl of Millheim and Miss Lula Stover of Booneville. Clayton Thomas, a young farmer residing at Brungard's church, died very suddenly, Wednesday evening of last week, of quick consumption, at the age of 30 years. He is survived by a wife and two children.

Men of Oak

Timbers of oak keep the old homestead standing through the years. It pays to use the right stuff. "Men of oak" are men in rugged health, men whose bodies are made of the soundest materials. Childhood is the time to lay the foundation for a sturdy constitution that will last for years. Scott's Emulsion is the right stuff. Scott's Emulsion stimulates the growing powers of children, helps them build a firm foundation for a sturdy constitution.
