Alvin Shuey is very ill. Jacob Herman met with a very narrow escape last week, while on his way home from Phillipsburg in his buckster wagon. He as usual drove in Spring Creek for the purpose of watering his horses. Owing to the heavy rains the creek was unusually swollen but he was unable to tell this until he was right up to the water and then he had to go on; so after getting about half way through the water the current became so strong that it carried the wagon, horses and all down against a bridge support. Mr. Herman in attempting to cut the horses free became "strictly in it" himself and it took quite a good deal of hard work before all the living creatures were rescued. The funniest thing of all was that he had brought a little white rabbit along and it remained in the wagon safely until the next morning. The next funniest thing was that Spring Creek tasted of butter for several days afterwards. The first boys who appeared on the scene to rescue the perishing were Waid Herman and Jack Mitchell.

Wesley Spangler, a prestidigitator, of Bellefonte, gave an entertainment in the P. O. S. of A. Hall, on last Friday evening. For particulars we refer you to Wm. Keatley and Charley Potter.

Last year, poor-overseer D. C. Hall, paid out over \$1,300 for maintenance of paupers in Union township. This spring the overseers purchased the Curtis farm, a few miles above town, for the purpose of making a home for the poor. On the first of April Ed. Smith moved on the farm, he having been selected to superintend the same and take care of the poor, but up to this date not a single pauper is registered at the township home. The Bennett family, who, for more than 30 years were charges of the township, positively refused to go to the "poor house" and moved to Altoona. Another family, consisting of mother and four children, also refused to go and she took her little ones and went to her father in Marion township; and still another family who has been drawing relief for more than 20 years, also said "nit" and has forfeited all claims to further relief. It looks as if, in a few years, the township home for the poor will be self-sustaining, in which case no taxes will need to be levied.

The marriage of Miss Anna, youngest daughter of Mr. and Mrs. Geo. Morrison, to Charles Stover, of Altoona, was celebrated on last Wednesday at noon. The ceremony was performed by the Rev. Dr. Wharton of the M. E. church; about 25 guests were present and we were informed by one of those present that the menu exceeded anything of the kind he ever had the pleasure to participate in. Of course the "thumps" gave them a send off in the evening. That it was a most enjoyable occasion is the fact that Mrs. Sadie Emerick was there to "boss" the affair.

No sir, ee, we did not write the No. 2 items published in last week's Democrat. Our items are mostly of solid information, and when we want to say anything funny, we say it, but we most strenuously avoid saying anything to hurt one's feelings. There now.
