

FOUND HUMAN BONES

Discovery Under Floor of Philadelphia Store May be Murder Clew.

THE POLICE WILL INVESTIGATE

Frank Hewes, of Bridgeport, N. J., Who Made His Headquarters at the Place, Disappeared Eight Years Ago, and His Brothers Suspect Foul Play.

Philadelphia, June 22.—The discovery of portions of a human skeleton under the flooring of the building 324 North Water street has raised hopes of possibly solving the mystery of the disappearance of Frank Hewes, of Bridgeport, N. J., eight years ago. The family of the missing man is positive that he met with foul play, and his two brothers, Thomas and Alexander, called at the coroner's office and asked that an investigation be made. At best the clew is vague and indefinite, but the members of the Hewes family are determined to sift the matter to the bottom. The coroner, assisted by the police, will make a thorough inquiry into the matter.

It was the custom of the missing man to spend much time at the Water street building, which was then occupied by a produce firm. When the news reached the brothers that a portion of a human skeleton had been found in the building they thought the discovery warranted an inquiry.

It appears that Frank Hewes left Bridgeport on Monday night, July 22, 1895, on the truck boat run by Captain John F. Truitt. He reached Philadelphia about 11 P. M., and left the boat. That was the last seen of him. He had gone up to make arrangements for opening a commission house, and had \$60 or \$70 on his person besides a costly gold watch. None of his Philadelphia friends saw him. He said to Captain Truitt that he would spend the night at a commission house on Front street. He had no financial troubles, no domestic troubles, and never went away from home when he could avoid it. Hewes was a well-to-do farmer, 52 years old at the time of his disappearance. It was subsequently reported that he had been seen in Washington, but investigation proved the rumor false.

The Hewes family spared no trouble nor money to solve the mystery. Weeks of search in all the large cities of the country brought no results. Hewes' brothers came to this city from Bridgeport at the time and continued the search, but they were baffled at every point and gave up their quest in despair. But throughout that stretch of eight years the brothers have been confident that the missing man was murdered.

The first floor of the Water street building has been occupied for three years by Frank Carmady, a fruit importer. A month ago one of his men was engaged in boarding over a break in the cement flooring. The man's eye caught a glimpse of something white, and a search resulted in finding two ribs and a leg bone.

GAS BILL DECLARED NO LIEN

Company Compelled to Furnish Property Owner a Supply.

Atlantic City, N. J., June 22.—What attorneys claim is a victory of far-reaching consequences in New Jersey, affecting every householder who uses gas, is the surrender of the Atlantic City Gas Company to a writ of mandamus from the supreme court which forced them to turn on the gas in a dwelling which had been cut off for an unpaid bill of \$4 for gas used by a tenant who moved out.

The plaintiff was Ralph Johnson, who owns a small property in Trenchwood Terrace. He spent several hundred dollars in fighting the suit through two courts, and the climax came when the gas was turned on in the house, although the writ was not returnable until June 30. The court said the attorneys demanded of the gas company evidence to show valid reason for holding a property owner for a debt of a tenant, and they were unable to furnish the proof of a gas bill acting as a lien against a property.

Burglar's Carelessness Fatal. Noblesville, Ind., June 22.—George Marvin, said to be from Chicago, is in the county jail here in a dying condition as a result of an alleged attempt to blow the safe in a general store at Jolietville. Citizens of the village, who were awakened by a terrible explosion, found Marvin lying unconscious near the store, with one arm blown away and his body otherwise so terribly mangled that he cannot live. When the citizens approached a second man ran away, making his escape. The accidental discharge of a can of nitro-glycerine was the cause of the explosion.

Lay Mangled Beside Tracks. Burlington, N. J., June 22.—The body of M. E. Murphy, a young man living at Riverside, and who evidently had been instantly killed by a freight train, was found at Edgewater Park. The badly mutilated body was brought to this city, turned over to Coroner Wells, and identified by the telegraph operator at Beverly, who saw Murphy and two other men board a midnight train. Attempts are being made to locate these men.

Mrs. Roosevelt Goes to Oyster Bay, Washington, June 22.—Mrs. Roosevelt, accompanied by two of the White House domestics, left Washington this morning for Oyster Bay. It was expected that she would remain here until the president went to Oyster Bay for the summer, but it was deemed desirable, on account of the presence of the children at Sagamore Hill, that she should go home in advance of the president.

A WEEK'S NEWS CONDENSED.

Wednesday, June 17. Colonel Turner, United States consul at Ottawa, Ont., has resigned.

The 23d annual encampment of the Sons of Veterans of Pennsylvania was held at Allentown.

Three election judges in Chicago have been convicted of fraud and sentenced to three months' imprisonment. Three persons were painfully injured and a score of others slightly hurt in a collision of trolley cars in New York.

While working on a dredging boat on the Delaware river near Philadelphia, Joseph Daley fell overboard and was drowned.

DR. PIERCE'S Favorite Prescription

"I Wrote to You For Advice."

"A little over a year ago I wrote to you for advice," writes Mrs. Elizabeth J. Fisher, of Diana, W. Va. "You advised me to use Doctor Pierce's Favorite Prescription and 'Golden Medical Discovery,' which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and it cured me. Now I do all my housework. It is the best medicine I ever used."

"I Wrote You About My Case."

"About two years ago I was feeling very bad, could neither eat, sleep nor work; was very nervous and all run down," writes Miss Alice Greenly, of Westmoreland, N. H. "I had taken sarsaparilla and had medicines of different kinds from my home doctor, but they did me no good whatever. Finally, I wrote you about my case and you prescribed your medicines. I commenced taking Dr. Pierce's Favorite Prescription, and also four of the 'Golden Medical Discovery' and some of Dr. Pierce's Pleasant Pellets. These medicines cured me and made me well and strong. I am a new person to what I was before I commenced taking the medicine. Please accept my sincere thanks for benefits I have derived from your medicine."
