Pine Grove and Ferguson.

On Sunday morning, 21, the Lutheran church was well filled to hear Rev. Ezekiel, a native of Armenia tell of some of the horrors and sadness caused by the blood thirsty Turks. His story was a shocking one and touched everybody. Forty dollars was raised at Pine Grove and at Gatesburg for the erection of an orphanage on the Isle of Cyprus for the many homeless boys and girls, for which Rev. Ezekiel is laboring so ardently. He hopes to have it completed by the 1st of November.

At a meeting of the Ferguson twp. School Board the following teachers were elected: Pine Grove Grammar, Wm. Kellar ; Primary, Gertie Keichline; Branch, Earl Musser; White Hall, Wm. him against the trough so hard as to break one of his ribs.

Wednesday afternoon, 24, a heavy storm passed over this section of the county. At Pine Grove the rain and hail were terrific and caused considerable damage to the crops. The low lands were flooded and many small bridges and fences were carried away. storm was not so bad here but sufficient rain fell to flood some of the cellars in the low section of the town.

Jack Elmer is still on the sick list, and seems that medicine will not help him. George Eisenbuth left Rankeltown and will spend this summer in Seanor, where he will oversee William Eisenbuth's lumber job.

Rumor is that application will be made for a divorce, if corn don't soon come in tassel. Fred says one meal a day is not sufficient for one that chops wood, if he does eat as much at one meal as one would at three; as it stands to reason a bag that is calculated to hold one bushel that by forcing three in a one bushel bag, as likely as not will bust it, and so with a man's stomach, it is intended for one meal at a time and not three.

The best news that reached the valley was that the robbers are caged in Fort Taylor on the hill.

On Saturday, William Musser and his boys came into the valley looking for his cattle from the lower end of Penns valley. Haines township will have the largest yield of wheat that it had the last ten years; oats will also be a heavy crop, and corn is coming right along, that which was planted in time; now who will have the honor for the wheat crop? I don't know, but I guess the republicans, as the democrats will have no honor this year, next year will be a democratic year, when the judgeship goes to the democrats.

On last Monday as I came to Coburn I had a hand grip with ex-sheriff Wm. Cronister; the sheriff still remembers

East end has its large mill on the ground ready to set up; orders for oak timber come in but the roads are too bad to haul on account of too much rain; the mud is knee deep.

It is rumored that Daniel Eisenbuth will go to West Virginia in the fall; would advise Daniel to stay on his farm and let younger men go, as we are too old for that place.

A new industry is talked of to be started up in the valley; the industry is to be the band industry and that will kill the field industry, as banjos make better music.

Ex-sheriff John P. Condo, of Sunbury, was in town Friday.

Mayme Mensch is on an extended visit to Lewisburg

The town council should now hold another special meeting and all its boodlers should resign, so that the people may have a clean administration of the borough affairs, before they will be compelled to force them out of office on account of their odious and illegal actions, passing ordinances to promote their own mercenary interest and then attempt to shield themselves by repeal ing the same.

John Armbruster and daughter, of Farmers Mills, spent Sunday with the latter's father.

There will be no demonstration of any kind on the fourth; the water question has taken all the patriotism out of the town.

In the Centre Democrat of June 18th an article from Lock Haven gave the record of six Bilby brothers as soldiers enlisting from one family in the late war. It is a good record but we think it beaten by the Fink family near Mt. Pleasant. In the early part of the war John Fink, Sr., enlisted, taking with him his five sons namely: Benj. V, John Jr., Michael, Isaac and Wm., all of whom saw hard service. Michael and Isaac died in Andersonville prison; the father and Wm. came home and died from diseases contracted in war; Benj. V., and John are the only survivors and they are physical wrecks from hard service.

Say, somebody explain where the Colyer band is, has it busted and was it running when it busted, did any one get hurt? One thing, I guess, it did not bust as they generally say, with its pockets

Say, I mentioned sometime ago about the hair flying if C. Miller would catch the dogs coming around for lamb meat last Friday morning it flew ; John Glasgo hearing the rumpus in the bottom and on going to see what it all ment, he found two dogs at work. Mr. Glasgo must have the praise for shooting one and spotting out the other, and later it was killed by its owner.

is only proprietor of our gas plant. D. F. P. Heckman, the newly married man, was seen in our town on Sunday

I wonder who that fellow is that comes from the south end of Traveler's gap, and stops at George W's? If you comagain C. why G. will sell his Jack.

We are aware of the fact, that some people should go to school, yet, before trying to put up notices so they would not make such great mistakes, as some did, to spell "Aneer" for Oscar, south of

A Wonderful Invention. It is interesting to note that fortunes

are frequently made by the invention of

articles of minor importance. Many of the most popular devices are those de-signed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb patended Jan 1, '99. These wonderful combs positively cure daudruff, hair fallng out, sick and nervous headaches, and when used in connection with Dr. White's Electric Hair Brush are positively guar-anteed to make straight hair curly in 25 days' time. PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. F. C. Wilcox of 559 New Britain ave.,

Hartford, Conn., says: "I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Pavorite Remedy; it helped me wonderfully, and in a short time cured me completely."

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pain in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mall. Dr. David Kennedy Corporation, Rondout, N. Y. Dr. David Kennedy's Rose Jelly radical cure Catarrh, Hay Fever and Cold in Head. 50c.
