A Wonderful Invention.

It is interesting to note that fortunes are frequently made by the invention of articles of minor importance. Many of the most popular devices are those designed to benefit the people and meet popular conditions, and one of the most interesting of these that has ever been invented is the Dr. White Electric Comb, patented Jan. 1, '99. These wonderful combs positively cure dandruff, hair falling out, sick and nervous headaches, and when used in connection with Dr. White's Electric Hair Brush are positively guaranteed to make straight hair curly in 25 days' time. Thousands of these electric combs have been sold in the various cities of the Union, and the demand is constantly increasing. Our agents are rapidly becoming rich selling these combs. They positively sell on sight. Send for sample. Men's size 25c. Ladies' 50c—half price while we are introducing them. See Want Column of this paper. The Dr. White Electric Comb Co., Decatur, Ill.

The devil has a warm spot in his heart for many of us.

Highvalley.

By all appearance Coburn takes the lead of small towns—five stores, two grain markets, and coal, creamery, two water companies, street sprinkling, band hall; so Coburn has no ill to mention; now I wonder which party has the honor for Coburn's thrift?

Barnet from east end called on the scribe on Sunday, on his way to see Joe Scriber to fill the place of a stenographer, as the prince don't understand shorthand writing.

The Woodward festival was well represented from Highvalley; those from East end, that had no way to go, they took Irish style walked up hill and footed it down, and that was the way they got to town.

We hear nothing about the Georgetown scribe, and have not for the last five weeks.

John M. Stover and Michael Evert take the lead in the corn line so far.

To lay jokes aside and be honest, I believe that Dr. Barker has the largest practice, of any veterinary in the county; as he is little at home, his practice is so well known that people from a distance call on him; the reason that Dr. Barker has such a large practice is simply this, he tells the truth and those sick horses he attends come out what he says.

Orders from Lancaster are coming for fence posts, B. F. Vonada writes from that place that he has five orders, that is five carloads.

On last Tuesday after supper, the scribe and his wife went to Coburn to do a little jobbing; when in the store, Mrs. Eisenhuth took sick; the scribe had a time to get her home, but now she is up and around.

**Would Not Insure Him.**

Insurance Companies would not insure the Rev. J. W. Yeisley because he had Kidney Trouble.

Mr. Yeisley was much discouraged till a friend recommended Dr. David Kennedy's Favorite Remedy and it cured him.

Mr. Yeisley writes:

"My kidneys and liver were in bad condition and I was anxious for relief. I had tried many remedies without success. I bought a bottle of 'Favorite Remedy,' which effectively proved its merit. The best proof that it has completely cured me is my recent acceptance by four different life insurance companies."

The Rev. Mr. Yeisley is the pastor of the First Reformed Church of St. Paris, Ohio, and is as well the editor of the St. Paris Dispatch.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, as well as the weaknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night and puts an end to that scalding pain when passing urine.

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.
