TURKEY EXPOSED

*Reforms" in Macedonia Denounced By Bulgaria.

A TERRIBLE CATEGORY OF CRIME

Wholesale Massacre, Torture, Incendiarism, Pillage and General Oppression Exposed in Memorandum to

Sofia, Bulgaria, Aug. 17.-The Bulgarian government has presented a memorandum to the powers setting out at great length the condition of affairs during the past three months in Macedonia since the Turkish government undertook to inaugurate the promised reforms. The most precise details, dates, places and names of persons are given in the memorandum, the whole constituting a terrible category of murder, torture, incendiarism, pillage and general oppression committed by the Ottoman soldiers and officials. The Bulgarian government guarantees the absolute truth of every statement, and challenges the Porte to disprove a single charge made in the memorandum.

The memorandum begins by stating that during the past three months the Ottoman government has taken a series of measures with the alleged intention of inaugurating the era of promised reform and of assuring peace and tranquillity to the Bulgarian population of Europe and Turkey but which have had the contrary effect of further exasperating the population and reviving the revolutionary movement.

Wholesale massacres, individual murders, the destruction of villages, the pillaging and setting fire to houses, the arrests, ill treatment, tortures, arbitrary imprisonment and banishment, the closing and disorganizing of churches and schools, the ruining of merchants, the collection of taxes for of an explosion in a mine at Coal City, many years in advance-such, proceeds the memorandum, are among the acts of the Ottoman administration of the vilayets of Salonica, Monastir. Uskub and Adrianople.

The memorandum relates in detail a number of such cases in each vilayet. Beginning with the vilayet of Salonica, it states that in the town of Salonica itself the Bulgarian professors of the university, the students and shopkeepers, in fact all the intelligent Bulgarians in the city, have been cast into prison. One hundred and twenty soldiers entered the village of Gorna-Ribnitza May 19 and tortured to death five men and two women. During the first three months of July, 35 villages in the district of Tikvesch were subjected to the depredations of the Turkish soldiers and Bashi-Bazouks. The villagers were beaten and tortured, the women violated and the houses plundered while the administrative authorities looked on.

In the vilayet of Monastir, artillery bombarded and razed the flourishing town of Smerdesh, the 300 houses being left a heap of ruins. At the beginning of July two Greek bands with the connivance of the authorities pillaged Bulgarian villages and murdered many of their inhabitants.

In the vilayet of Uskub the entire Bulgarian population has been systematially persecuted since last May. The director of the normal school at Uskub was imprisoned beause his libray contained the "revolutionary" works of "Othello" and "Les Misera-

In the districts of Palanka, Koschani, Koumanovo and Gostigar the prisons are filled with Bulgarian priests. schoolmasters and merchants. During June the soldiers and Bashi-Bazouks terrorized the inhabitants of the Schtif district, torturing the people with red hot irons. Similar atrocities perpetrated in the vilayet of Adrianople are

At Smerdesch over two hundred Bulgarians were shot, killed with swords or burned to death. Over 250 houses and the churches and schools were set on fire with petroleum and pillaged, the property being sold by the soldiers and Bashi-Bazouks in neighboring places. Similar scenes occurred at the villages of Gorna-Ribnitza, Igoumenetz, Dobrilaki and Nikoden. The villagers there abandoned their homes and fled to the mountains. Over 3000 men, women and children fled from the Sanjak of Seres, and even more from the Sanjak of Kirkklisse.

In conclusion, the memorandum denies that Bulgaria fomented the revolution in Macedonia, and says the above exposures condemn Turkey's government in Europe.

Christian Villages Destroyed.

Sofia, Bulgaria, Aug. 18. - A despatch received here from Uskub says that 600 Bashi-Bazouks, under the command of Albanian chiefs, who are notoriously cruel, have pillaged and destroyed a number of Christian villages in the districts of Debre and Okrida. The Turkish authorities, it is added, connived at the outrages and furnished the Bashi-Bazouks with old uniforms in order that they might appear to be regular soldiers.

River Full of Mutilated Bodies.

Berlin, Aug. 18 .- According to a despatch received by the Frankfort Zeitung the river Monastir, Macedonia, is full of the mutilated bodies of women and children who have been massacred by Bashi-Bazouks.

On the handkerchief sends a chill to the heart of the woman who had kept on thinking-"the cough will get better after a while." Now she knows the fight for life is on and looks eagerly around for medical aid.

There is one medicine whose marvelous record for cures commends it at once to every sufferer from lung troubles as

safe and sure. Dr. Pierce's Golden Medical Discovery cures obstinate, deep seated coughs, bronchitis, weak and bleeding lungs, emaciation and diseases generally, which, if neglected or unskilfully treated, terminate fatally in consumption.

"In the 'Lewiston Journal,' November 15th, roor, printed in Lewiston, Maine, I find an advertisement of your 'Golden Medical Discovery,'" writes Mr. C. H. BROOM STOCK BOOMS.

From the facts presented you will understand why stock of the International Broom Company, Manufacturers of the Twentieth Century Broom, is a gilt-edged investment, and why it is regarded as such by all who will not put their money into any enterprise unless they see great and speedy profits ahead. Owing to the quick growth and great progress of the International Broom Company the stock has been advanced to

60 GENTS A SHARE.

We would advise intending investors to avail themselves of this low price and purchase before another raise. With the various applications for subcompanies now in hand, there is no doubt that about the latter part of August tue price will be advanced to

75 GENTS A SHARE.

The high place the New Broom gained in public favor is due to the Company's ability to produce solid proof of every statement.

Contract closed for sub-company in Chicago with largest broom manufacturer in the United States.

20 Other Applications for Sub-Gompanles Now Pending.

WE ASSERT AND CAN PROVE

That the demand for the New Broom is as wide as the civilized world.

That it is the only sanitary broom made. That the Brooklyn factory made in April, 1903, twice as many brooms as in March and four times as many as in February, and earned a profit of more than 25 per cent. over its operating expenses on its production.

That dealers, wholesale and retail, think so well of The New Broom that they are becoming stockholders in the Company. If we could not prove all this, and more, we should not expect any careful and conservative investor to buy this stock.

As we are thoroughly familiar with the plans and projects of the Company and the possibilities of The New Broom we unhesitatingly declare that this stock should very soon pay a dividend on the par value and rapidly advance until it sells for \$2.00 or \$3.00 per share.

It is, therefore, advisable that intending investors who wish to investigate this proposition do so at an early date before the next advance in price is announced. Those who subscribe now will be benefited by the increase.

Intending investors can obtain full particulars and ample proof of the claims of this Company on application at our office.
