On last Monday our public schools opened in Miles twp., with a good corps of teachers: Madisonburg grammar school, H. A. Detwiler; primary, Ammon Hazel; Harter's, Claud Hains; Rebersburg high grade, Prof. Orvis Frank; grammar, Wm. Lambert; primary, T. Auman. Gramley's school, Chas. Smull.

On Sunday afternoon Rev. Wetzel, in the Reformed church, had his Harvest Home service.

We have a little action and also reaction going on now in one of our old public roads leading south of Rebersburg; in this road is a big hill and one commenced to haul stones and pike it, and dug along the side of the pike and threw it up making a ditch along the sides and along the fence of his neighbor. But this man that owns the land don't want the ditch; he goes down and shovels the ditch full of stone, and the next morning the pike man goes back and shovels the stone back into the ditch and fixes his pike again. Both talk about going to Bellefonte for law, one to stop the other. It is fun to look on, but hoping, since both heard John A. Bright's sermon, they will stop and talk it over like neighbors and settle it.

Ten Thousand Churches in the United States have used the Longman & Martinez Pure Paints.

Every church will be given a liberal quantity whenever they paint.

Don't pay \$1.50 a gallon for Linseed oil (worth 60 cents) which you do when you buy this paint in a can with a paint label on it.

8 and 6 make 14, therefore when you want fourteen gallons of paint, buy only eight gallons of L. & M., and mix six gallons of pure linseed oil with it.

You need only four gallons of L. & M. Paint, and three gallons of Oil mixed therewith to paint a good sized house.

TRY THIS TEST.

And see if your Kidneys are Diseased.

A very simple way to determine whether your kidneys or bladder are diseased is to put some of your urine in a glass tumbler and let it stand 24 hours; if it has a sediment or a cloudy, ropy or stringy appearance, if it is pale or discolored, you do not need a physician to tell you that you are in a dangerous condition. Dr. David Kennedy's Favorite Remedy speedily cures such serious symptoms as pain in back, inability to hold urine, a burning scalding pain in passing it, frequent desire to urinate, especially at night, and the staining of linen by your urine.

The Rev. Aaron Coons, D. D., pastor of the M. E. Church of Rhinecliff, N. Y., says: "I most sincerely believe that Dr. David Kennedy's Favorite Remedy is the best kidney, liver and blood medicine made, and urgently recommend it, for I know by experience it will do all that is claimed for it."

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

Send for free sample. SCOTT & BOWNE, Chemists, 69-71 1st Street, New York. 50c and \$1.00, all druggists.
