High Valley.

Rain and high wind on Thursday—so high that the scribe was compelled to get a rope to tie his bed fast so the wind did not carry it out of the shanty.

Did not hear from East end but that it is always windy, especially when they are thrashing.

Jacob Musser and the scribe can not agree on the worth of an old blind horse; the scribe says an old blind horse is not worth more than \$20; Mr. Musser claims he is cheap at \$62 dollars; we will let it to Emanuel Vonada to give the decision.

By all appearance High valley will have heavy butchering this fall, but can tell better after the corn is in the crib; but one thing is sure in the democrats, will not turn out better than our corn, there will not be much of a mash, as all the talk is corn, no politics mentioned.

C. A. Weaver has still the brick business in his head and no one can change it any other way; it would be a fine thing if such a thing would come to light.

Traveler's Gap scribe, I am not positively sure that I saw Dr. Snyder at Coburn; if it was not, it was a man the size of him, but had no satchel.

Henry Fryer said he will not cut more sunac and will leave them mowed for the cows.

On Saturday the scribe received a postal that a wedding was to be in High valley on the coming Tuesday, and he should have everything in readiness, and meet the bride and groom at the station. The scribe greased up his buck rig and carried up his blind stag and made for the station on a 2:40 pace; so when the train arrived no bride, or no groom showed up; so the scribe took all to himself and crossed the peak just in time to notify the cook not to put the turkey over the fire.

If a woman can carry a sack of flour and a basket of other things across the peak, why can't a man do likewise?

High valley people are great church members; when church time comes none can be seen; think they have other business that will pay them better than going to church; well, anything that will pay, as corn will be high on the south side of the peak.

Mrs. Wm. Lingle is on the sick list at present. Corn husking will soon commence in our neighborhood.

Ten Thousand Churches in the United States have used the Longman & Martinez Pure Paints.

Every church will be given a liberal quantity whenever they paint.

Don't pay \$1.50 a gallon for Linseed oil (worth 60 cents) which you do when you buy this paint in a can with a paint label on it.

8 and 6 make 14, therefore when you want fourteen gallons of paint, buy only eight gallons of L. & M., and mix six gallons of pure linseed oil with it.

You need only four gallons of L. & M. Paint, and three gallons of Oil mixed therewith to paint a good sized house.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten, are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

BONE FOOD

Soft and crooked bones mean bad feeding. Call the disease rickets if you want to. The growing child must eat the right food for growth. Bones must have bone food, blood must have blood food and so on through the list.

Scott's Emulsion is the right treatment for soft bones in children. Little doses every day give the stiffness and shape that healthy bones should have.

Bow legs become straighter, loose joints grow stronger and firmness comes to the soft heads.

Wrong food caused the trouble. Right food will cure it.

In thousands of cases Scott's Emulsion has proven to be the right food for soft bones in childhood.

Send for free sample.
