High Valley.

Saturday, rain from the south. A. S. Meyer was in the valley and bagged two pheasants on Friday; A. S. you must do better or Andy Vonada will take the lead as I was told he bagged three and a red squirrel. Jack Elmer, who was laid up all summer, was seen at Coburn last week. A blessing for Jack, and all his neighbors are glad to see that Jack is on the way of recovering. Mr. Lee said it is lonesome to be without help, and will look around and see what a marriage license will cost. John Weaver said his corn that he farmed on the John Bowersox fields, near the tunnel, the one third is carried away by some miscreant; he said he judged who the miscreant is; this is a shame as Mr. Weaver is an honest, hard working, industrious man, and would not do harm to any one; the people should stand by Mr. Weaver and have the rascal brought to justice. The Fiedler scribe thinks he is on top since he has an airbrake at his flowing well; all he needs now is a gun pump and skunktail lever, then the lovely sweet pea will hold the pressure in check. Hello, Mt. Hill scribe, the Georgetown scribe is not dead he is still among the living, but is at present in the dark on account of figuring which crop will be the largest, corn or baby; it will not take a big baby crop to beat the High Valley corn crop. Daniel Crader said he saw good corn, but said Dame Lose beats all records; the ears are so large that he is compelled to use canthook and skit to roll them on the wagon, and has to take the roof off the crib and have a horse with rope and tackle to unload it in the crib; then he is to use a crosscut saw to cut it in such length that he can take out for the hogs. Mr. Martin said High Valley takes the lead; they have a creamery and they send the skimming over at this place and will not take up with such a contract; now Mr. Martin, only wait, next year you take the creamery and we take the skimming, that is a fair show. Very little about the elections; is there no candidate in the field? If not, let us know it; if not, we will go for Levi Spigelmyer. Charley, if you wish to have a pleasant meal, call on J. T. Eisenhuth, G. B. Shaver and Thomas Evert, as they have lots and gobs, and would like to accommodate their friends—also Andy Vonada. The High Valley scribe was sorry to see in the Democrat that Sheriff Taylor was laid up, but hope he will be alright till when the next Democrat comes to hand. The east end Lumber Co. is overstocked with tooth pick orders and Barnett said there is more money in logging, if one can get the timber for nothing, than in anything else. A rumor, but I am not able to give it correctly, but we believe that those that made money picking berries will apply for a charter, so no one will have a right to sell berries, only those that hold the charter. I wonder what has become of the Blue Rock scribe? Now let us hear from you. I say it is foolish to set a mill where there is no timber; three more men are needed, one to bolt, one to pack lath, one to count odds and ends—pay every two weeks and between, if tobacco is needed; for information call on the High Valley scribe, Gas Peak.

West Brushvalley.

Cleveland Gentile, of Georges valley, was in this section hunting Thursday. C. E. Duck was fortunate in shooting a wild turkey last Thursday. It was reported that some of our sportsmen were shooting grey squirrels for the past two weeks. The season did not open until the 15th inst. and game wardens should have been on the look-out for the violators of the game laws. The West and Wingard hunting club will go to the Bear Meadows for deer next month. Wm. Rachau has beautified his home by putting a new roof on the house. What became of the Dark Hollow scribe? Did he go away on a furlough, or did he loose himself while on his usual haunts. Arthur Grove and wife Sundayed at Harvey Haugh's. Wm. Weaver spent Sunday with A. S. Lambert. Rev. S. Smith preached an able sermon in St. Paul's church on Sunday. Don't forget preaching in the Bethesda church on Sunday. The Brush and Penns valley hunting club expects to go hunting next month. C. Duck and R. Wert each shot a wild turkey on the 15th. Mrs. Geo. Grenoble was busily engaged in drying apples and the dry house caught fire and B. Grenoble put out the fire by pouring water on it before the house was destroyed.

Ten Thousand Churches

in the United States have used the Long and Mart's Pure Paints. Every church will be given a liberal quantity whenever they paint. Don't pay \$1.50 a gallon for Linseed oil (worth 60 cents) which you do when you buy this paint in a can with a paint label on it. 8 and 6 make 14, therefore when you want fourteen gallons of paint, buy only eight gallons of L. & M., and mix six gallons of pure linseed oil with it. You need only four gallons of L. & M. Paint, and three gallons of Oil mixed therewith to paint a good sized house. Houses painted with these paints never grow shabby, even after 18 years. These celebrated paints are sold by The Racket, Bellefonte; J. W. Glasgow, Coburn.

Unionville.

A score of line men are at work putting in new posts on the long distance line here. A large number of men and teams are engaged in cutting props on a tract of land on the Allegheny. They say the job will last 2 years and they will ship over 200 car loads from here. On the 18th Harry Black and wife, of Altoona, celebrated their china wedding at the home of Riley Pratt, they having been married 20 years. Only members of the family and close friends were present. W. P. Fisher's sons will store about 5000 bushels of fine, hand-picked apples. Mrs. Perry Hale returned from Patton where she attended the funeral of her little niece. Elsworth Bing's bull dog entered the stable of George Morrison Sunday morning and viciously attacked one of his cows. Ed. Musser, of Pittsburg, and Howard Musser, of Bellwood, spent Sunday with their mother here. Monday afternoon as Rev. Blews was trying to extract a cartridge from his shot gun, it was accidentally discharged, the contents consisting of a heavy load of B shot passed through a portion of the wall and lodged in the side wall of the next room, passing within a few inches of Wm. VanValin's head. Mrs. P. J. McDunnell is off on an extended visit to Philadelphia. Game News:—The following is the result of the turkey hunt up to Saturday: Wm. VanValin 1 turkey; Thos. Taylor, of Altoona, 1; Clart Stover 3 and 6 squirrels; 1 pheasant; Art. VanValin 5 turkeys; Geo. Holt 1; Joe Barton 5 squirrels; Rev. Way 2 turkeys at one shot, his son 1 turkey; Reub Weiler turkey; Hoover 2 turkeys; Nathaniel Lindemuth 10 coons, 1 opossum; Roy Eckley turkey, 4 pheasants; Henry Eavers 2 turkeys at 1 shot, 7 squirrels 1 pheasant 4 coons. The boys requested me to give notice that no hunters from a distance need apply as there is no game on the mountains between Miesburg and Jalin. Apropos of the above Mrs. Wm. Miller had 20 large turkeys before the hunting season opened, she sold none, killed none, and now only 4 answer roll call at night.

Muddy Creek.

Jonas Auman and wife, from Rebersburg, spent Sunday in our valley with their son Adam. Robert Finkel is hauling lumber for his brother Calvin. Sarah says she gets so lonesome when Oliver is gone. S. W. Ripka is not quite through cutting his corn fodder yet. J. W. Evans talks of putting down 25000 feet of tiling this fall yet. Church was well attended on Sunday at Poik Hill. Corn husking is all the go. Rumors are circulating that Howard Faust has rented the J. D. Long farm. If anybody wants to know where the gas well is in our community, the Georges valley scribe is the well, and his mouth is the outlet. Mrs. H. S. Wance is still on the sick list.

Potters Mills.

Mrs. Reish and children spent a few days with her sister at Spring Mills. Mrs. Acker's brother Charley and Miss Stover, of Aaronsburg, spent Sunday with Miss Acker. Mrs. Thos. Farmer, of Philadelphia, Mrs. Rube Colyer, Mrs. McKlaney, Mrs. James Stover and Mrs. Asher Stahl spent a day last week very pleasantly with Mrs. Dr. Alexander. Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten, are cured by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, send for circulars, free. J. C. HENRY & CO., Toledo, O. Sold by druggists. Hall's Family pills are the best.

PICTORIAL PUZZLE.

WHAT UNION GENERAL IS REPRESENTED? ANSWER TO LAST WEEK'S PUZZLE:—Sickles.

Frank Geary and wife, of Centre Hall, Sundayed with his parents, D. T. Geary's. S. M. Campbell is putting an addition to his furniture building. Penns Valley now has a large engineer corps looking up an air line from the Pacific to the Atlantic Ocean. Some farmers have commenced husking corn rather early; better wait until it is fit. We are glad to report that our young friend Samantha Powell, who has been very ill the past two months with pleurisy is able to walk a little with the aid of a chair. There is a saying "That the longest way round is the sweetest way home," but that is not always the case, at least, Bert says so. Hezekiah Walker and wife spent one day at the fair last week. Mrs. Ethel Johnson, of Sandy Ridge, is visiting her mother, Mrs. Mary Breth. Wm. Yarnell, of Mill Hall, visited here the past week. T. H. Malone and family spent Sunday with his father-in-law Andy Fetzer. We have a man in our town, and he is wondrous wise, so he says that out of his pen will come the largest "swines" of the season; this is he who caught Mr. snapping turtle and kept him in his swill barrel until he grew so large that he (Mr. Turtle) was used as a beast of burden. Peter Coon, of Boalsburg, is visiting his niece, Mrs. Chas. Klingler and is going to work on the stove mill for some time to come. Preaching at M. C. B. M. C. Sunday was well attended. Mrs. Mattie Cowher had twenty dollars taken from her clothing hanging in her bed room in a mysterious manner; no clue to the perpetrator; it is a great loss to her, she being a widow and it was hard earned money. Williams and son Edgar, are operating their flouring mill recently purchased by them at Olivia, Blair county. A. J. Johnson is improving the looks of Mr. Seibing's property. Hunting season opened up lively in this section of county with but small results. Geo. Woodring is in possession of a fine collection of hunting dogs; call on him for a supply. Gilbert Eller, of the firm of Eller & McKinney, while down the mountain a few days since on return from delivering supplies to the men operating on the mountain, collided with a wood train doing his rig up in great shape. Your correspondent made a recent trip to a large paper wood operation of the New York Co. of Lock Haven, stopping at the camp of Charles P. Chase, where we were very generously entertained; the gentleman is not only a thorough business man but a jolly good fellow as well, he having control of the hauling and shipping of the wood; to do this in a paying manner requires practical knowledge with it, active men, able horses and durable wagons all of which he has. He politely showed us around his camp, consisting of a convenient cooking department, a neat and comfortable lobby or sleeping place for his employees, three large stables in one of which he has a beauty of a horse. Mrs. Grace Williams and son Stanley are visiting friends in Curwensville. M. J. Woodring, of Phillipsburg, was quite lucky in carrying home a wild turkey and several squirrels. Geo. Marks, formerly of Reese Hollow, is again a citizen of Port Matilda. Miss Kelly, of Phillipsburg, is employed as housekeeper at the residence of C. F. Cavanaugh. Pleasant Gap.

On Saturday morning, J. N. Brooks, who is not satisfied with bringing in small game, hitched "Old Dick" in the plank sleigh, shouldered up his gun and started to the mountain in search of bear. About sunset, near the farm buildings of Samuel Noll his ambition was gratified. A big black bear stepped out to meet his fate. A prouder man than Mr. Brooks when he came into town with Dick and the sleigh and bruin on it, could not be found. The new post office building erected by Noll Bros. is now completed and occupied by our new P. M., W. A. Hoover and Wm. Cronoble, assistant. R. P. Barnes is building an addition to his house. Farmers are commencing to crib the golden corn which is a good crop. Mrs. Lizzie Confer took a flying trip to Howard on business and will soon leave for Perkasio, Berks county, where she intends to make her home. Communion services at the Reformed church was well attended last Sunday. John Dale, Jr., is sporting a new buggy. It seems that scribe No. 1 was wrongly informed, or only learned to add when he went to school, when he wrote last week that Houser Bros. thrashing machine was so near being blown up and the cylinder bursting and pieces flying around; this is a great mistake, that by putting in a few new spikes it will be in running order. It seems some people take delight in making things worse than they really are. Any person of reason knows that a small leather punch wouldn't burst a cylinder. E. M. Houser is sporting a new horse. Mrs. Mary Shutt expects to move back to this place. Howard Groves is all smiles—it's a boy. L. F. Mayes, our hustling agent, has started out to sell woolen goods. The venerable Dan'l Irwin suffered a severe relapse last week, but at this writing is much improved. Rollin McKenzie, of Altoona, spent Sunday with his mother at Julian. The following is an account of the success of our sportsmen: Wellars Bros three turkeys, Chas. Boyer one turkey, Ed. Bullock one, Will McGinley one, Geo. Sones one, besides other small game. Nora Williams, who was quite ill last week is able to be out again. Boys, faint heart never won fair lady. Be brave and go into the fray boldly like Sam Candy. Candy postal cards are one cent each at Howard Turner's. The ventriquist played to a crowded house on Friday and Saturday nights. H. K. Mattern had two valuable Jersey cows killed by the train on Saturday last.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

The show which was held in J. C. Nason's hall on Friday and Saturday nights of last week, was well attended by our town people.

Any one wishing pies, cake, rolls and bread will do well by calling on W. G. Talhelm & Son.

Carrie Nation has buried her husband Now if she will only bury her hatchet much will be forgiven.
