COMMERCE and INDUSTRY

Financial.

Nixon Implicates Morgan.

The former head of the collapsed shipbuilding trust, Lewis Nixon, in the adjourned hearing of Examiner Olyphant at New York, told the whole story of the Schwab deal by which the trust was made to pay \$30,000,000 in cash and securities for the Bethlehem plant, valued at under \$9,000,000. Nixon said Schwab had cabled Morgan before raising his price from \$9,000,000 to \$30,000,000. The cash used to pay for the Bethlehem plant was loaned to Nixon and Dresser by Schwab himself. Nixon also testified that the reason given by Schwab for increasing the price was that he had to give Morgan \$5,000,000 in preferred and common stock for his services.

What the Bankers Want.

The American Bankers' association on the last day of its annual convention at San Francisco adopted unanimously the resolutions of the currency committee appointed last year at New Orleans, of which Congressman Pugsley of New York was chairman. These declare that the only proper remedial measures for the currency lie in the establishment of a single gold legal tender, the cessation of the monthly coinage of a million and a half silver dollars, the maintenance on a parity with gold of the legal tender silver dollars outstanding and the recoinage of these silver dollars into subsidiary coin to meet the public requirements.

Harvester Trust's New Plan.

A Columbus (O.) dispatch tells of the astonishing economies of consolidation in the case of the International Harvesting Company of America. Not less than 5,000 employees are to be dispensed with. The selling agencies of the McCormick, Deering, Plano, Champion and Milwaukee Harvesting Machine companies will hereafter be under one management, whereas hitherto each has operated its own office.

Several Banking Failures.

Close on the heels of the failure of the International Bank and Trust company of Mexico City came the collapse of two big trust companies at Baltimore early last week, the Union and Maryland. Later in the week the Federal bank of Pittsburg failed and the First National of Allegheny went into voluntary liquidation. Bad industrial securities caused the Federal's failure.

Health of Chicago Banks.

President Forgan of the First National bank of Chicago, commenting on the recent bank failures elsewhere, said: "Chicago feeds the world. The money of Chicago banks is loaned against what the Lord has made instead of what man has made."

Speyer & Co. Get the "Soe."

According to the agreement reached last week, the plant of the Consolidated Lake Superior company was put formally in the possession of the company's principal creditor, Speyer & Co. of New York, Monday, and the date of payment of the \$5,050,000 loan was postponed to Dec. 15.

Industrial.

Line Cuts Grain Rate.

The Toledo, St. Louis and Western railroad, known as the "Clover Leaf," has announced a reduction in the rate on export grain from St. Louis to New York of 2 1/2 cents per 100 pounds less than the rate which its competitors are pledged to maintain. It may cause a general revision of tariffs.

"Pennsy" Cuts Expenses.

Besides refusing totally the demands of many employees for shorter hours and higher wages, the Pennsylvania railroad at the same time has dismissed a large number of employees. This cut in the payroll is part of a general policy of retrenchment which includes abandonment, at least temporarily, of proposed improvements to the extent of about \$10,000,000.

Gould to Gridiron the South.

George Gould in a letter read to the Mississippi valley convention at New Orleans says that \$40,000,000 to \$50,000,000 is to be spent in pushing his lines southward along the Mississippi. The Iron Mountain line from Memphis south is to be practically rebuilt and straightened. In a letter to the

Philadelphia Trades league replying to its proposition to co-operating in securing an entrance into that city for the Wabash railroad George Gould gave assurance that he was determined to push the Wabash to that point, but declined to disclose his plans at present.

To Harness the Shoshone.

Senator Clark of Montana has decided to harness the famous Shoshone falls of Idaho and put them to work. It will require an outlay of \$2,000,000. The senator will build an electric power plant that will generate 48,000 horse power and distribute it to all towns within a radius of 200 miles.

Union Pacific Halts.

The Union Pacific railroad has joined other western railroads in cutting expenses and has issued orders covering sweeping retrenchments from one end of the system to the other.

Labor.

Trouble For Trades Unions.

In a letter sent from Chicago by Thomas Kidd, secretary of the Wood Workers' union, to the 40,000 members, he said, "There are breakers ahead for the trades union movement."

Parks Held For Perjury.

Unable to secure satisfactory bail, Walking Delegate Parks went to jail on a new indictment for perjury, following confessions by Witnesses Lynch and Farley, who formerly had testified to his alibi in the extortion case.

Butte Miners' Bold Plan.

In a mass meeting of the Idle copper miners of Butte, Mont., Oct. 4, a committee was authorized to offer the record price, \$500 a share, for the Heinze interests in the Boston and Montana company with the object of ending the long and damaging litigation between Heinze and Clark which held the mines idle. Heinze refused to sell, but offered to arbitrate the whole matter.

Labor Drives Out Publishers.

The large and well known publishing house of Rand, McNally & Co. of Chicago was reported Tuesday to have decided to remove its printing plant from that city. This move was taken only after the company had been compelled to secure an injunction against the Chicago press feeders, who had demanded an increase of from \$2 to \$3 a week in wages. President McNally said to a reporter: "We have either got to move or get out of business. We are paying higher wages than are paid in New York or any other city in the United States. Owing to the excessively high wages we cannot compete with publishing firms within a radius of 500 miles of Chicago. They are taking business away from us."

Labor Notes.

The attempt of New Orleans labor unions to boycott two theaters resulted in record breaking audiences. * * * New York's L motormen were on point of striking against a severe test of their vision. * * * Boston telegraph managers locked out messengers in anticipation of a strike and delivered messages by telephone and by mail. * * * A nonunion machinist at Columbus, O., shot and killed one of three men who assaulted him.

EDUCATIONAL

Methodist College Trust.

President James of Northwestern college has just announced at Evanston, Ill., plans for combining under one head about thirty of the western Methodist colleges under one management, with Northwestern at the head. According to figures quoted by President James, the thirty colleges, when under the management of Northwestern university, will give the combination a total of at least 16,390 students and 1,087 instructors.

Educational Notes.

Columbia students during the summer vacation earned \$31,401. * * * Philadelphia School Superintendent Edward Brooks, moved by the popular outburst about overworked children, has placed himself on record in favor of a study hour in the public schools to obviate having the children loaded

with work to be done at home evenings. * * * The trustees of the Princeton university elected Harry A. Garfield, son of the late President Garfield, as professor of politics to succeed Professor Finley.

A Million to Education.

The will of Miss Mary P. Ropes of Salem, Mass., whose father amassed a fortune in the paint business at Cincinnati, makes educational bequests to the amount of \$1,000,000, including Harvard, Tuskegee, Carlisle and several Ohio colleges.

SCIENTIFIC

Nobel Prize to Marconi.

The Academy of Sciences at Copenhagen has decided to award the Nobel prizes this year as follows: Literature, Henrik Ibsen and Bjornstjerne Bjornson; physics, Signor Marconi, and medicine, Dr. Finson.

Radium From Sellum.

A consular report on the new metal sellum contains the statement that radium can be manufactured in a liquid state from sellum at a cost of \$5 a quart. This new metal is said to possess a very light specific gravity and to be hard as steel and brilliant as silver. Its chief component is chloride of sellum. That a small piece of radium held for some time on a man's pillow would produce in one hour paralysis of the brain and death is the statement made by William J. Hammer, a radium expert, in a lecture at Philadelphia.

Latest Trolley Record.

Another speed test on the experimental electric railroad from Marienfelde to Zossen was made Oct. 23. A rate of 131 1/2 miles an hour was achieved. At the last test a speed of about 125 1/2 miles was reached. The track was four miles long.

Art, Music, Letters

John Sargent has been awarded the Harris \$500 prize for his portrait of W. M. Chase, which was thought to be the best picture at the Chicago Art Institute by an American artist within two years.

The German impressionists have refused to exhibit at the St. Louis fair because their leader, Director von Tschudi of the National Gallery of Berlin, has been removed by the government, which looks on this school of artists as too radical politically.

A Russian periodical has published a number of poems signed "Olaf" which are believed to be the work of the czar.

The use of the word "jolly" as a verb has received the sanction of a chancery report in the federal court at Chicago.

Sir Henry Irving, the English actor, and his company have begun at New York a five months' tour of this country, producing Sardou and Moreau's "Dante."

Recreative Sports

Dan Patch at Top Again.

The fastest mile ever made by a horse in harness was witnessed by more than 5,000 people at Memphis, Tenn., Oct. 22, when Dan Patch circled the track in 1:56 1/2. No wind shield was used. Prince Albert's record was 1:57.

Lou Dillon Leads All.

Lou Dillon established a new world's trotting record at Memphis, Tenn., Oct. 24, only a few days after Cresceus had beaten her two-minute record, by doing her mile in the wonderful time of 1:58 1/2. She was driven by Millard Sanders. Prior to this Lou Dillon had beaten Major Dangerfield for the gold cup.

Miscellaneous

Crossed Ocean in Dory.

Captain L. Eisenbrann, who sailed from Boston in a seventeen foot dory, reached Madeira, Oct. 23, after a voyage of seventy-two days, a distance of 5,600 miles. The boat will be seen at the St. Louis fair.

Accidents.

A blast in the New York subway Oct. 24 caused a cave in resulting in death of ten workmen and injury of others.

In testing a gun at Indian Head Oct. 24 the gun exploded, killing one attendant and wounding one.

Deaths.

Professor R. H. Thurston, head of the Sibley mechanical college of Cornell university, died Oct. 23 on his sixty-fourth birthday.

William E. H. Lecky, the famous essayist and historian, formerly member of parliament for Dublin university, died at Dublin Oct. 23.

Robert W. Wilcox, former Hawaiian delegate to congress, died at Honolulu Oct. 24.

Samuel E. Morse, editor and proprietor of the Indiana Sentinel, was killed Oct. 21 by falling from his third story office during a sudden illness.

HAPPY AGE

Is healthy age, and the health of old age is ruled by the stomach. Throughout life the stomach is in fact the vital center of the body, but the fact is never so much appreciated as in the time of old age when the proper nutrition of the body is of the first importance.

Old people who are weak and who fail to assimilate nourishment will find wonderful benefit in the use of Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition, and so enables the perfect digestion and assimilation of food from which all physical strength is derived.

"When I wrote you for advice, I was feeling very miserable with not simply one ailment, but general debility," writes Mrs. Martha Jones, of Claremont, Surry Co., Va. "I purchased a bottle of 'Golden Medical Discovery,' also one of 'Favorite Prescription,' and a bottle of 'Pellets.' I soon began to improve, and continued taking them until I was feeling so well I discontinued. I do not find many testimonials in your book from ladies as old as I am—seventy-three. I think no medicine equal to yours for old people. It makes their declining days easy and cheerful."

Dr. Pierce's Pleasant Pellets. The best laxative for old people.

SHOULD ANYBODY ASK MOST ANYBODY WHERE TO BUY SHOES—

Most Anybody Would Say at Mingle's Shoe Store

Selling the best of footwear at very moderate prices makes our shoe store popular.

A GOOD RUBBER

HOT WATER BOTTLE

Is not simply a luxury, it has become a necessity in every well regulated family. If you suffer with cold feet or have neuralgia, or a pain in the shoulder, back or limbs. It is wonderful what relief you will get by laying a bottle of hot water along side of it. When you think of purchasing one, let us show you what we have. We know we can please you in both price and quality.

Green's Pharmacy, Bush House Block, BELLEFONTE, PENNA.

TRY OUR BLENDED TEA

40c., 60c., 80c. and \$1.00 per lb. You will be well pleased. Bellefonte, Pa.

BEEZER'S MEAT MARKET, ALLEGHENY ST., BELLEFONTE.

We keep none but the best quality of BEEF, PORK, MUTTON, SLICED HAM All kinds of Smoked Meat, Pork Sausage, etc. If you want a nice Jolly Steak go to PHILIP BEEZER.

Meaning of the Alaskan Award

A surgical operation has been performed. It removes a long standing sore in the relationship between the United States and Canada. Alaska is ours, about as we have always claimed, Canada retaining control of the Portland canal and Pease Island.

Just for the moment Canada suffers from the shock of this operation, even though the knife was held by the wise, firm hand of Lord Chief Justice Alverstone. She recalls from her mother country and is jealous of her big American neighbor, bred from the same stock. But manifestly this can be only a temporary effect.

The reaction will come. Canada could not cut loose from England if she would and would not if she could. She cannot get away from herself nor from the forces that draw her in the line of least resistance. The decision draws America closer to Great Britain as a whole. Mr. Carnegie's prediction of an English speaking world nation to which the United States and Canada will contribute 250,000,000 people is timely.

The Alaskan award is a step toward Anglo-Saxon unity.
