The members of the choir of Trinity M. E. church of Lock Haven, planned a novel surprise for one of their members, Ella Heck, who became a bride to day. The young lady with the prospective groom were invited to the parsonage of Dr. and Mrs. Bender where forty friends extended greetings and gave them a tinware shower. After a social evening had been spent during which refresh ments were served, a large number of utensils and household goods were loaded on a wagon. The to be bride and groom were escorted out and lifted into the conveyance "with their belongings" notwithstanding their wild protests and with the rattling of the tinware and the blowing of horns the outfit was driven to the home of the to be bride.

Merritt S. Adams, formerly of Milesburg now of Watsontown, and Ella G. Heck, of Lock Haven, were married at high noon to-day by the bride's father, Rev. Heck, assisted by Dr. H. R. Ben der of Trinity M. E. church.

John Swarm and Sam'l Chapell, of Punxsutawney Sundayed with his mother here.

Julian.

G. W. Gill had a very valuable cow killed by the cars on Saturday of last week.

Abe. Henderson, from Huntingdon, visited relatives over Suuday.

This is no joke-Friday afternoon about 4 o'clock, while sitting at the window of their residence, a young lady about a mile west of our town, noticed something black running around in the meadow below their house. She being anxious to learn what it was, started out with her dog "Rover" and a club, determined to find out what it was, and when she reached the scene, she pronounced the animal a young bear supposing it had been chased from the woods ; the young lady had nothing in her possession to defend herself but a club, which she intended to use freely, she being very brave ; not knowing the danger she was in, she struck at the animal, it became very mad, then calling the dog to her rescue set him on the animal and then they had a fierce battle for a short time; the bear, thinking its' end was near, rau up a tree close by to save its life, sitting there looking down as much as to say "I am alright now." The young lady began to think of her danger and looked up at the bear and said "Oh! if I only had my gun I would go home happy." Just ask Clara M., she will tell you all about it. gun I would go home happy." This is no joke; the bear has been seen by two different parties since Friday.
