NATURE'S OWN CURE.

Hymel Cures Catarrh Without Dangerous Drugging of the Stomach

Not until Hymel was discovered has it been possible to truthfully say that a remedy for catarrh was known.

This remedy is breathed through the Hymel inhaler for a few minutes four times a day, and during that time every particle of air taken into the air passages and lungs is impregnated with the germ killing and health giving Hymel. It is the only treatment that cures catarrh.

Stomach drugging often causes disordered digestion or brings on some other disease and never makes a permanent cure of catarrh. Hymel not only kills the germs in the throat and nose but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen killing the germs in the blood. It frees the mucous membrane from poisonous membrane and gives perfect health.

A complete outfit costs but \$1.00, and includes an inhaler, dropper and sufficient Hymel for several weeks treatment.

S. Krumrine had so much faith in the merit of Hymel that he agrees to return the money to any purchaser who may be dissatisfied.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, Send for circulars, free.

Every man and boy that could procure a gun went rabbit hunting on Monday but report that cotton tails are unusually scarce. The best report comes from a party of three young nimrods: Clay Stover 6, Will VanValin 6, Arthur VanValin 5 and 1 pheasant. There were a number of other fellows got from 1 to 3. Elsie Bing got 000 rabbits, 00 squirrels, 0 pheasants.

Here is a partial list of the Hallow'en boy's doings: They took Joe Brugger's two-horse wagon out of his barn, pulled it to the farthest corner of Fisher's corn field and loaded it with unhusked corn shucks; they put "Dodge" Harper's wagon with the ladders on, into the mill race, upset it and broke the ladders; they took A. J. Griest's spring wagon out of his shed, hauled it upon his store porch and loaded it with old barrels of garbage and other truck; they took a stranger's buggy from Landlord W. A. Peter's stable up to tannery hill and Billy hunted for it till midnight before he found it; they took a buggy from Lindemuth's shop over to the bridge but "Lindy" was on to them and made them take it back; they threw a cabbage head through a window in the P. O. building; they threw a stone through a large window glass in Dan'l Beck's parlor; upset Sam Holts out building; pulled up several posts along Joe Barton's lot and Joe hasn't found them yet and he's mad about it; they smeared and bedaubed half the windows in town causing hours of labor for the owners to clean them. Now, everybody likes to see young folks enjoy themselves and have lots of innocent fun, but when it comes to doing damage to property they will antagonize the entire community. There were a lot of boy's in the crowd that ought to have known better, but they did many things that made them liable to arrest for malicious mischief and we would counsel them to be more careful in the future.

8 Cents

Light cents a pound is what a young woman paid for twelve pounds of flesh.

She was thin and weak and paid one dollar for a bottle of Scott's Emulsion, and by taking regular doses had gained twelve pounds in weight before the bottle was finished.

Eight cents a pound is cheap for such valuable material. Some pay more, some less, some get nothing for their money. You get your money's worth when you buy Scott's Emulsion.

We will send you a little free.
