POLITICS and GOVERNMENT

Foreign.

All Quiet on the Isthmus. The new republic of Panama has had smooth sailing so far, thanks to the presence of American war ships, but belated news from Minister Beaupre at Bogota indicated that the people of Colombia were in a state of great excitement and were not disposed to passively submit to the amputation of their isthmian state.

Legislative.

Reciprocity Bill Introduced. The measure designed to make the Cuban treaty effective was introduced in the house by the Republican leader, Chairman Payne of the committee on ways and means. It authorizes the president to declare the treaty in effect on the tenth day after the exchange of ratifications.

Democratic Move Forestalled. Through Mr. Cullom in the senate and Mr. Hitt in the house resolutions were offered and passed by Republican votes requesting the president to communicate to congress all correspondence and other official documents relating to the recent revolt in the isthmus of Panama.

Foreign Notes. The operation on the German emperor was still reported to be successful, although there were rumors of serious complications. Boris Sarafoff, the Macedonian leader, has returned to Bulgaria and says the recent revolt of Monastir had cost 1,200 lives and 130 villages.

Legal and Criminal. Nebraska's Senator Indicted. The federal grand jury at Omaha Nov. 16 indicted United States Senator Dietrich and Postmaster Fisher of Hastings, Neb., charging conspiracy and bribery in connection with Fisher's appointment.

Legal Price of a Kiss. The appellate court of New York has just rendered a decision in a novel suit for damages, that of Miss Frances Pettit against James Titmore, for \$50,000 for breach of promise.

Indictment Against Ziegler. Among the 100 new indictments against bootleggers by the grand jury at Jefferson City, Nov. 14, was against William Ziegler, who has been at the head of the baking powder trust at New York.

Italian Priest Kidnaped. The police of New York were mystified by the sudden disappearance of the Rev. G. Cirringione, an Italian priest, who has disappeared after receiving threatening letters demanding \$3,000.

Moros Kill Americans. Troops guarding a boat on Lake Lanao, near Manila, Sunday, were rushed by a party of Moros. Three Americans were killed.

Would Have Forced Colombia. The fact that President Roosevelt had made up his mind to use force, if necessary, to build the Panama canal regardless of Colombia's disapproval of the treaty was brought out by the publication of parts of the president's annual message to congress, which had been written before Panama revolted.

Minister Beaupre. The original orders for our ships to prevent Colombians from embarking were modified by the president, the point of police control over the isthmus being thought to extend only to preventing armed forces from landing.

General. The measure designed to make the Cuban treaty effective was introduced in the house by the Republican leader, Chairman Payne of the committee on ways and means.

John S. Williams. The Republican senatorial caucus decided that Senator Hanna should take Senator Morgan's place as chairman of the committee on interoceanic canals. This action was taken especially in view of Senator Morgan's known hostility to the Panama canal route.

Foreign.

has received the commendation of the whole south and is likely to prove a precedent for future "extra legal" proceedings. The coroner's jury declared that the crime should be punished by sudden and violent death, whereupon an orderly mass meeting was held at the town hall, attended by the best citizens, a committee of five, three whites and two negroes, was appointed and the prisoner was promptly hung to a tree. There was no demonstration, no excitement, no delay. It was, in fact, an "ideal" lynching.
