About 400 Italians are employed at building a short line of railroad for the Penna. company between Lilhy and Portage in Cambria county, 65 of whom were housed in a shack at Lilly, which is about 16 miles from Altoona. The shack was 93x27 feet, lined and roofed with tar paper. About 1 o'clock Saturday morning, in some accidental manner the stove was upset, the fire from which quickly ignited the building, while all were sleeping and in a twinkling the entire building was a seething mass, carry. ing to almost instant death twenty of the number and so badly burning ten more that they cannot live. Nearly all the others were badly scorched and burned. and only those nearest the doors got out with their lives.
