## POLITICS and GOVERNMENT

### Foreign.

#### Meeting of Japanese Diet.

A final and decisive phase of the eastern war scare was developed with the convening of the national legislature or diet of Japan at Tokyo Dec. 5. The speech from the throne was delayed several days, but the public was at high pitch of excitement pending Russia's answer to the last diplomatic note sent by Japan. It was generally believed that war would come unless Russia made substantial concessions.

#### To Reopen Dreyfus Case.

The French government has decided to order a revision of the trial of Captain Alfred Dreyfus, who for the second time was convicted by the court martial at Rennes in 1899 on the charge of treason in having delivered to the German authorities French military secrets. New evidence is said to have been laid before the minister of war, General Andre. Every effort has been made to prevent the question from again taking a political turn and to keep it strictly in the judicial channel.

#### Panama Treaty Ratified.

The new canal treaty between the United States and the republic of Panama was formally ratified by the provisional government at Panama Dec. 2, and at once the document was sent back to Washington. Further recognition of the new republic has come from Germany and China.

#### Kaiser's Condition Serious.

In spite of all official denials the belief has become general in Germany since Emperor William failed to open the reichstag Dec. 3 that the throat operation has not resulted favorably and that the royal patient is in danger. The conviction that the kaiser's malady is really of a cancerous nature gains fresh confirmation daily. It was said that the celebrated Dr. Moritz Schmidt of Frankfurt had been treating the kaiser's throat with radium in secret.

#### Notes.

It was reported that War Minister Kourapatkin of Russia has been forced out by the war party. \* \* \* England's purchase of the two new Chilean warships was believed to be to keep them out of Russia's hands.

### Executive.

#### \$500,000 to Fight Weevil.

Secretary of Agriculture Wilson in his annual report says the boll weevil threatens a complete revolution of the cotton industry and recommends the appropriation of \$500,000 for use in studying the problem. In spite of all efforts, he says, the boll weevil is constantly spreading north and east from Texas and unless checked will surely reach all the cotton growing states.

Exports of farm products for 1903 amounted to \$878,000,000, of which one-quarter was grain and another quarter meats and a third cotton.

#### Charged to Rural Delivery.

Third Assistant Postmaster General Madden says that if it had not been for the large increase in the appropriations for rural free delivery the postal service would have been practically self-sustaining during the last three years.

#### Ware to Resign.

Commissioner of Pensions Eugene F. Ware has announced his intention of resigning in a few months to resume his law practice. It is said that he resents the constant criticism of those who want a very liberal administration of the pension laws.

#### Moody Wants More Ships.

Secretary of the Navy Moody in his annual report recommends a large increase in the ships and officers of the navy. He also recommends a general staff.

### Legislative.

#### Cannon Committees Out.

Speaker Cannon announced the committees for the Fifty-eighth congress Dec. 5, and the new list showed no radical changes from the last congress except those made necessary by the change in house membership. The important chairmanships are as follows:

Postoffice, Overstreet (Ind.); Appropriations, Hemenway (Ind.); Judiciary, Jenkins (Wis.); Banking, Fowler (N. J.); Coinage, Southard (N. Y.); Interstate Commerce, Hepburn (Ia.); Rivers and Harbors, Burton (O.); Merchant and Marine, Grosvenor (O.); Agriculture, Wadsworth (N. Y.); Foreign Affairs, Hitt (Ill.); Naval Affairs, Foss (Ill.); Public Lands, Lacey (Ia.); Indian Affairs, Sherman (N. Y.); Territories, Hamilton (Mich.); Insular Affairs, Cooper (Wis.); Railways and Canals, Davidson (Wis.); Manufactures, Sibley (Pa.); Mines, Brown (Wis.); Public Buildings and Grounds, Gillet (N. Y.); Education, Southwick (N. Y.); Labor, Gardner (N. J.); Militia, Dick (O.); Pat-

ents, Skiles (O.); Pensions, Loudenslager (N. J.); Claims, Graff (Ill.); District of Columbia, Babcock (Wis.); Reform in Civil Service, Gillet (Mass.); Immigration, Howell (N. J.).

On the day prior to the announcement of the committees the speaker had a Mr. Schulteis put out of his room forcibly because as a representative of the Knights of Labor he threatened the speaker with defeat at the polls if the labor member, Mr. Livernash of California, were not made chairman of the committee on labor. Mr. Cannon had explained that it was customary to give all chairmanships to members of the majority.

#### Free Trade With Philippines.

Senator Foraker of Ohio, who is chairman of the committee on Pacific islands and Porto Rico, has declared his intention of favoring legislation to establish free trade with the Philippine Islands. He sees no reason why there should be one law for the Philippines and another for Porto Rico. He declares that the Republican party has nothing to fear from a full and free tariff discussion and expresses himself thus:

"I am not in favor of the Republican party going into the presidential campaign wearing gun shoes. Put on brogans instead."

### Legal and Criminal.

#### James L. Blair Indicted.

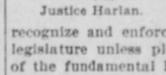

The St. Louis grand jury has returned indictments against the former counsel of the world's fair, James L. Blair, charging forgery of two deeds of trust for \$150,000. The penalty in each case ranges from ten years to life imprisonment. Mr. Blair is still in the hospital, where he went prostrated after the first publication of the accusations.

#### Railroad Robbers Arrested.

Two men believed to be members of the gang of telegraph and express station robbers on the railroads of northwestern Pennsylvania were arrested at Pottsville, Pa., Dec. 3. They had a large amount of stolen plunder and gave their names as Frank Gallagher and Peter Davis.

#### Kansas Eight Hour Law Valid.

The United States supreme court has affirmed the constitutionality of the Kansas eight hour law regulating labor on public works. Justice Harlan in delivering the opinion said that if the statute was unconstitutional the responsibility rested with the legislators and not with the courts. The law was enacted in 1891. He argued that the courts must recognize and enforce the acts of the legislature unless plainly in violation of the fundamental law.

A labor union was found guilty of illegal acts as a corporation body for the first time in this country when, on Dec. 4, at Chicago, Judge Holdom sustained the charge against Franklin union, No. 4, press feeders, of having violated the court's injunction, which restrained the union from interfering with certain printing firms and their employees. A fine was imposed.

The confession of two employees of the United States Express company at Pittsburg led to the arrest of several others who have been carrying on a systematic pilfering of packages.

At Tampa, Fla., a negro who assaulted a child was beaten by two mobs and hanged by a third.

Six residents of Grand Rapids, Mich., confessed in court to having received corruption money in connection with the waterworks steal.

Charles Kruger, who was arrested at Greensburg, Pa., has confessed to eighteen murders, including those of Policemen Pennell and Devine in Chicago.

After an extended conference between Senator Hanna and President Roosevelt at the White House it was reported Saturday that the senator had decided to resign the chairmanship of the Republican national committee notwithstanding that the president urged him to stay and conduct the campaign next year. Later it was admitted at the White House that Mr. Hanna was as yet undecided.

As to Perry S. Heath's connection with the national committee as secretary, it is understood the president thinks the committee amply qualified to take care of its own affairs without suggestion from him.

It was announced at New York after a conference between Leader Murphy of Tammany and David B. Hill that Hill should remain a state leader and the Democratic organization should send a united delegation to the national convention headed by Hill in favor of Judge Parker for the presidential nomination.

The head of the special commission from Colombia, General Rafael Reyes, was formally presented to President Roosevelt by Secretary Hay Dec. 5, but the details of the conference were not given out to the press.

A great mass meeting at Cooper Union, New York, last week was addressed by prominent reformers in the interest of John Turner, the English anarchist, whose deportation was ordered under the new law. An appeal is being taken to the supreme court inasmuch as Turner does not believe in attacking governments or society with violence. It was stated that his philosophic anarchism is the very opposite of brute force, being based on the utmost liberty of the individual.

Perry Heath, in his paper, the Salt Lake Tribune, charges Bristow with malice. \* \* \* The Montana extra session Republicans have agreed on a fair trial law. \* \* \* Louisiana Republicans offered \$300,000 for the national convention. \* \* \* The resignation of Chairman Bruce of the Republican county committee at New York was generally regarded as an evidence of Governor Odell's power over the Republican machine.

Victor Herbert, leader of the Pittsburg orchestra, resigned Dec. 3 in order to devote all his time to writing opera. He had been the leader of this famous organization for six years. He will now make his home in New York.

Professor Giacomo Minkowski, who awarded the Nordica prize of a five year course in voice culture during the fall, has announced that the contest will be held over again, as the winner has been found to be a married woman. She entered as Marguerite Harrison, the name she expected to use on reaching the stage, but has since given her name as Mrs. Edwin Riley, wife of a minister at Jenkintown, Pa.

The efforts of Frau Wagner to prevent the production of "Parsifal" at New York have failed. The United States court at that place has decided that such a production in this country in no way infringes upon the rights of the Wagner heirs, and the first performance, under the management of Heinrich Conried, will be given Dec. 24.

When at noon, Dec. 7, the presiding officers of the senate and house declared the extraordinary session at an end by limitation of law and the regular session begun, the fate of General Wood's rank as major general under the recess nomination hung in the balance. The house had adhered to its purpose of disciplining the senate for delaying consideration of the Cuban reciprocity bill. It was held, however, by some that constructively an interval occurred between the extra and regular sessions sufficient to enable the president to renew his recess nominations.

The investigation conducted by the senate military committee into the charges preferred by Major Rathbone against General Wood continued to be the theme of greatest interest in congress, as a powerful faction of Republicans headed by Senator Hanna was known to be working against the promotion of Wood over the heads of older and more experienced officers.

The testimony of General Brooke regarding Wood's insubordination added weight to the Rathbone charges and gave color to the claim that the army was opposed to the rapid advance of General Wood over the heads of older men. Ray Stannard Baker denied that the Major Runcie magazine article was inspired by Wood.

The committee decided to summon former Secretary of War Root, and there was renewal of the talk that Wood himself would have to be recalled from the Philippines to face his accusers.

Sick Women are Invited to Consult Doctor Pierce by Letter Free

Free medical advice is offered by many who are not qualified to practice medicine, and whose "medical" advice is therefore worse than worthless, because it is dangerous. Dr. Pierce's offer of free consultation by letter is not to be confounded with spurious offers of free medical advice. As chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., assisted by his medical staff of nearly a score of physicians, Dr. R. V. Pierce has in a little more than thirty years treated and cured hundreds of thousands of weak and sick women.

The most sensitive can address Dr. Pierce in perfect freedom. All letters are held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in personal consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Address Dr. R. V. Pierce, Buffalo, N. Y.

"About four months ago I wrote to you for advice, and you very kindly advised me what to take," writes Mrs. Ida May Chandler, of Sandusky, Ind. "I did as you directed. At the time I was hardly able to be up at all, and what I suffered for four years God alone knows. I was nothing but a walking skeleton, but now I feel like a new woman. I would have written before but was waiting to see how I would get along. Dear Doctor, I am so thankful to you and to God for your 'Favorite Prescription' and for the fatherly letter you wrote me. Had it not been for you I would have been in my grave to-day, but, instead, am on the road to recovery. Maybe this will influence some other poor suffering woman to come to you for advice."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

Sometimes a dealer will offer a substitute for "Favorite Prescription" as "just as good." Judged by its record of cures of womanly ills, there is no other medicine just as good as "Favorite Prescription."
