

BELLEFONTE AND VICINITY

—James I. McClure has been appointed special representative to sell Singer machines at Bellefonte and State College.

—There will be an oyster supper held in the Petriken Hall, on Saturday, Jan. 23rd, for the benefit of the United Evangelical church. The public is invited to give them a liberal patronage.

—For straight, cold winter weather from beginning of November up to this time, it has been a record breaker. The average of mercury has been lower than that of any preceding year.

—The annual congregational meeting will be held at St. John's Reformed church, next Sunday evening. Elders and Deacons will be elected and the treasurer's report read.

—The Direct Supply Company, located in the former William's paper room on H high street, has a lot of desirable furniture that will be sold at bargains. See their advertisement elsewhere in this issue.

—For sale—all our heavy weight suits, overcoats, extra pants, shirts, neckwear, hosiery, underwear, hats and caps at greatly reduced prices. Apply on or before Saturday, Jan. 23rd.—Sim The Clothier.

—John H. Beck, of Nittany, one of the County Auditors, called on Wednesday to renew his subscription. He says they are getting along nicely with the various accounts of the public officials, and up to this time there has been no difficulty.

—Rev. A. C. Lathrop, Baptist minister at Milesburg, was a caller at this office. Rev. Lathrop has officiated at 24 funerals during the past year besides many weddings. He is so very pleasant and agreeable that we bid him welcome always.

—The pumping machinery at the Reynolds mill is undergoing some repairs and adjustment at present so as to be in perfect trim when the same is turned over to the borough authorities for the test, as to its capacity.

—It is seldom that a better attraction comes through this section than “Miss Bob White” and as a result on Tuesday evening the opera house was packed. The production pleased all, as it was fully up to all expectations. Every seat in the house was sold.

—Allan Villair, pretty, magnetic Pearl Lewis and a perfect company, in a scenic production of “The Heart of Texas” will be at the opera house this evening. It is a heart of intense interest. Bristling with human passion, sensational incidents, wonderful realism and delightful comedy.

—Mr. and Mrs. John Porter Lyons, little Miss Deborah and baby George who had been staying at the Mitchell home on north Thomas street since the latter part of October, returned to their home at Pennsylvania Furnace last Thursday. Mrs. Mitchell who has been ill since October is now able to sit up.

—Geo. H. Smull, agent for the Mutual Life Insurance Company of New York, as is his custom, left one of his fine calendars at our office, and it received a prominent place in it.

—Hon. R. M. Foster was in town on Monday and in reply as to what the street committee in State College was doing these days to make things interesting, he informed us that the days of contention had passed by up there and that everything was being submitted to a process of arbitration. As a result a lot of good walks are being laid by the borough on certain disputed territory and everything is lovely.

—During the past week our sidewalk have been in an exceedingly dangerous condition from sleet and ice. This can hardly be avoided, but they can be made safer for pedestrians by scattering fine coal ashes over the surface. The Mayor, of Harrisburg, issued an order of that kind this week as the most practical thing to do. Everybody has coal ashes and it can be easily applied. It is about the best thing that can be used.

—The Williamsport High school basketball team, defeated the Academy team in the Armory on Saturday evening by the score of 28 to 20. The first half ended in a score of 14 to 10 in favor of Williamsport. In the second half each team scored the same number of goals as in the first. The next game will be on Saturday evening, January 23, in the Armory between Susquehanna University and the Academy.

—On Monday evening a fracas occurred among a lot of Austrians, out near the Nittany furnace. The foreigners had been drinking too much booze and a fight followed in which one man was badly used up, and claims to have been robbed of over a hundred dollars. As a result a lot of the gang were arrested, but the matter was finally arranged and the prisoners released. Up to this time the money has not been recovered.

—In St. Paul they have a remedy against spitting on sidewalks that might be introduced in Bellefonte and other towns. Here it is: Health Commissioner O'Hage a few nights ago campaigned against spitting on the sidewalk and in public places. A dozen spitters in front of the Grand Theatre were forced by health officers to take out their handkerchiefs and mop the sidewalks they had befouled. More than this number escaped arrest by obeying the orders of inspectors at the Star Theatre. The humiliation of the offenders was deep.

—The windows in the basement of the Watchman office are boarded up in a manner as to indicate that they were anticipating an attack from some hostile section. That is correct, as there is an awful amount of snow on the mountains and the valleys and when the temperature begins to drop something is going to rise and that likely will be Spring creek, on an annual tear. In this way they hope, in a measure, to avert some of the damage as was done by former floods.

—Last evening the members of the Lutheran church of this place, attended a sociable at the home of Frank Hazel, one mile from Bellefonte. The party were conveyed by sleds to the Hazel home where an elegant supper had been prepared; games, social confabs and such like entered into the pleasures of the evening. The church realized a handsome sum from the social. Mr. and Mrs. Hazel left nothing undone that would minister to the pleasures of the evening.

—Three fourths of all the sewing machines sold throughout the world are made by the Singer Mfg. Co. The annual production of the Singer factories is about 1,000,000 machines, and the total production since 1851 exceeds 20 millions. It is the intention of the Singer Co. to try to place a Singer machine in every family in Centre county that has no machine, by appointing J. I. McClure special representative to see that every family is supplied with a Singer machine. Send a postal to Mr. McClure and he will deliver a machine to your house on trial. Address Bellefonte and State College.

—Our young folks—lads and lassies—have been enjoying royal coasting for several weeks now, from a dozen hills that lead into town. The elevation they have, brings them down with the swiftness of an arrow over distances ranging from one-fourth to well nigh a mile. The little boy and the little girl too, with hand sleds, to the number of scores, vie with the big coasting sleds freighted with a dozen to a score of young ladies and gents, sweep down our hills like unto a Chicago limited, stopping at no way stations, and followed by the eyes of the crowds on the street. Thus far, we are pleased to note your young people have enjoyed themselves immensely without any accident.

—The Bellefonte Lodge No. 945 of the Retail Clerks Association held a special meeting Monday evening in the K. O. E. Hall in Eagle block and installed their officers for the coming six months. The officers are as follows: Wm. P. Kuhn, president; Forest Ocker, vice president; Lloyd Anrand, 2nd vice president; Jacob Marks, treasurer; Edward Nearhood, financial secretary; Orrie Kline, recording secretary; Frank Bartley, guide; Clarence Smith, support; Homer Barnes, Walter Armstrong, and J. H. Woerner, trustees. After the meeting the members adjourned to the restaurant of Charles Hazel where a splendid oyster supper was in waiting.

—January court convenes next week.

—James A. McClain, of Spangler, was a visitor in town the past week.

—“The Heart of Texas” comes to the opera house this Thursday evening.

—Col. W. F. Reeder is not able to be at his office, but is slowly improving. He has had quite a tussle with pleurisy.

—Misses Bessie Sturgis and Mary Hartman, both of Millheim, were guests Tuesday night at the home of Mr. and Mrs. Lewis Gettig.

—Court next week will bring many of the Democrat's esteemed patrons and others to town; we will be glad to have all call and say, “how de-do.”

—If you are having sale it is important to have same announced in our Sale Register. We have a reputation for printing attractive bills at reasonable prices.

—The ladies of the Catholic church will hold a progressive euchre party in St. John's hall this Thursday evening, January 21st. Proceeds for the benefit of the church.

—Complaint comes from many points of the county on account of scarcity of water—streams and springs are low. Bellefonte never suffers in this regard—its great spring, and the many springs in the vicinity, flow with abundance in the driest periods. Few towns are equally favored—our available surplus would supply an additional 20,000 population.

—Ex Sheriff W. M. Cronister, of Philipsburg, was in town on Monday on his way to Millheim to attend the Gentzel and Beezer horse sale where he expected to buy several good ones for his delivery wagons. He is engaged in the hardware business at Philipsburg and we are glad to hear that he is carrying a very large line of goods and is doing an unusually large business. He always was a good hustler, either in politics or business, and a clever fellow in the bargain.

A SMALL BUSINESS.

Dr. Geo. M. Porey, a specialist of the diseases of the eye, ear and throat who was at the Brockerhoff house for a few days, was arrested on Monday of this week on complaint made by a couple of our local physicians. The hearing developed the facts that Dr. Porey was duly registered in Northumberland county, as required by the Act of 1881 and this gave him the right to practice his profession in any county in the state. Dr. Porey was, however, held for Court on the ground that he had no permanent office in this county. He is a member of the Northumberland County Medical Society, at one time President of the same, and is a physician of good standing. To arrest a man of this kind who knows his business on such grounds is a small, indeed an exceedingly small business, and those who did it should be ashamed of their smallness.

A CITIZEN.

(The above communication, from a prominent citizen, is published by request. We were not aware of the case until late last evening, when it came to us time was too short to investigate. When the case comes before court it will be fully and impartially reported in these columns.—Ed.)

How to Manage Him.

Here are some more suggestions from an exchange, advising an impossible woman on the management of a probable husband:

When you marry him, love him. After you marry him, study him. If he is honest, honor him.

If he is generous, appreciate him. When he is sad, cheer him. When he is cross, amuse him.

When he is talkative, listen to him. When he is quarrelsome, ignore him. When he is slothful, spur him.

If he is noble, praise him. If he is confidential, encourage him. If he is secretive, trust him.

If he is jealous, care him. If he cares naught for pleasure, coax him. If he favors society, accompany him.

If he does you a favor, thank him. When he deserves it, kiss him. Let him know how well you understand him, but never let him know that you “manage” him.

INSURANCE ASSESSMENTS

An item is going through some of the local papers to the effect that Judge Bidde has made a ruling in the Carlisle, Pa. courts against the Iron City Insurance Company to collect assessments. In the policy was a guarantee that the assessments should not exceed an aggregate of \$25 87, and in the case tried the policy holder had notice of five assessments of \$5 40 each. As no such guarantee was given in the policies that were held in this county the ruling does not apply to them. A great many people in this county were unfortunate in holding policies in this company and it is quite possible that they will have to pay the heavy assessments levied against them. There seems to be little remedy for them.

Quay in Poor Health.

Senator Quay appears worn and haggard and walks with apparent feebleness. To all inquiries regarding his health he replies that he is feeling badly. Senator Quay has been suffering for some time from insomnia, and it is this affliction that has been breaking down his strength and sapping his energies.

There are no new cases of scarlet fever at Port Matilda. The sick at this writing are in the homes of Ellis Williams and David Gingery.

He was found dead an hour later by another inmate of the house. The coroner's verdict is death by concussion of the brain caused by the fall. The deceased is a son of the late Richard Bailey and was born in Half Moon valley. He had been indulging too freely, which may have caused the accident.

JOHN L. KURTZ:—died suddenly of apoplexy at his home, this place, on Monday evening at 11:55 o'clock. He was taken ill and expired before medical assistance could be summoned. For over a year Mr. Kurtz had been in declining health and at times was unable to attend to his duties at the Centre County Bank with which he was connected for over thirty-six years. He was born at Huntingdon, May 30, 1847 making his age at time of death 56 years, 7 months and 19 days. His mother was a sister of the late David M. Butts, of this place. When a young man he was located in Bellefonte. At one time he was engaged with the late George L. Potter in the insurance business. When the Centre County Bank was founded he became associated with and has remained in that institution ever since, a period of thirty-six years. At the time of his death he was Vice President of that institution. He served in the Emergency campaign when Lee made his famous invasion of Pennsylvania.
