Eminently Successful.

Many knowingly and very many more unknowingly are affected by that terrible disease which causes more fatalities than any other ailment—kidney and bladder trouble. Pains in the back and loins, excessive or insufficient urine, scalding or burning urine, headache, depressed feeling, yellow muddy looking complexion, frequent heart palpitations, swelling of the feet and ankles, are all positive evidences that the kidneys are not performing their functions properly. KRINE'S KIDNEY PILLS are a positive cure for any of these organs. Sidney Krumeine, the Bellefonte Druggist, guarantees these pills and will cheerfully refund your money if they fail to benefit you. One box—one month's treatment—of Krine's Kidney Pills for one dollar, and you are your own judge; if you are not cured or benefited you get your money back. Remember the remedy costs you nothing if it fails. For sale at Krumeine's Pharmacy, Bellefonte, Pa. 26

Milesburg.

A sleighing party consisting of Bellefonte and Hastings young ladies, with young men of Milesburg, were entertained at the home of Eli Erhart, on Friday evening the 5th. Three of the young men, so said, were short of the cash to help pay for their ride consequently walked home, thereby letting the remaining young men pay the piper—we will withhold their names for the present.

Harry Bronsell has returned home with the 13th regiment of the regular army, stopped off here to visit his grandparents, Joseph Folmer and wife; has been to the Philippine Islands arriving in San Francisco, California, was taken east to Vermont where the regiment was discharged from their three year service; his home is in Plano, Illinois, has grown to be a good looking soldier. He was formerly of this place.

A sled load of married and single ladies left for the residence of Mr. and Mrs. Wm. Shawly, at Marsh Creek, recently, everything delightful until time of their departure arrived. Mr. and Mrs. Shawly insisted they should remain until morning. But no that would not meet the case, then started in full glee for home; had driven but a short distance, landed in a snow drift, team unable to pull the load, had to do the next best thing, get off the sled and walk to the top of the Divide; Ed. Peter's the driver laded them safe at home at 4 o'clock.

Mrs. Charles Allen left for McKeesport, where she will make her future home.

Miss Sophia Rockey intends building herself a home in town in the spring, the material for same being hauled now.

The New York World.

The Thrice a Week World long ago established itself in public favor, and it is now recognized as the strongest publication of its kind in the United States. Advertisers and publishers seeking clubbing combinations—and they know best—universally testify to this. It is widely circulated in every State and Territory of the Union, and even in remote South Africa and on the gold fields in the deserts of Australia. These are the things that tell.

This year we have the Presidential campaign, in which all Americans are deeply interested. Already the issues are being discussed and the two great parties are preparing for the first moves. You will not want to miss any details, and if you subscribe now your year's subscription will cover the campaign from beginning to end.

The Thrice-a-Week World is absolutely fair in its political news. Partisan bias is never allowed to affect its news columns, and Democrats and Republicans alike can obtain in its pages truthful accounts of all the great political contests.

In addition to all the news, the Thrice-a-Week World furnishes the best serial fiction, elaborate market reports and other features of interest. The Thrice a Week World's regular subscription price is only \$1.00 per year, and this pays for 150 papers. We offer this unequalled newspaper and Centre Democrat together one year for \$1.65. The regular subscription price of the two papers is \$2.00.

WHAT IS WRONG WITH PICTURE?

Fiedler.

Daniel Eisler and wife of Essington, Delaware county, Pa., were visitors at J. D. Musser's last week.

Harry Wartz was over in Brush valley a few days visiting his aged grandfather, John Y. Stover.

George says that Parsley would make a good saddle horse, the only fault he has was that his gait is too slow when he is wading through water in Applebutter street.

Boyd Musser, a young lad of about 13 years, shot two foxes this winter.

One of our men claims that he got a call to be an evangelist and we all hope that he will answer the call.

J. D. Musser had a very painful accident on Saturday morning as he and two other men were getting fire wood from the mountain; he stepped between two stones and before he could step out his horse came and tramped on his right foot; he was unable to get around for a few days.

Wonder who got the finest valentine? Rumor has it that there will be a wedding in the near future.

There has been a club organized to play ball every Saturday afternoon; some of our old players are taking a part of the sport, they say they can play as good as ever when they get warmed up.

Michael Fiedler is on the sick list.

Auction again at Woodward on Saturday, Feb. 20th.

Centre Hall.

Mrs. Rev. Rearick attended the funeral of Mrs. Rev. Aarand of Millburg.

Rev. McIlhinny's protracted meeting is still in progress.

David G. Runkle, of Pittsburgh, shipped a carload of horses from here to that place last week.

F. E. Arney is still suffering pain in his eye, due to injuries received sometime ago in the foundry.

Joel Kerstetter, on the Curtin farm at the station will move to the Jas. Peasley farm, near Laurelton, next spring.

Henry Homan, on the Brockhoff farm, near Centre Hill, will occupy the farm to be vacated by Mr. Kerstetter.

Rev. Rearick's protracted meeting at Spring Mills has been fruitful of much good.

Mrs. Rev. Rearick left last week on a visit to friends in Snyder county.

The Lase foundry is now an assured business. Credit to the public spirit of the firm. There is room for more of the same sort—to do and not to merely talk. Actions help a town, and keeps it from going down.

Penn Hall.

John Allbright traded his team of mules for a nice driving horse.

An accident occurred to a Mr. Decker, of Geogoesville, last Saturday evening, while giving his best girl a sleigh ride; we noticed his sleigh at the shop for repairs; four in a sleigh is a pretty heavy load, Kernie.

Miss Kate Breon went to Bellefonte where she intends to spend the summer.

John A. Long made a business trip to State College.

Irvin B. Showers will move to Centre Hall in the near future.

Henry Wagner intends to move to State College. We are sorry to lose Henry.

Clarence Stove intends to haul lumber for W. F. Stover this summer.

M. H. Gaize was on the sick list last week, but are glad to say he is able to be on his feet again.

W. F. Stover lost a valuable hog last week.

Lots of people were pleased with the nice valentines which they received last Saturday at this place.

Benore.

Saturday afternoon Geo. Stine, of Buffalo Run, who is employed by the Bellefonte Furnace Co., while at his work in the bank, had the small bone of his right arm broken by a stone, which was thrown into the air by a blast.

Mrs. John Rowland, of British Columbia, a former resident of this place, who has been visiting her sister, Mrs. John Haug, for the past three weeks, left for Mill Creek on Saturday morning to visit her sister.

Mrs. J. S. Parsons, who returned to the Bellefonte hospital, is getting along nicely.

Valentine day is past and many seem to be pleased as well as displeased with the valentines they received.

The greatest shoe sale at Mingles began Wednesday with a crowd of customers. When Mingle advertises bargains, people expect bargains and go for them.

Unionville.

The annual quarterly meeting of the society of Friends was held here on last Saturday and Sunday and was attended by many Friends from a distance as well as many citizens of our town and vicinity.

Miss Alice Buck, teacher of the primary school, treated her pupils to a jolly sled ride on last Friday afternoon and on Saturday afternoon Joseph Brugger furnished the team and sled. Miss Buck is one of the most successful teachers in the county. She has her school, of nearly half a hundred tots, perfectly disciplined. A more orderly and happy lot of little boys and girls we never saw before. The secret of her success is love; she loves her school and her pupils and they love their teacher, and both teacher and pupils well deserve a half day's outing.

The venerable William Iddings is seriously ill at the home of his son, Edward on Dix Run, from a complication of ailments incident to old age.

E. M. Griest will move his family to Philipsburg on next Monday, and his house will at once be occupied by John P. Harris, Jr., of Bellefonte.

There was a lively time at the home of Squire Pratt on Saturday evening. I do not know particulars but I learned that they had ice cream and coffee, etc., and that Harry Black and wife, of Altoona, Mrs. Martin Cooney, of Bellefonte and Mrs. P. J. McDonnell were there and that it was 12 o'clock when they disbanded, which means a good time, of course.

On last Friday evening two sled loads of our citizens, the elite of the town, just 30 of them, went up to Crider Mat-terns to have a good time and they had it sure. But thereby hangs a tale. The teams were furnished by Joseph Brugger and Clart Stover. Just above Owen Underwood's, on their way up, Stover's sled ran into a snow drift which caused the point of equilibrium to fall outside the centre of gravity. That is, the sled capsized dumping its entire cargo of humanity out and over an embankment. Such a mass of frightened, scrambling, screaming mortals one don't often see.

Prof. Jim Pratt whose weight is about 190 lbs. avoid a dip, rolled down over the embankment just like a big saw log. Miss Cora Bing was pinned to the road by the sled and screamed for help, and Charley Griest thinking she was killed sprang to her assistance and lifted sled, box and all off her as if it had been a little red coaster—then a merry voice rang out in the bracing air—"rabber—I am not hurt at all." Mrs. D. Buck slid down over the bank on her face, injuring her countenance a little but no further harm was done. The party then gathered up their roast chicken, baked beans, cakes, pies, et cetera, and went on their way rejoicing that no one was hurt. It was the cause of much merriment. They report having had a royal good time.

The artist's model considers herself lucky if she can make a bare living.

STRAIGHT TALK ABOUT GETTING WELL

If this was the only medicine advertisement in this newspaper, we believe you would quickly try a bottle of our Rexall Mucu-Tone. But you have read the extravagant claims of so many marvelous medicines that you have grown skeptical.

Let us reason with you a moment. We say to you positively and without reservation that we have never before known a tonic or cathart cure to accomplish the results worked by Mucu-Tone. It is a scientific, meritorious, reliable remedy. We know how it is compounded, and we unhesitatingly give it our endorsement—not only our endorsement, but our guarantee.

If you try a bottle of Rexall Mucu-Tone and are not thoroughly satisfied with it, we will refund your money promptly, cheerfully and without any red tape.

Now, we can't afford to allow such strong statements to be printed in our advertising space unless we know we are right. If we deceived you in this advertisement, we would lose your confidence and your trade—and we don't spend money in advertising for the purpose of losing trade.

SOME OF OUR REASONS. Let us give you some of our reasons for talking so earnestly about Rexall Mucu-Tone.

You know that our bodies are lined with a thin, web-like skin called the mucous membrane. It begins in the nose and mouth and extends down the throat through the stomach, intestines and bladder. It also covers the liver and kidneys; and in women, the pelvic organs.

Now this membrane is composed of millions of tiny cells filled with a fluid called mucous, which is a sort of lubricant for the various organs. If a few of these cells should become choked up and unable to supply this fluid, it would cause sickness; if most of them were so affected it would cause death.

WHAT IT MEANS TO BE "RUN DOWN." This is what causes the state of ill health and weakness which exists when you are "run down."

PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit.

The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science.

But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, a flesh and muscle food if they are thin and weak and a blood food if there is anemia?

Scott's Emulsion is a mixed food; the Cod Liver Oil in it makes flesh, blood and muscle, the Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

Be sure that this picture in the wrapper of every bottle of Emulsion you buy.
