FILLMORE NO. 2.

Scribe No. 1 stated last week that there were some fellows up the saplin, but thought they would soon come down. Wonder if the scribe wasn't the first to come down and didn't pick his place to light either—did he Miles?

Our champion pugilist, of this place, was knocked out in the first round.

The scribe also stated there were several good looking young ladies in our town looking for fellows. We have it from good authority that it is not the scribe they are after.

In the Fillmore items we see that we have some lively farmers and some slow ones, who hadn't their corn fodder in yet and the neighbors had better help him again. Now, will say, if the scribe had acted the man, stayed at his place and done his duty, instead of leaving and going hunting, think it would have been more credit to him than to make fun of him now.

NOW IS THE TIME TO USE HYOMEL

Cures Catarrh and Prevents Colds. No Stomach Dosing, Just Breathe it.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent. Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed.

Hyomel is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The balsamic air of Hyomel breathed through the small pocket inhaler that comes with every outfit is filled with germ killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs, frees the mucous membrane from poisonous microbes, and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomel can be procured for 50c. S. Krumrine sells Hyomel on the "no cure, no pay" plan, and will refund the money if it fails to give satisfaction. You take no risk whatever in using Hyomel. Rexall Scrawny Girls

With Hollow Cheeks and Sallow Complexions May Again Be Plump and Rosy

Many girls have grown old and homely with the best part of life still before them. Something has gone wrong with the seat of life—the stomach.

Foods do not digest and consequently there is no new blood. The body becomes a furnace without fuel. It begins to eat itself. The tissues, the muscles, the strength built up in the past, now go to support life. The once beautiful and healthy girl becomes emaciated, angular, hollow cheeked and stoop shouldered. Her complexion is yellow and wrinkled. She is a soured old woman.

Dyspepsia does all this.

This terrible disease was always difficult to overcome, but we have at last found a positive and permanent cure—Rexall Dyspepsia Tablets.

Our new remedy supplies the one element, the lack of which in the gastric juices is the sole cause of dyspepsia. It stimulates the digestive organs to perfect action and enables them to extract the last particle of blood and health and strength from the food eaten.

Rexall Dyspepsia Tablets will tone up your system, quiet your nerves, make you sleep sound, show you the bright side of life, clear your complexion and give you the firm, plump flesh nature intended you to have.

We give you back your money if they fail to cure you.

Price 25 cents. Sold only at our store or by mail.

GREEN'S PHARMACY.

Healthy Signs For 1904

Our After-Inventory Statement:

The mere fact that we have grown so enormously in our business has proven to all our customers by the success we have made. Our aim is to give the very best that money and brains can afford, not only in our buying but in our selling. For the purpose of making ourselves known to those who have never bought from us and our methods of doing business we take this opportunity of introducing ourselves.

We keep all goods, and those only of the very best makes that are usually kept in a first class Dry Goods, Millinery and Carpet store.

Let us go in on the First Floor.

On this floor we find Dry Goods, Millinery, Ladies' Coats and Notions. In our Dress Goods Department we make a specialty of the famous Broadhead Suitings manufactured by Wm. Broadhead & Sons, of Jamestown, New York. Every yard we sell is shrunken and sponged which gives our customers a guarantee from the goods becoming damaged by spotting after it is made up. Black Dress Goods is our particular hobby in this department.

Opposite from our Dress Goods Department you will find our Notions, Ladies' Neckwear, Corsets, Hoisery, Laces, etc. A full line always carried on hand makes us headquarters for Notions.

In the rear part of our store you find our Millinery Department. This Department should have more space than we give it but our immense variety of goods prohibits this. We employ only first-class trimmers and guarantee satisfaction to every one in search of a hat or bonnet.

On the Second Floor

We find Ladies' Suits, Skirts, Lace Curtains and an immense line of Carpets and Linoleum.

Our Carpet Department this season is better than ever before—more styles to select from and better designs than ever before. Our prices also are lower than those of our competitors, which accounts to a great extent for our volume of business in this Department.

On the Third Floor

We carry an immense duplicate stock and do a small wholesale business with out-of-town merchants. We buy in large quantities which enables us to sell wholesale as cheap as small merchants can buy from eastern business houses. Our aim is to buy direct from the factory and we save the middle-man's profit; therefore it enables us to sell goods at the lowest minimum prices. WHEN IN BELLEFONTE VISIT US.
