There will be a good many changes in Penn township this spring.

Tuesday, the 16, was a very cold day for election, but not enough for some of the candidates that were so sure of their election. Poor Tommy had to go up Salt river; he packed his knapsack and started off on Wednesday morning with 25 republicans, 5 democrats and 1 prohibition—he had 31 votes in all. Now Tommy, if you will try it again, take my advice and do not praise yourself so much in the papers, and put better material on the road for electioneering, and give tooters instead of penny winkers, and announce yourself in Barkers Almanac, then you are sure to win.

The scribe of Highvalley came down on election day and he said he would not miss an election on account of the cold, and if it would be so cold that the horns would freeze from a muleys cow's head, and on Wednesday morning he was down again to see poor Tommy start.

A certain man from near Georgetown has a good bit to say about the Georgetown scribe, but nothing good. Now brother, you used to preach the gospel and show the people the road to heaven, and does not the second Commandment say, love thy neighbors as thy self: do thou likewise then all is well.

The rooms were filled and the exercises commenced with music by the school, after which we were favored by choice recitations, and dialogues, among which were: "Tribble in a Mormon family," "Joanqui Proposal," and "Taking the train to (Morrow)," after which an interesting debate was given by pupils of the high school; subject "Resolved, that Macbeth was worse than lady Macbeth." The way this subject was discussed showed a great amount of talent, and that there had been considerable thinking done. They deserve credit from all interested in educational work.

At the election in Bush Creek last week it was decided by a vote of 53 to 17 to bond the borough at seven per cent for the purpose of building a new school house.

KRINE'S KIDNEY PILLS.

Cost Nothing if They Fail to Cure.

These pills have cured thousands of the most obstinate cases of Kidney Trouble, and they will cure you. Sidney Krumine (Druggist) is authorized to pay back your money if you are not cured or benefited.

Pains in the back and loins, insufficient or excessive urine, scalding or burning urine, headache, nervousness, sleeplessness, irritability, slow-muddy looking complexion, swelling of the feet and ankles are all evidences that the kidneys are not performing their function properly.

The kidneys are the most important of all the organs; they have more work to do than any other organ in the body; hence it is only natural that they need help first; they filter the blood and keep removing the poisons from this most vital fluid. If the kidneys are kept in a healthy condition many diseases may be prevented.

Krine's Kidney Pills are a scientific preparation of powerful yet harmless drugs. We guarantee every box, which contains one month's treatment, to cure any case of kidney or urinary trouble. Well, I will try and give you the news of our little town the best I can. What I cannot think and see No. 2 will surely send you, as he has lots of time to gather up the news, it suits him better than work; when you shoot into a flock of birds the one that is hit is the one that flutters. No. 2 did the fluttering.

There was a young man in our town on Saturday evening that had to take back a lot of talk he had done about some people. It would be a good thing if some more of the fellows that take delight in talking about others were brought up to face it; better talk about horses.

The Penn Cave scribe stated in his last issue that the Farmers Mills scribe would better attend to his own traps; but the reason is that he don't deal in trapping or be certainly would attend to them. I don't believe that he could contend them much better than the Penn Cave scribe does his.

H. D. Hagau and family spent Sunday with T. P. Dack's in Brush valley.

A number of our people will move in the spring; among them are Albert Bradford, Samuel Frederick, Ammon Decker and Daniel Emmel.

S. KRUMINE RELYS UPON HYOMEI.

Cures Colds, Coughs, Catarrh and Grip. Just Breathe It.

Hyomei is nature's own method for curing catarrh, colds, coughs and diseases of the respiratory organs. It is the only natural treatment for the cure of these troubles.

Breathed through the neat pocket inhaler that comes with every outfit, the air that passes into the throat and lungs, is identical with that on the mountains, where it is laden with healing and health-giving balsams. It searches out and kills disease germs in the most remote and minute air cells of the head, throat and lungs, it soothes and heals all irritation of the mucous membrane.

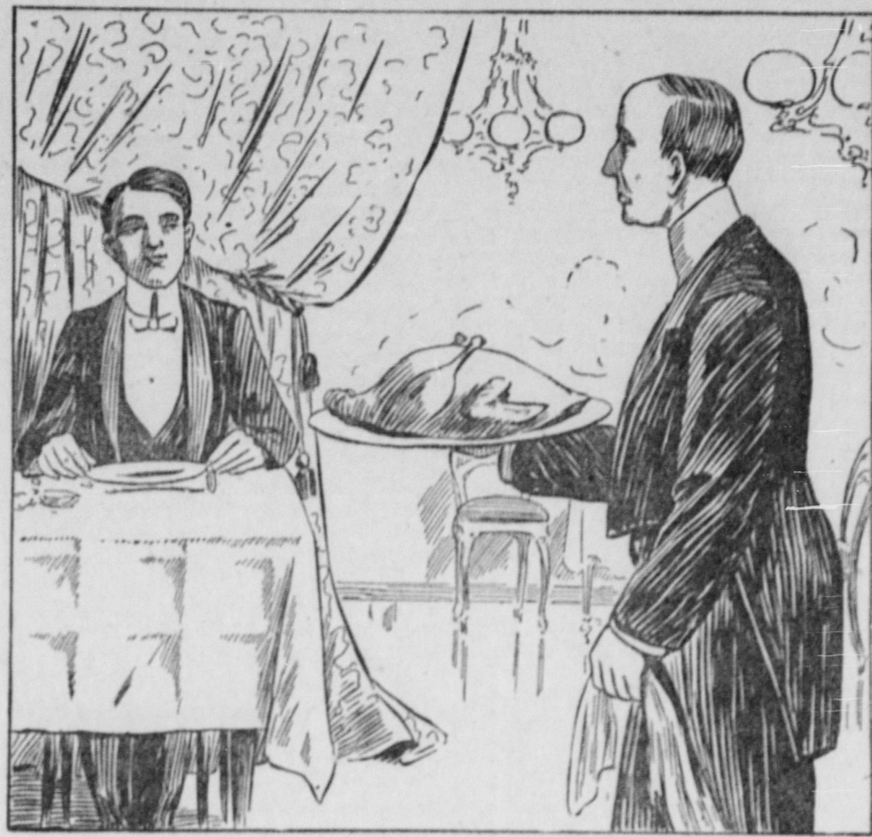

Hyomei is prescribed by physicians generally. Many of them use it themselves to break up a cold and prevent pneumonia.

The complete Hyomei outfit consists of a neat inhaler, that is so small and convenient that it can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei. This costs but \$1, and it will cure any ordinary case of catarrh. In chronic and deep seated conditions, longer use is necessary and extra bottles of Hyomei can be obtained for 50c., making it a most economical treatment for this disease.

S. Krumine has so much confidence in the power of Hyomei to cure catarrh and other diseases of the throat and lungs that he sells it under his personal guarantee to refund the money to any purchaser in case it fails to give satisfaction. He takes all the risk himself, and Hyomei costs you absolutely nothing unless it does you good.

A woman is never quite sure of her husband's whereabouts, even after he is dead.

There was a large party on Saturday evening at the home of Elias Decker.

Unionville.

For a change from Unionville items I will, this week, give to the readers of your paper the news on the style of a letter, and hope it will be well and carefully pursued. P. J. McDonnell sold his property on Main street, now occupied by William Keatley, to T. E. Griest for the sum of \$600, both parties are well satisfied. On last Thursday, Perry Moran left one end of a heavy railroad the drop on his foot and now he is taking a compulsory rest. No bones were broken and Perry thinks he will be able to resume work by the time the woodchuck makes his final debut. On the same day L. E. Lindemuth lost a valuable horse which slipped on the ice and fell, breaking one of its legs and had to be killed; it was a great loss to Lemore as the other horse won't work in buggy shafts so that he must now walk when he goes to see his best girl. Jacob Kerchner brought down from the mountain on one load, eight sick people of our town are Mrs. Sophia Stover who has been quite ill for a long time, she is quite an old lady and is a great sufferer but every thing that can be done by loving hands to relieve her suffering is being done. Too much praise cannot be given to her daughter, Miss Sue, for her untiring devotion and self-denial in ministering to her aged mother. Benjamin Kerchner, oldest son of our "Prop" man, is lying dangerously ill with typhoid fever and pneumonia, at his home in the Union hotel. Mrs. Harry Calhoun, who has been quite sick for several weeks, is convalescing. Mich Gardner and Chaney Hieckle, a pair of Bellefonte's representative citizens, were in town on Saturday evening. They refused to state their business in consequence our constable Andy Rowan was authorized to shadow them until they got outside of the borough lines. On Friday evening the large audience room of the Presbyterian church was filled to overflowing with an appreciative audience, who came to hear the accomplished Miss Lizzie Faxon who gave an elocutionary entertainment. Sleds came from Port Matilda, Marthia, Julian and Milesburg. Her rendition of the various pieces were utterly beyond criticism—the general verdict was "She's just grand." As the audience was leaving the church on stepping on the street, no less than 22 persons, mostly ladies, slipped on the ice and fell keftump, some times two or three at once which caused no little merriment among the boys who kept tally. On Saturday Teachers' local Institute convened in same room and, we have been informed by a number of those present, that it was the most interesting and successful one that was ever held here. Professors Gramley, Eiters and Gregg were in attendance. A few days ago I went with a sled load of Unionvillians over the mountain to Fillmore and on our way home we saw a flock of 13 fine, large wild turkeys, mostly gobblers, in a field on the

old John Moran farm in the mountains. They were quietly feeding on grass near the house, which, of course, is vacant, but on our approach they leisurely walked off to the top of the mountain and were soon lost to sight. The poor Turks have had a hard winter of it and we would not blame them if they moved to the horrid zone. Washington's birthday entertainment was given by the Literary society of the Grammar school on last Friday afternoon and was a most enjoyable treat. A number of patrons and Supt. Gramley were present. The readers and speakers acquitted themselves with much honor to themselves and credit to their teacher, James Pratt, who has labored hard for the advancement of his pupils. At the close of the exercises, Prof. Gramley gave them a very nice, interesting and encouraging talk. On Monday, 22nd, Washington's birthday was observed by the surviving members of Peter's Bros. Post, G. A. R. Many of the citizens joined with them (at the table) to make it a success. The entertainment consisted in a grand banquet and such a "lay out" we do not often have the chance to help clear away. There were two preachers there who did ample justice to themselves and to the dinner. They were Rev. Wharton of the M. E. church and Dr. Berger of the Presbyterian church, both of whom delivered interesting and patriotic addresses that cheered the hearts of the old soldiers. Comrade Collins Johnston, of Bellefonte, was too full for utterance, E. E. Erhart felt as if he couldn't walk without crutches, Charley Potter thought he was entirely cured of stomach trouble, Dan Williams' whiskers changed to the color of a buck tail. Every body was happy and everybody was full.

Penn Hall.

Rumor says that we will have a wedding in our vicinity before long, how is it friend?

He who courts and runs away, may live to court some other day; but he who courts and does not wed, may find himself in court instead.

Joseph Carter had the misfortune to hurt his back while working in the woods.

Rev. Laufer was in town one day last week.

James Sheesley is improving very slowly.

An accident occurred to Ralph Shook on Sunday last while going home from preaching; a break at the neck yoke caused the tongue of the sled to drop to the ground; the horses were going at a lively pace, but fortunately the double tree loosened from the sled and it stopped; the plucky little driver clung to the lines and finally got the horses stopped; no person was hurt but all were scared; twelve or fifteen people were on the sled.

Penn Hall can boast of one lodge, the consolidated lodge of tradesmen. This lodge at present has four members, namely, a barber, a watchmaker, a portrait copyist, and a tinker. All tradesmen are cordially invited to join, no fees but initiation severe; for information call at the office of the lodge at Penn Hall, Pa.

Milesburg.

Charles Shawley is in a critical condition; it is said he is passing blood by the quart, of kidney troubles. Dr. S. M. Huff is attending him.

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York, 50c. and \$1.00; all druggists.

The appendicitis patient is generally sure of an opening.

EMINENT DOCTORS PRAISE MUCU-TONE

HOW can we measure the importance to mankind of the discovery of an absolute cure for catarrh, that dreaded malady which attacks the mucous membrane or delicate underlining of the skin of the body.

The disease which for years has discouraged scientists—the disease which numbers 12,000,000 men and women sufferers in the United States alone.

The heads of great hospitals, where scores of catarrhal patients are treated each year, are perhaps in the best position to appreciate the value of a remedy, which working along scientific, intelligent lines, brings permanent cure to even the chronic sufferer.

The staff of physicians of the Suffolk Hospital and Dispensary in Boston, where in less than two years 83,271 patients have registered, do not hesitate to pronounce Rexall Mucu-Tone the best cure for catarrh they have ever used.

Albert C. Smith is the president and treasurer and the Hon. Chas. J. Noyes and the Hon. James Stevens are vice-presidents. The secretary is F. H. Wallace, M. D., and the superintendent is W. C. Clarke, M. D.

President Smith's letter should be read by every catarrh sufferer. We print it in full:

"It gives me great satisfaction to report to you that after a most careful trial of Rexall Mucu-Tone, the corps of physicians of our institution agree that this compound is the best cure for catarrh which we have ever used.

"In all catarrhal diseases of the bronchial and nasal passages; catarrh of the stomach, intestines, kidneys and bladder; catarrhal troubles of the generative organs of women, etc., Mucu-Tone has effected remarkable permanent cures.

"Mucu-Tone seems to act immediately upon the blood and mucous membranes, strengthens their cells and healing the inflammation.

"We shall continue to use this valuable preparation, for nothing can compare with it in the treatment of catarrh and its kindred troubles.

"Yours very truly, A. C. SMITH, President."

Certainly such testimony as this must convince even the most skeptical—certainly it will justify us in requesting catarrh sufferers to give Rexall Mucu-Tone a trial; to give it a chance to speak for itself. If you will do this we know you will continue taking it until cured.

Rexall Mucu-Tone is unlike all other catarrh remedies. It works through the bloodvessels, going direct to the affected part whether in head, throat, stomach, kidneys or bladder; driving out the poisons and healing all inflammations of the mucous membranes. From the very first dose its strengthening influence will be felt and from four to six bottles will effect a complete cure of the worst cases. Your money back if not more than satisfied.

Sold only at our store. Large bottle, 89 cents.
