We noticed Miss Kate Delaney from across the ridge in our town one day last week.

E. J. Beck was away surveying one day last week.

Some people like hoe cake. A young son arrived at the home of C. E. Emert's last week.

Miss Rosa Sheats has returned to Mill Hall after spending several weeks with her parents and friends at this place.

W. E. Kessinger and Boyd Emrick were to Bellefonte one day last week on business.

Lumber is being loaded and shipped from Huston station daily. Last week James Nolen loaded a car of hay at the same place for John Holmes.

Than Yearick who is operating a large telephone pole job on the ridge is having them hauled to Huston where he has been loading them on cars for shipment; he also has teams hauling from Hublersburg.

S. Peck, undertaker, had two funerals at one house in Sugar valley one day last week.

Have many sales around our town. Well, we have some forenoon farmers in our town and some afternoon ones, and we hope they will get their crops in next fall as they have hired three hands this spring.

KRINE'S KIDNEY PILLS.

Cost Nothing if They Fail to Cure.

These pills have cured thousands of the most obstinate cases of Kidney Trouble, and they will cure you. Sidney Kramrine (Druggist) is authorized to pay back your money if your are not cured or benefitted.

Pains in the back and loins, insufficient or excessive urine, scalding or burning urine, headache, nervousness, sleeplessness, irritability, sallow-muddy looking complexion, swelling of the feet and ankles are all evidences that the kidneys are not performing their function properly.

The kidneys are the most important of all the organs; they have more work to do than any other organ in the body; hence it is only natural that they need help first; they filter the blood and keep removing the poisons from this most vital fluid. If the kidneys are kept in a healthy condition many diseases may be prevented.

Krine's Kidney Pills are a scientific preparation of powerful, yet harmless drugs. We guarantee every box, which contains one month's treatment, to cure any case of kidney or urinary trouble. Remember you are your own judge and if you are not benefitted they cost you nothing. Price one dollar. For sale at Kramrine's Pharmacy.

In order to be popular forget to say a good deal.

Unionville.

S. K. Emerick is "under the weather."

Ed. Smith, superintendent of the township home for the poor, will move on Mrs. John Hall's farm on Dick's Run. He will be succeeded by Martin Flick, of Julian. By the way, we might remark, there is not a pauper, nor has there been one, in the home for the last six or eight months.

Ten year old Elizabeth Musser, while coasting on High street, fell on the ice, cutting a deep gash on her forehead just above the right eye. Dr. Irwin repaired the damage and she is again at school.

One day last week while going for his dinner, Col. A. J. Griest slipped on the icy pavement and fell with such force as to cause unconsciousness, and lay quite a while before he realized the situation. We are glad to note that there were no serious results from his fall. We imagine, though, that when he got into a perpendicular position again he exclaimed, "Verily, the wicked stand on slippery places."

Marie R. Griest, during the past week, has been quite ill and unable to be out of bed but is now much better, and her many friends expect to see her cheerful, and pleasant face on the streets again in a few days.

On last Thursday Joseph E. Brugger, in getting off a sled load of wood at his own house fell with such force to the solid, frozen ground as to dislocate his shoulder. Dr. Russell put it back to its proper place and now Joe is taking a compulsory rest for the time being.

Misses Grace and Katie Smith have gone to Punxsutawney to assist their sister Mrs. Geo. W. Bullock to pack her household goods preparatory to moving to this town which will occur about the 1st of April.

Our neighbor friend, Owen Underwood, has about one hundred fine, large white Brahma hens which is a sight to delight the eyes of any one. They are beauties.

For three or four days last week our town was a veritable skating rink. It was a pretty sight to see a couple dozen boys and girls glide through the streets as gracefully as a bird gliding through the air. In our judgment Lady Van, Howard Holtzworth and Eloise Buck are the most graceful "skateers" in town.

Miss Stella Stover, a few days ago, had her baggage checked to Pitcairn where she will visit her bosom friend, Mrs. Roy Miles. She will also visit her brother Joseph and other friends at Pittsburg; she expects to be gone till spring.

On last Friday Ralph Hoover came down from Altoona with one of the prettiest and most popular young ladies of that town, whom he now calls his wife. She was Miss Lala Hat and was a "Hello" girl in the Altoona telephone exchange. Mr. Hoover is a fireman on A. P. R. R. freight train. We hope they may have smooth sailing over life's tempestuous ocean.

On last Friday afternoon the primary school taught by Miss Alice Buck gave their Washington's birthday entertainment and we were informed that it exceeded anything of the kind ever before attempted in this place. It was pronounced, by all the visitors, a perfect success from beginning to end.

John P. Harris, Jr., is now snugly ensconced in the residence lately vacated by E. M. Griest and in behalf of the citizens of our town we welcome him and his family into our midst. John was a little disconcerted when he saw our streets covered with ice, but when I told him it would not be so icy next summer he seemed to be reconciled.

Wm. Buck, who is a student at the State Normal school at Lock Haven came home on Friday evening a very sick boy with a bilious attack and is now taking the mumps.

Mrs. Sadie Emerick is visiting friends in Pittsburg and other points west and will be gone a month or more. She left her little dog and fascinating at home. Mrs. Emerick is very popular in church and society and will be much missed for the time being.

NOW IS THE TIME TO USE HYOMEL

Cures Catarrh and Prevents Colds. No Stomach Dosing, Just Breathe it.

At this season of the year, catarrhal troubles are very prevalent, and nearly every person suffers to a certain extent. Catarrh is actually the result of a succession of colds and can be easily prevented if the proper treatment is followed.

Hyomel is a natural yet scientific cure for the colds and grip troubles that lead to catarrh, as well as a positive cure for the disease itself.

The balsamic air of Hyomel breathed through the small pocket inhaler that comes with every outfit is filled with germ killing and health-giving qualities that penetrate to the minutest air cells of the head, throat and lungs. It kills all catarrhal germs, frees the mucous membrane from poisonous microbes, and makes a perfect and complete cure of catarrh.

The complete outfit costs only \$1, while extra bottles of Hyomel can be procured for 50c. S. Kramrine sells Hyomel on the "no cure, no pay" plan, and will refund the money if it fails to give satisfaction. You take no risk whatever in using Hyomel. It is the only treatment sold under a guarantee of this nature where a leading local druggist agrees to return the money if the treatment fails to cure.

A critic is a man who forgets that he has faults of his own.

Mt. Eagle.

We are still having plenty of ice in our valley, there is skating all over the fields. We are glad to state that the sick here are all on the mend.

The smallpox are still all the talk. Joseph Leathers and daughter Ethel were visiting at Franklin Dietz's on last Friday.

The smallpox, or so called, at Howard and vicinity, is still on the float; it is the opinion of the majority of the people here, that it is not smallpox, for it don't make the patient sick, they still go after their work; some young people get some flesh pimples on their faces and then some good neighbor will happen in to see this and run to tell the board of health, for they are looking for a job that is not hard and big money in it, if he does help to pay it; next the overseer comes, tucks up a card on the house and don't tell the people but slips off and tells the Dr., then next the Dr. comes and tells the patient that he or she, as it may be, to go to bed, that he or she is sick, then the overseer is too see that the family has what they need, as they cannot come out to get anything; so he charges \$1.50, then comes the Dr. bill \$10 a trip and the township pays the bill. If there is not some other plan adopted it will put the township in bad shape.

Dora Leathers moved out of the S. C. Bower house into the Nancy J. Leathers' house, and Ward Daughenbaugh moved in the S. C. Bower house last week.

The farmers are busy hauling wheat to market. It is something new for them to get a \$1.00 a bushel.

Is the Traveler's Gap scribe still fast in the fox trap that you do not hear from him? The Mt. Hill finds it so slippery that he cannot come down.

If Coburn don't move on with their canning factory the High Valley scribe will put one up in High Valley, and can one with apple and chip munks. That is if his gas well will not go dry.

Port Matilda.

The home of Mr. and Mrs. C. Reese, of Reese Hollow, was enlivened on Sabbath last by the presence of their entire family who have not visited their home in a body for some years; the reunion was in honor of Charles, their brother, who returned from his clerking duties at Barnsboro a few days ago.

A protracted meeting has been in progress for a week or more at the Mt. Pleasant U. B. chapel, with much good being done; as a result of the interesting efforts of Rev. Free, assisted by Rev. Jacob Walk, about 75 seekers have embraced this opportunity to find a change of heart; let the good work go on.

Starbuck, Minn., April 13, 1901. I have been in bed for four weeks with a Sprained Back, caused by too heavy lifting. I have tried almost everything to cure it. Seeing what Hamlin's Wizard Oil had done for others I tried a bottle and in two days I was able to work.

My child fell from a high chair upon a hot stove and burned its forehead and side of face severely. It suffered intensely for three days, when we commenced using Hamlin's Wizard Oil. The pain was relieved in twenty minutes and the burns healed in about five days.

Proverbs

"When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.

When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.

It is like the penny in the milk because it works and because there is something astonishing about it.

Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.

Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.

For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

We will send you the penny, i. e., a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

GOOD ADVICE TO NERVOUS WOMEN

"Just let me tell you what Rexall Mucu-Tone did for me," says Mrs. Hess, of Jersey City, N. J. "For five years I had been growing more and more feeble. I was weak, run down and nervous. Suffered with pain in my back and side constantly and was unable to obtain any relief whatever. It seemed as if my cup of trouble was already full when I was overtaken by catarrhal bronchitis and for five weeks was confined to my bed.

MRS. GEO. A. HESS, 96 Brown Place, Jersey City, N. J.

"Nothing seemed to help me and I was in deepest despair when a neighbor advised me to try Mucu-Tone. From the first dose I experienced relief. I succeeded in breaking up the attack completely within twenty-four hours, and at the end of a week I felt like a new woman. Today I am in perfect health; something I have not known for years. I therefore feel safe in advising all women who are nervous and broken down to buy a bottle of Rexall Mucu-Tone and to take it as directed."

DO YOU KNOW WHAT YOUR CONDITION MEANS?

Has anyone ever told you what it means to feel restless?—flighty?—unsettled?—unable to concentrate yourself on your work?—unable to find pleasure or satisfaction in anything?

Or have you ever given careful thought to it yourself? Well, sooner or later you will be broken down, weak, dizzy—thoroughly tired of living.

The meaning is that some part of your system has been attacked by catarrh.

One after another the organs become deranged; the liver and kidneys are no longer able to purify the blood and the heart becomes affected. Then the stomach loses its power to properly digest food. Sleeplessness, nervousness, melancholy and despair follow. You grow weak, emaciated, haggard. You have pains in the back, under the shoulder-blades and bearing down pains in the lower abdomen.

And probably through it all you have been told that you are merely run down and need a tonic.

Yes, you are run down; you do need a tonic. But you need more than a tonic. You need a remedy that will clean the mucous membranes,—just such a remedy as many women have needed through years of suffering and which they have finally found in Rexall Mucu-Tone.

WE GUARANTEE THAT MUCU-TONE WILL CURE YOU.

Rexall Mucu-Tone works through the bloodvessels, acting directly upon the congested cells, driving out the poisons and healing the raw surfaces. It fills the arteries with rich, red, life-giving blood, builds up the body, stops all vital drains, soothes the fagged nerves and brings sound, restful sleep.

No matter how slight your weakness or depression, you need Mucu-Tone. No matter how bad your catarrh, Mucu-Tone will quickly cure it. The very first dose of Mucu-Tone will make you feel better and within three or four weeks you will have a new lease on life.

Our confidence in Rexall Mucu-Tone is based on our knowledge of what this remedy has done in thousands of cases.
