Happenings of a Week Over Centre County

THE PEOPLE'S POPULAR PAGE

What Has Transpired in the Various Localities—Compiled by a Corps of Alert and Able Writers—Is Your Section Represented?

High Valley.

The voters of our little valley are all in favor of Ellis L. Orvis for judge; the valley has twenty-two voters and twenty-one will stand by Ellis L. Orvis; I have talked to a good many democrats and they are all in favor of Mr. Orvis. He is so well known in Centre county that there will be no doubt of his election.

Samuel Alter is hauling logs from the peak and Jess is looking up more medicine.

Hay brings from \$12 to \$16 per ton at the sales.

The Coburn and Georgetown scribe started on war path; who will gain the day the scribe can't tell; they both are good fighters; the dispute is only over the assessors of Penn township. A rumor from Drum station says the major is notifying his men to be on hand as a bloody battle is expected; Jess sent for a barrel of Japanese oil as some will be wanted; he said he can get it at most any time.

I saw the Blue Rock scribe on Friday; he looks well but was housed up for a time; only one lady from High Valley was seen at the Meyer sale on Thursday; a poor turnout.

No pole order this month, so we have to lay off till orders come. The No 2 scribe is howling at the No. 1 scribe; he would better mind his own business, as that will take up his waste time.

The High Valley medicine dealer must make money; Jess said he can buy all the medicine he wants and pays whenever he sees fit; he must have a good reputation; he gets it direct from the medicine company of New York. The dollar wheat came to 95 cents, in case the Coburn and Georgetown war takes place, wheat may go up, as war makes good prices; I don't think the war will raise the price of horses; some said this is a good year for the medicine dealer.

KRINE'S KIDNEY PILLS.

Cost Nothing if They Fail to Cure.

These pills have cured thousands of the most obstinate cases of Kidney Trouble, and they will cure you. Sidney Krumine (Druggist) is authorized to pay back your money if you are not cured or benefited.

Pains in the back and loins, insufficient or excessive urine, scalding or burning urine, headache, nervousness, sleeplessness, irritability, sallow-muddy looking complexion, swelling of the feet and ankles are all evidences that the kidneys are not performing their function properly.

The kidneys are the most important of all the organs; they have more work to do than any other organ in the body; hence it is only natural that they need help first; they filter the blood and keep removing the poisons from this most vital fluid. If the kidneys are kept in a healthy condition many diseases may be prevented.

Krine's Kidney Pills are a scientific preparation of powerful yet harmless drugs. We guarantee every box, which contains one month's treatment, to cure any case of kidney or urinary trouble. Remember you are your own judge and if you are not benefited they cost you nothing. Price one dollar. For sale at Krumine's Pharmacy.

Mt. Eagle.

We had quite a flood in Bald Eagle creek on last Thursday; did not do much damage in this section of the valley as the ground is frozen yet.

W. T. Leathers and family were greatly surprised on last Saturday morning; they got up before daylight and started the breakfast and when their daughter went to the cellar to get some victuals to cook found it filled with water almost up to the first floor and everything on the floor, bread and all; so they had to bake before they could get breakfast. The water came from a water course along the public road when the course had frozen up, and that caused it to go into Mr. Leathers' cellar; there were over 100 barrels of water in the cellar and it damaged quite a lot of things for them.

David Garthoff was home from the woods last week to spend a few days with his family.

Mrs. Reeder has returned home from a long visit she had with her son Daniel at Tyrone, who came with her to see that his mother got home safely as she is an aged lady.

We are very glad to state that we have no sick to report, only the two ladies that were burnt so badly some time ago, and they are getting along well.

John Bomer from Altoona, was seen shaking hands with his many friends in Mt. Eagle and vicinity over Sunday.

The old saying is that everything is for the better; the young folks must have been all on the stir on Sunday; perhaps the weather is going to change for nice through March.

Miss Tess Smoyer has come home to spend a few days with her parents and rest herself up for a new start.

Don't forget the public sale of Franklin Dietz, March 17, it will be a large sale.

All Druggists are authorized to refund your money if **VINTE-NA** fails to benefit.

Unionville.

Roy Hazel is lying quite ill with pneumonia at the home of his uncle, A. J. Hazel, in Madisonburg.

Joe Brugger has gone to Clyde, Ohio, to attend the funeral of his aunt, Sallie Fory, whose death occurred last Friday.

Paul Smith is able to limp around town again after being housed up for more than a week from a bad fall on the ice.

Emma Woltslagle, of Tyrone, is home on a visit to her parents, Mr. and Mrs. Julien Woltslagle.

Mrs. John H. Stover had an exciting experience in a runoff recently. Listen she went to spend the day at the home of Arista Lucas at Bush's Hollow and on returning in a sleigh, by some means, the traces became unhitched, the horse took fright and ran away, up hill, down hill, hiperty clip, till the fences, trees and everything she passed seemed to be going in the opposite direction; when she passed James Brown's residence she fairly screamed, "Jim, catch my horse, he's running off," but Jim neither caught the horse nor caught onto the situation. On, flew the horse and driver, the latter pulled so hard on the lines that her feet pushed out the dash board of the sleigh, rendering her comparatively helpless; she saw before her a bevy of school children and yelled to them "clear the track, get out of the road, my horse is running off." The children scattered on each side of the road as a flock of geese would do just in time to let her pass. She was now approaching her home, and her husband seeing her coming "on the fly" took in the situation, ran out to meet them and stopped the gentle family beast which was now, after running nearly two miles, about run down. It was a frightful experience for Mrs. Stover and if you happen to see a few white hairs among the golden threads you will know the cause. Paul Revere's ride was nothing in comparison to this one.

As the big flood will be generally ventilated in all of our county papers, I will merely note some of the incidents in this section: It carried away one of our iron bridges across part of the Bald Eagle, the one nearest Buck's mill. It was a 52 feet span and was lifted bodily off the abutments and floated down the stream a quarter of a mile and stranded against an apple tree on the banks of the stream, considerably wrecked and now the boro authorities are severely censured for not preventing the bridge from floating away, by ropes or chains which, it is claimed, could have been done, as it occurred about one o'clock pm., and nearly every one of the councilmen saw what would surely occur if it was not secured. It is claimed by some that a common bedcord would almost have held it in its place, others thought a three inch wire cable would not have saved it. We have no comments to make. It was a big loss to the borough. There is an ice gorge 12 feet high still lying in the dam which, it is hoped, will gradually melt away instead of being swept down the stream. The is a cake of clear ice 2 feet thick and containing about 4000 cubic feet, lying on Squire Shipley's field one mile west of town. Nearly every tomb stone in the Friend's burying ground is either broken off or knocked down, and the same is covered with immense cakes of ice. Blair Alexander had four fine cows and two calves drowned in his stable, and in taking out the horses he was badly hurt by coming in contact with a cake of ice, the water being about five feet in his stables. It was the greatest flood since the Johnstown flood of '89.

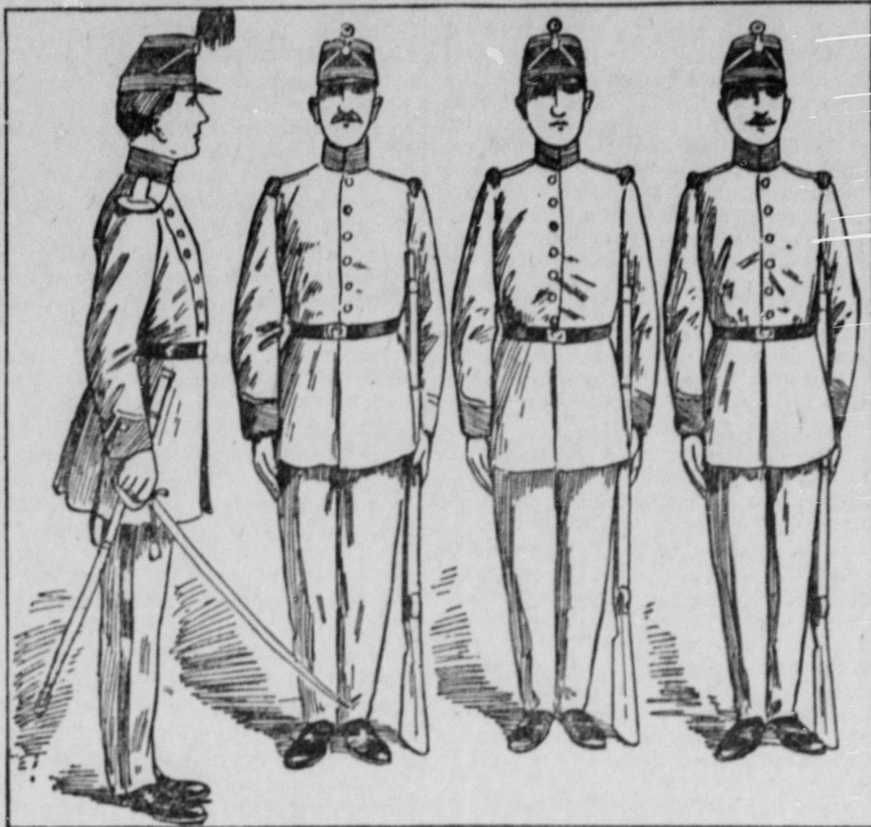

Miss Sarah Fisher, who has been at Hammetts, Chester county for about three months, returned home on Saturday.

Perhaps the greatest social event that ever occurred in this town took place on Saturday at the home of Miss Margaret Cambridge and Mr. and Mrs. Henry Eason. It was in honor of Mr. Eason's 50th birthday anniversary and was attended by more than 100 persons. The menu consisted of almost everything on the list of edibles and in such quantities as astonished and satisfied all that were present. One especial feature of the dinner was a large, handsomely decorated cake on which were inscribed with icing the initials W. H. C. and the dates 1854-1904 the outer side posts in Mr. Eason's life. The day was spent in continuous round of pleasure and enjoyment. Quarts, ducts, solos and instrumental pieces galore. We failed to get the names of all the singers but among them were Mrs. Lena Brown, Miss Daley, Mrs. Jno. P. Harris, John Daley, John Bullock and Hard P. Harris. The performance on Chaley Potter's graphophone came in for full share of applause. Speeches were made by the Hon. John A. Daley, and J. A. Feidler. The out-of-town guests were: Miss Mary Delaney, Mrs. A. L. Fisher, of Milesburg; Annie Daley, Frank Daley, John A. Daley, Chas. Daley, of Romola; Dr. Edith Schadt, son and daughter, Mrs. Henry P. Harris, Mrs. John Powers, Mrs. A. B. Snyder, Mrs. John P. Harris, Sr. Mr. and Mrs. Chas. F. Cook, Miss Mary C. Brown, Mrs. Harriet Miller, J. M. Bullock, Anthony Brown, Mrs. W. B. Eckley, Mrs. Catherine Plack, Mrs. Henry Warfield and daughter, of Bellefonte; Miss Blanche Oylor, Howard; Miss Louise Delaney, Richmond, Va.; Miss Theresa Rachau, Spring Mills; E. F. Meskill, Mrs. Alto Meskill and two children, Cedar Springs; Mrs. Maurie Yeager, Bellefonte; Florence Marshall, Sr. College; Mr. and Mrs. Eno's Hicklin, Mt. Eagle; Mr. and Mrs. J. Eason and four children, Lock Haven; Mrs. Henry Blad, Altoona; J. A. Feidler, Williamsport; and Mrs. Daniel Irwin, Julian. Mr. Eason received a number of valuable presents, among which were a fine lamp and a beautiful Morris chair, and the happiest man of the whole crowd was W. H. Eason.

Life Guards.

The Life Guards are two regiments of cavalry forming part of the British household troops. They are gallant soldiers, and every loyal British hero is proud of them. Not only the King's household, but yours, ours, everybody's should have its life guards. The need of them is especially great when the greatest foes of life, diseases, find allies in the very elements of colds, influenza, catarrh, the grip, and pneumonia do in the stormy month of March. The best way that we know of to guard against these diseases is to strengthen the system with Hood's Sarsaparilla—the greatest of all life guards. It removes the conditions in which these diseases make their most successful attack, gives vigor and tone to all the vital organs and functions, and imparts a genial warmth to the blood. Remember the weaker the system the greater the exposure to disease. Hood's Sarsaparilla makes the system strong.

PICTORIAL PUZZLE.

WHAT IS WRONG WITH PICTURE?

ANSWER TO LAST WEEK'S PUZZLE—Hose lacks support; water should fall back; no legs on wheelbarrow.

Traveler's Gap.

We are having considerable changes in weather this while past, makes it very unhealthy. Dr. Braucht is kept busy night and day.

I took notice a week or so ago that the Plum Grove No. 1 had his assistant out looking for fresh gas; if you are out, call on brother High Valley, he will sell you by the barrel.

Professor Breon is kept very busy while past, he has employed Sallita to help him.

Most of the farmers, in our section are cutting their fire wood for next winter. O. M. Jamison is on the sick list.

Wonder what became of the Pocahontus cornet band that we don't hear the brass horns blow any more? Suppose they have gone to Illinois.

The ball was rolling three weeks ago, last Saturday night, at Plum Grove, when the hungry gang, landed on shore.

The newly born Georgetown scribe has arrived again; were you out trapping for butter-milk-dies, scrabs and bull-frogs? I'm no trapper by trade, sir.

One of the Georges Valley scribes had mentioned some errors about the Traveler's Gap scribe being caught in a trap; that is a mistake, we at Liberty have No. 1 and No. 2, and where the mistake is, it was No. 2, was out on a furlow and returned with a good supply of perfume, but by far better than that the Georges valley scribe peddles.

The Democrats of Gregg twp. are all in favor for nominating Ellis L. Orvis for President Judge of Centre county.

The public sales are all the go now; you can hear the cry of "O yes," seven days in a week.

S. KRUMRINE RELYS UPON HYOMEI.

Cures Colds, Coughs, Catarrh and Grip. Just Breathe It.

Hyomei is nature's own method for curing catarrh, colds, coughs and diseases of the respiratory organs. It is the only natural treatment for the cure of these troubles. Breathed through the neat pocket inhaler that comes with every outfit, the air that passes into the throat and lungs, is identical with that on the mountains, where it is laden with healing and health-giving balsams. It searches out and kills disease germs in the most remote and minute air cells of the head, throat and lungs; it soothes and heals all irritation of the mucous membrane.

Hyomei is prescribed by physicians generally. Many of them use it themselves to break up a cold and prevent pneumonia.

The complete Hyomei outfit consists of a neat inhaler, that is so small and convenient that it can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomei. This costs but \$1, and it will cure any ordinary case of catarrh. In chronic and deep seated conditions, longer use is necessary and extra bottles of Hyomei can be obtained for 50c, making it a most economical treatment for this disease.

S. Krumine has so much confidence in the power of Hyomei to cure catarrh and other diseases of the throat and lungs that he sells it under his personal guarantee to refund the money to any purchaser in case it fails to give satisfaction. He takes all the risk himself, and Hyomei costs you absolutely nothing unless it does you good.

Samuel Bierly, the popular teacher of Woodward, spent Sunday at home.

John Zeigler is on the sick list.

Rev. Owen L. Buck will occupy the tenant house which Charles B. Mallory will vacate.

We were surprised to see how our brother (?) correspondent of the Smalltown item failed to comprehend the true meaning of the article in our last news letter concerning the work of the teachers. We simply meant to give "honor to whom honor is due," and not for any personal interest for our vocation differs widely from that of a teacher. However, we are aware that sometimes "new brooms sweep cleaner than old ones," and especially when applied to remove the cobwebs from our own door, and the prejudice and envy from the mind of our sister-assistant correspondent of our neighboring town.

A woman uses a glass to color her face and a man uses one to color his nose.

YOUR PROTECTION IS OUR GAIN

Do you believe that we can afford to sell you something you don't want or that will not give you satisfaction?

Our business depends on pleased customers. In fact any business does. Therefore we would take an enormous risk did we not fulfill every promise made in the columns of this newspaper.

With this point in mind—let us ask what risk you take in buying Rexall Mucu-Tone when we say we will give back your money if the remedy doesn't give satisfaction.

If we didn't believe that 98 per cent. of all who have taken Mucu-Tone have been benefited, we would not publish this advertisement.

There are any number of people right here at home who will gladly testify to Mucu-Tone's wonderful virtues, and if you call we'll gladly refer you to them. Read what Mr. Matt. Dillon writes:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Mucu-Tone, but I could not believe that anything taken in the stomach could cure the sore membrane of the nose. However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Mucu-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether and her breath is as sweet as can be. Again thanking you, MATT. DILLON, 24 N. Swans St., Albany, N. Y."

If you suffer from any of the following symptoms, we know that Mucu-Tone will immediately cure you. If it doesn't it's our loss, not yours.

Run down—can't work—feel constantly tired—have no appetite—or if you suffer from sore lungs, weakness, nervousness, pains in the stomach or back, then it is that you need Rexall Mucu-Tone.

Catarrh is not confined to the nose and throat. It may start there, but it leads to more serious trouble, particularly to the wasting away of tissues, which means a loss in weight. One bottle of Mucu-Tone will start you on the right road. It will put flesh on your bones and bring new vitality to your system.

Sold only at our store. Large bottle, 89 cents.

GREEN'S PHARMACY.

Sore Throat

Throat affections should never be neglected. Sore Throat leads to Quinsy and Diphtheria. It is of vital importance to have a remedy at hand in the early stages of troubles of this nature. Many are the deaths that have resulted from a neglected Sore Throat.

will cure this disease more quickly and effectually than any other liniment manufactured.

Last summer I suffered constantly with Sore Throat and had the best doctors I could get, but they gave me no relief. The first application of Hamlin's Wizard Oil gave me relief and by using it a few days I was entirely cured. A bottle of Hamlin's Wizard Oil is worth its weight in gold to any person. C. A. BEVART.

Washington, La., Sept. 4, 1900. My wife suffered with Sore Throat for a year, and though she doctored and doctored nothing seemed to help her. I procured a bottle of Hamlin's Wizard Oil and it had done her more good than anything in the world. HENRY WARD.
