Dr. Geo. G. Groff, of the State Board of health, was summoned here Saturday by a telegram from Beech Creek, advising that our town should be put under strict quarantine regulations. It is a much regretted fact that the number of cases have been on the increase, solely due to laxity in quarantining certain places. The source of origin in a number of cases has been traced to a particular place which the Board of Health, even to the present time, have failed to enforce quarantine. Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best suffering from one or more of the ailments peculiar to her sex. These ailments invariably cause, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women the world over. It relieves immediately and eventually cures all cases of disordered menstruation, female weakness, prolapsus, chronic constipation, sick head, aches, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make her old before her time. The use of the Herb Tea will enable her to retain these qualities. It clears the complexion and improves the form. A cupful at bed time will give a woman health and strength.

Chicago, April 19, 1903.

Gentlemen:—My wife had been suffering with female weakness and extreme nervousness which latter she attributed to her being unable to sleep. After taking several bottles of your Herb Tea she is now sleeping peacefully with a healthy complexion. The doctor seemed to be able to do nothing for her and she was constantly getting worse. She decided to try your Herb Tea and drank a cupful before retiring. In the morning she awoke after a good night's rest and without a headache for the first time in months. She has regained her appetite and during the past three months she has forgotten what a sleepless night means. She is feeling splendid and every one remarks how well she is looking. Her complexion is so clear as a young girl's and her figure has improved wonderfully.
