SIGNS BOND AND TAKES ALL RISK
S. Krumrine has Such Faith in Mi-on-a, the Flesh-Forming Food He Sells it Under Guarantee.
Not one time in 500 does Mi-on-a fail to cure dyspepsia. It is because of its remarkable power to cure this disease that S. Krumrine is able to sell it in the following unusual way:
With every 50c box he gives a signed guarantee bond to refund the price if the purchaser can honestly tell him that it has not given freedom from stomach troubles, increased flesh, and restored health. The risk is all S. Krumrine's as the following bond which he signs fully shows:
GUARANTEE BOND
I hereby agree to refund the price paid for Mi-on-a if the purchaser tells me that it has not increased flesh and given freedom from stomach troubles.
SIDNEY KRUMRINE.
Mi-on-a is not a mere digestive that simply gives temporary relief.
While it helps the food to digest, it also has a positive strengthening action upon the digestive organs and puts the whole system in proper physical condition. It restores power to the nerves of the stomach and in this way gives that important organ the power to digest food. In this way natural flesh is regained and health restored.
Remember that you risk nothing in buying Mi-on-a. The bond protects you, so that if it fails to give the desired effect, S. Krumrine will return your money without question and without argument.
—Robert Barnhart, a flagman on the Lewisburg and Tyrone railroad, fell and broke his right arm between the elbow and wrist.
