As Irvin Calboun was coming down over the new road through Fisher's orchard one day last week, there being considerable ice on the road, his wagon slid off the road taking horses and driver with it; the hill being so steep that the wagon turned over and over and the horses rolled over each other at least twice, sliding and rolling a distance of 500 ft., landing in a heavy brush fence. Four bags of wheat he was taking to the mill were left here and there on the side of the hill, one of which had a rent six inches long but not a grain was spilled. Nothing was broken about the wagon, not a scratch on the horses, the harness intact, the driver only had a little scar on the back of his hand. When relating the incident he positively declares he cannot tell how he escaped, so badly frightened was he. It was a most mir

aculous escape from death. Ira Ellsworth Bing, wife and little daughter, who have been spending their time pleasantly for the last 8 months, at the home of Mr. Bing's mother, will leave Wednesday for their home in Pittsburg. In view of this fact Miss Hannah Thompson, Mrs. Howard Holtzworth and a few others conspired to give them a surprise party in token of the high esteem in which they are held by the citizens here. Nearly half a hundred citizens joined in the conspiracy and about 10 o'clock Saturday morning they captured Fort Bing and at once proceeded to paint the interior a deep carmine. Everyone being armed with a basket or bucket loaded to the muzzle. Mrs Cora Bing, who was in command of the Fort at once surrendered. The afternoon was spent in tongs and games of which the game of Pitt predominated, and reader, if you were ever in a stock exchange, you can form some idea of the noise and babel the game occasions, the game consists in making corners. Thos. Fisher made a corner on apples; Eliza Bing made a corner on fast horses; grandma Bing a corner on sauerkraut; Nannie Fisher made a corner on pump kin pies; Mrs. Francis Hall cornered potatoes; Dr. W. U. Irwin quinine and ipicac; J. P. Brugger pickles and catsup; some one cornered on smear kase and so it went on They had more fun than would fill three bed ticks. As a surprise party, it was a success. 'Twas a happy day for all, especially for grandma

Bing. With the many fine presents that W. H. Earon received on his 50th birthday was a handsome suit of clothes from Mrs. Evans her sister Miss Margaret and brother R. E. Cambridge. It was made at the clothing house of Sim Baum.

Mothers and Daughters

Every woman who has a grown daughter knows well the worry and anxiety which always comes at that period of life when girlhood merges into womanhood. Upon a girl's condition at this time depends her future health, strength and happiness. Too much care can not be taken to see that she passes through this period safely.

AUNT DINAH'S OLD VIRGINIA

is of the greatest assistance to nature in bringing about the change which takes place, without disarranging the natugal functions of the system. It is a strengthening tonic. It will keep the roses in a girl's cheeks and prevent that tendency to decline which so often endangers her life at this critical point in development.

This Herb Tea is likewise of corresponding value and assistance to matrons and mothers at the end of this period. Its use will at this time prevent endless pain and worry. A woman will enter the evening of life with scarcely the knowledge that the change has occurred. Many are the thankful, women who know the value of Aunt Dinah's Gid Virginia Herb Tea and are grateful for the benefits derived from its use.

BEWARE OF PIE AND SINKERS

Hurry-Up Lunches Pave the Way For

Years of Suffering. Doctors have preached against it, Britishers have written scathing articles about it, wives and mothers have crusaded against it—and yet the deadly "hurry-

up lunch" marches on. "sinker," the irresistible triangle of foundry pie, washed down by gulps of cold milk or hot coffee or iced water, continue on their deadly way to the stomachs of thousands and thousands of America's hustling, capable, world-con-

quering business men. In all probability we will be unable to wipe out the "hurry-up" lunch for many years to come, but we can at least combat the evils wrought by the practice. Our recipe is simple, economical and effective.

Buy a package of Rexall Dyspepsia
Tablets; carry them in your pocket; and as the last gulp of milk chases the last chunk of refractory pie down your sesophagus, swallow one tablet.

Rexall Dyspepsia Tablets prevent and cure stomach trouble by supplying the one element, the absence of which in the gastric juices, causes indigestion and dyspepsia. They enable the stomach to digest all kinds of food and to quickly convert it into rich, red blood.

Our proposition is not merely to sell you dyspepsia tablets, but to sell you a curs for your dyspepsia and indigestion. If Rexall Dyspepsia Tablets do not effect this cure, we give you back your money. That shows how much confi-

dence we have in this new remedy.

Price 25 cents per large package. Sold only at our store or by mail. Port Matilda.
