## Rock View.

The schools have reopened, after being closed a week on account of smallpox, but the attendance is very small.

Mrs. Luther Ishler is very poorly with rheumatism; we wish her a speedy recovery.

The smallpox in Rock View and Eagle View, are not as bad as the people make it. If the people didn't say more about this disease than what they knew, it would not be so bad, or even if they would talk half as much about their Maker as about their neighbor it would be more credit to them; some people are so far gone, that they wonder if people have a fence across their road so people cannot pass by. Reuben Breon's were reported in last week's paper as having smallpox, but there is nothing at all of it.

J. Harris Hoy has selected a man from our view for bookkeeper; we think he has made a good choice, but if his office will be at Rock creamery, we think it will be very rough and muddy; how about it U. B.?

The farmers are beginning to get excited about their farming; for last year, in the middle of March, some of them began to plough, but there is no sign of farming yet, and it is nearly the first of April.

Moving time is near at hand and there will be quite a few changes made in the View.

# WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it's easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free. Be sure that this picture is the form of a label on the wrapper of every bottle of Emulsion you buy. SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

her sister at Coburn.

There are at least two prominent gentlemen who appear to be safe from mention for the presidency. They are J. Pierpont Morgan and Charles M. Schwab.

# JUDGE THEO. MAYER TALKS TO THE SICK

If you are run down, worn out, get up in the morning almost as tired as when you go to bed, need a rest the worst way but cannot spare the time—cannot afford to take your hands off the tiller of your work—then, says Judge Theodore Mayer, of Chicago's famous Chicago Avenue Police Court, you are in just the condition I was in a while back.

"Owing to the sedentary nature of my occupation, six months ago I felt decidedly out of sorts and I thought I would have to lay aside my judicial duties and spend some time at a health resort. My appetite began to fail me and I was subject to a condition of general lassitude.

"A physician who is one of my intimate friends told me that I exhibited the primary symptoms of catarrh of the stomach. I was about to put myself under his particular care when I heard from a number of the police officers attached to the station that they had been relieved of similar ailments through the use of Mucu-Tone, so I sent to the United Drug Co. at Boston for a trial bottle. What the real nature of my ailment was I cannot say. It has gone now, and I am as well as I have ever been in my life. A few bottles of the remedy removed the last vestige of my trouble. Having received such beneficial results from it, I have no hesitation in recommending Mucu-Tone."

Theodore C. Mayer

Judge Theodore Mayer presides at the Chicago Avenue police court, a court famous in Chicago's criminal history. Here it was that the anarchists were arraigned; later the Cronin murder suspects and Adolph Leutger, the wife murderer. Judge Mayer is in close touch with the vast cosmopolitan population of Chicago. Within his jurisdiction great colonies from all the nations of Europe have made their homes. He is known personally to thousands in all walks of life and he has a broad sympathy with the hopes and aspirations of the great body of the common people. Stern and severe when occasion demands, he is still the soul of sympathy when misfortune and inexperience bring a prisoner before him. His advice is frequently sought by the residents of his territory and frequently personal differences which might lead to expensive litigation are adjusted through his wise counsel. He comes from distinguished German ancestry and numbers among his intimate friends the leading German-Americans of Chicago.

Working through the starved bloodvessels, Rexall Mucu-Tone drives out the catarrhal poison, stimulates the mucous-cells into the active exercise of their functions, fills the arteries with rich, red blood, tones up the stomach, restores the appetite and builds up the body.

There is no slow, uphill work about this. From the very first dose its strengthening influence will be felt. Lethargy and pain will slip away and in their place will come the fresh, buoyant vigor and power of application of the long ago.

Don't be skeptical; don't wait until you are flat on your back. But give Rexall Mucu-Tone a trial—just one trial. If you don't feel better immediately you can stop taking it and we will give back your money.

Sold only at our store. Large bottle, 89 cents.
