REAL NOURISHMENT FOR ALL.
Mi-o-na Makes Thin People Fat—S. Krumrine Will Return Money if It Fails.
Every one needs real nourishment; then comes good health, strength and endurance. Without it, you waste away. Nearly every one eats enough to furnish the necessary nourishment for the perfect support of life, but the food is not assimilated and there follows indigestion, weakness and emaciation.
A few days' use of Mi-o-na, the wonderful flesh forming food, will demonstrate its power to furnish real nourishment and restore health. Mi-o-na mingles with the food you eat, aids assimilation, tones up and puts the whole system into proper physical condition.
By its use, the elements needed to increase flesh are assimilated from the daily food and each week will show a noticeable gain in weight.
S. Krumrine knows personally of many cases of long standing stomach troubles, some of them very bad, that were entirely cured with Mi-o-na. The thin and scrawny have used this preparation and by its aid have gained real nourishment.
S. Krumrine feels that he can honestly recommend Mi-o-na and as an evidence of his faith in the merit of the article, offers to sell it with the distinct understanding that the money is to be returned in every case where it fails to do all that is claimed for it. You risk nothing in buying Mi-o-na, and if it gives the desired health, the cost is trifling, only 50c a box. If it fails, S. Krumrine will pay for the remedy himself. x 16
