FMINENT DOCTO

PAGE 7

Every farmer knows that ome plants grow better than thers. Soil may be the same nd seed may seem the same out some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay mall and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food loes not feed.

Scott's Emulsion really feeds and gives the child growing trength.

Whatever the cause of weakness and failure to grow-Scott's Emulsion seems to find it and set the matter right.

Send for free sample. Scott & Bowne, Chemists, 409 Pearl St., New York 500. and \$1.00; all druggists.

Milesburg.

It is rumored that a wedding of one of our young men will take place in the near future.

JOHN SMITH.

satisfied.

PRAISE MUCU-TONE

OW can we measure the importance to mankind of the discovery of an absolute cure for catarrh, that dreaded malady which attacks the mucous membrane or delicate underlining of the skin of the body.

The disease which for years has discouraged scientists - the disease which numbers 12,000,000 men and women sufferers in the United States alone.

The heads of great hospitals, where scores of catarrhal patients are treated each year, are perhaps in the best position to appreciate the value of a remedy, which working along scientific, intelligent lines, brings permanent cure to even the chronic sufferer.

The staff of physicians of the Suffolk Hospital and Dispensary in Boston, where in less than two years 83,271 patients have registered, do not hesitate to pronounce Rexall Mucu-Tone the best cure for catarrh they have ever used.

Albert C. Smith is the president and treasurer and the Hon. Chas. J. Noyes and the Hon. James Stevens are vice-presidents. The secretary is F. H. Wallace, M. D., and the superintendent is W. C. Clarke, M. D.

President Smith's letter should be read by every catarrh sufferer. We print it in full:

"It gives me great satisfaction to report to you that after a most careful trial of Rexall Mucu-Tone, the corps of physicians of our institution agree that this compound is the best cure for catarrh which we have ever used.

"In all catarrhal diseases of the bronchial and nasal passages ; catarrh of the stomach, intestines, kidneys and bladder; catarrhal troubles of the gener-ative organs of women, etc., Mucu-Tone has effected remarkable permanent cures.

"Mucu-Tone seems to act immediately upon the blood and mucous

membranes, strengthens their cells and healing the inflammation. "We shall continue to use this valuable preparation, for nothing can compare with it in the treatment of catarrh and its kindred troubles.

"Yours very truly, A. C. SMITH, President."

Certainly such testimony as this must convince even the most skeptical-certainly it will justify us in requesting catarrh sufferers to give Rexall Mucu-Tone a trial; to give it a chance to speak for itself. If you will do this we know you will continue taking it until cured. Rexall Mucu-Tone is unlike all other catarrh rem-

edies. It works through the bloodvessels, going direct

to the affected part whether in head, throat, stomach,

kidneys or bladder; driving out the poisons and healing

all inflammations of the mucous membranes. From the

very first dose its strengthening influence will be felt

and from four to six bottles will effect a complete cure

of the worst cases. Your money back if not more than

Sold only at our store. Large bottle, 89 cents.
