Geo. E. Mensch and F. O. Hosterman attended the Shearer livery sale at Lock Haven on Friday. A. A. Frank was to the city last week

for a fresh supply of spring and summer Some of the farmers are getting the

farm itch on account of the unfavorable weather to do spring work. It seems the loafers' corner will be in session all summer; there is plenty of

work but it seems undesirable to the street and walker bums. Mrs. Julia A. W. Deininger had a sum-

mer kitchen put up. The sick are all convalescing, some had a mild attack of fever and others

had measles. H. H. Leitzel has the carpenters at work erecting a stable.

A host of friends of Mrs. James Holt gave her a very pleasant surprise on last Friday, it being the anniversary of her birth. Big dinner, many presents, lots of fun and a good time generally. Dr. Eddie Russel and his pretty young

wife of Curwensville were recent visitors at the home of the former's parents, Mr. and Mrs. Dr. E. A. Russel. Mrs. Longsdorf of York Springs, sister

of Mrs. Dr. Russel, visited friends in this place recently. There's a big libel suit pending which romises to prove a very sensational af-

fair, the cause being an article published in last week's Watchman concerning uncle Jack.

On last Friday evening, in the Grange Hall, was given, by the pupils of the grammer school, one of the most pleasing entertainments that has ever been our good pleasure to enjoy. Not a hitch in the whole performance. The Saluta-tory was delivered by Master Hassel Stere, which was followed by recitations, dialogues and plays, interspersed with fine music under the directorship of Mrs. Sara C. Brown. All acquitted them-selves with so much credit to themselves that we cannot point out any special ones. The song by Blair Holtzworth, Cornelius Brugger, Roy Hazel, Charley Rowan and Mont. Musser, had a decided operatic flavor and was well received. The "Familiar Scene" was perhaps the best hit of the evening. It represented a large number of citizens boarding the train at this place for Bellefonte the conductor, Forest Gill, passed up and down the car calling out the stations, Intersection, ect., at Bellefonte they all got offthen curtain-shortly after the curtain was again drawn, when the conductor called out "all aboard for Unionville," when the same crowd rushed in, each being loaded down with hat boxes, packages, rolls and bundles galore; at this juncture the house roared. It was a slap at the people who don't patronize home trade if they can help it, while it is evident that goods are sold as cheaply in this town as in Bellefonte, or any other place for that matter. Take it all in all, the exhibition was a pronounced success.

On last Sunday as Walter Lucas and his mother were returning home from Dix Run, just opposite Orvis Peter's barn their horse took fright and started to run off, and in trying to check him the buggy was upset and both occupants were thrown heavily to the ground, fortunately the road was very muddy and no serious injury was sustained by either. Mrs. Lucas was pretty badly hurt about the shoulders, and the clothing of both was covered with mud.

#### Centre Hall.

Grain fields do not look very promisinfi-reason, the cold winter. Miss Roxanna Brisbin left for Hart-

ford, Connecticut, where she will remain with her sister, Mrs. Harry Boon.

## Rheumatism Neuralgia

To these two diseases probably mankind owes more suffering than to all others combined. While neither is ordinarily perilous, nevertheless Rheumatism lays the foundation for heart disease and Neuralgia leads to the morphine and opium habits. No matter how mild the case may be these troubles should never be neglected. A reliable remedy applied promptly will prevent endless pain and many sleepless nights.

> High Pressure Days. High Pressure Days.
>
> Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of soctety, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system, which sesults in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sursaparilla for this purpose. It acts on all the vital organ, s builds up the whole system, and fits men and women for these high pressure days.

# GOOD ADVICE TO **NERVOUS WOMEN**

"Just let me tell you what Rexall Mucu-Tone did for me," says Mrs. Hess, of Jersey City, N. J.

'For five years I had been growing more and more feeble. was weak, run down and nervous. Suffered with pain in my back and side constantly and was unable to obtain any relief whatever. It seemed as if my cup of trouble was already full when I was overtaken by catarrhal bronchitis and for five weeks was con-

fined to my bed. "Nothing seemed to help me and I was in deepest despair when a neighbor advised me to try Mucu-Tone. From the first dose I experienced relief. I succeeded in breaking up the attack completely within twenty-four hours, and at the end of a week I felt like a new woman. Today I am in perfect health; something I have not known for years. I therefore feel safe in advising all women who are nervous and broken down to buy a bottle of Rexall Mucu-Tone and to take it as directed."

DO YOU KNOW WHAT YOUR CON-DITION MEANS?

Has anyone ever told you what it means to feel restless?-flighty? -unsettled?-unable to concentrate yourself on your work?-unable to find pleasure or satisfaction in anything?

Or have you ever given careful thought to it yourself? Well, sooner or later you will be broken down, weak, dizzy-

thoroughly tired of living. The meaning is that some part of your system has been attacked by catarrh.

One after another the organs become deranged; the liver and kidneys are no longer able to purify the blood and the heart becomes affected. Then the stomach loses its power to properly digest food. Sleeplessness, nervousness, melancholy and despair follow. You grow weak, emaciated, haggard. You have pains in the back, under the shoulder-blades and bearing down pains in the lower abdomen.

And probably through it all you have been told that you are merely run down and need a tonic. cents. Mail orders filled-

MRS. GEO. A. HESS, 96 Brown Place, Jersey City, N. J. Yes, you are run down; you do need a tonic. But you need more than a tonic. You need a remedy that will clean the mucous membranes, -- just such a remedy as many women have needed through years of suffering and which they have finally found in Rexall Mucu-

WE GUARANTEE THAT MUCU-TONE WILL CURE YOU. Rexall Mucu-Tone works through the bloodvessels, acting directly upon the congested cells, driving out the poisons and healing the raw surfaces. It fills the arteries with rich, red, life-giving blood, builds up the body, stops all vital drains, soothes the fagged nerves

and brings sound, restful sleep. No matter how slight your weakness or depression, you need Mucu-Tone. No matter how bad your catarrh, Mucu-Tone will quickly cure it. The very first dose of Mucu-Tone will make you feel better and within three or four weeks you will have a new lease on life.

Our confidence in Rexall Mucu-Tone is based on our knowledge of what this remedy has done in thousands of cases. We know that Mucu-Tone is meritorious, scientific, reliable, and we earnestly say to you that if you are not more than satisfied with a trial of this remedy we will promptly and cheerfully refund your money.

Mucu-Tone is one of the famous Rexall remedies and is sold only at our store. Large bottles, 89
