STORY OF A TIRED-OUT MINISTER

"I OWE YOU my heartfelt gratitude," said a minister to one of our representatives recently, "for insisting on my trying a bottle of Rexall Mucu-Tone. You know I am not at all addicted to the medicine habit, and I was rather skeptical of the merits of Mucu-Tone. Still, you urged me, and I could see no harm in trying it. Since then I have used three bottles, and have recommended it to I don't know how many people. "I am convinced that you were right when you told me that I had some kind of catarrh—of the kidneys, I judge, from the terrible backache I experienced, yet I had supposed that catarrh was a disease of the nose and head only. I have read the Mucu-Tone booklet, however, and I can now understand how catarrh attacks any part of the mucous membrane. "Rexall Mucu-Tone is wonderful. I am using it three times a day, and have not felt so well in years. It is giving me strength, and I believe I am adding some flesh."

How many churchgoers realize the strain under which their pastor labors?

How many appreciate the fatigue that follows his Sunday work? The nerve-racking, brain-wearing duties that endure from week's end to week's end, from the beginning of the year to the close, and from one year to another?

But this cannot go on forever. Sooner or later a minister so pressed feels his energies waning. After a while there is a break-down—a physical and mental collapse. If he could only get out into the country for a month or two of absolute rest, but—why suggest such an impossible thing! We know that no minister can spare the time for this. Neither can any other business or professional man. The next best thing is to replenish the waning vitality by artificial means—to help Nature in her efforts to supply energy and nerve power.

Our new remedy, Rexall Mucu-Tone, does this.

Physical and mental exhaustion is due to a catarrhal congestion of the mucous membranes. Rexall Mucu-Tone cures it by cleansing these membranes, driving out the poisons and allaying the inflammation. It also revitalizes the blood, steadies the fagged nerves and builds up the body.

We ask you who are weak, nervous and in need of new energy to give Mucu-Tone a trial. Then if you are not more than satisfied we will give you back your money.

Large bottle, 89 cents. Sold only at our store.
