Keep the Balance Up.

It has been truthfully said that any disturbance of the over balance of health causes serious trouble. Nobody can be too careful to keep balance up. When people begin to lose appetite, or to get tired easy, the least imprudence brings on sickness, weakness, or debility. The system needs a tonic, craves it, and should not be denied it; and the best tonic of which we have any knowledge is Hood's Sarsaparilla. What this medicine has done in keeping healthy people healthy, in keeping up the ever balance of health, gives it the same distinction as a preventive that it enjoys as a cure. Its early use has illustrated the wisdom of the old saying that a stitch in time saves nine. Take Hood's for appetite, strength, and endurance. x 19

JUDGE THEO. MAYER TALKS TO THE SICK

If you are run down, worn out, get up in the morning almost as tired as when you go to bed, need a rest the worst way but cannot spare the time—cannot afford to take your hands off the tiller of your work—then, says Judge Theodore Mayer, of Chicago's famous Chicago Avenue Police Court, you are in just the condition I was in a while back.

"Owing to the sedentary nature of my occupation, six months ago I felt decidedly out of sorts and I thought I would have to lay aside my judicial duties and spend some time at a health resort. My appetite began to fail and I was subject to a condition of general lassitude.

"A physician who is one of my intimate friends told me that I exhibited the primary symptoms of catarrh of the stomach. I was about to put myself under his particular care when I heard from a number of the police officers

attached to the station that they had been relieved of similar ailments through the use of Mucu-Tone, so I sent to the United Drug Co. at Boston for a trial bottle. What the real nature of my ailment was I cannot say. It has gone now, and I am as well as I have ever been in my life. A few bottles of the remedy removed the last vestige of my trouble. Having received such beneficial results from it, I have no hesitation in recommending Mucu-Tone."

FOR SALE AND RECOMMENDED BY C. M. Parrish, druggist, Bellefonte, Pa.

Judge Theodore Mayer presides at the Chicago Avenue police court, a court famous in Chicago's criminal history. Here it was that the anarchists were arraigned; later the Cronin murder suspects and Adolph Leutger, the wife murderer. Judge Mayer is in close touch with the vast cosmopolitan population of Chicago. Within his jurisdiction great colonies from all the nations of Europe have made their homes. He is known personally to thousands in all walks of life and he has a broad sympathy with the hopes and aspirations of the great body of the common people. Stern and severe when occasion demands, he is still the soul of sympathy when misfortune and inexperience bring a prisoner before him. His advice is frequently sought by the residents of his territory and frequently personal differences which might lead to expensive litigation are adjusted through his wise counsel. He comes from distinguished German ancestry and numbers among his intimate friends the leading German-Americans of Chicago.

Working through the starved bloodvessels, Rexall Mucu-Tone drives out the catarrhal poison, stimulates the mucous-cells into the active exercise of their functions, fills the arteries with rich, red blood, tones up the stomach, restores the appetite and builds up the body.

There is no slow, uphill work about this. From the very first dose its strengthening influence will be felt. Lethargy and pain will slip away and in their place will come the fresh, buoyant vigor and power of application of the long ago.

Don't be skeptical; don't wait until you are flat on your back. But give Rexall Mucu-Tone a trial—just one trial. If you don't feel better immediately you can stop taking it and we will give back your money.
