(WALKER TOWNSHIP)

We citizens of our ville had quite a hustling time in the last ten days, our mayor, Mr. Wineford has been taking in the situation of our little town regarding our water supply and seeing our women had to carry nearly all the water for house use, it broke his heart to see such slave labor go on; so he called together the council to take a vote on it; and with a broken heart for the women and his big fists, we think the council had not very much courage about them, because about as soon as it was passed some began to dig for a reservoir and in a few days it was dug and the reservoir was finished; now we have a nice beer vat holding 60 barrels of water before our doors for use and in case of fire; the best of all our obliging employer, E. M. Huett, who has a heart just as big as our mayor, gave orders to keep it filled for his employees.

PARACAMPH CURES

RHEUMATISM.

Cost Nothing If it Fails.

Any honest person who suffers with Rheumatism is authorized to go to their druggist today and get a bottle of Paracamp, use as directed, and if it fails to do exactly what we claim, go back to their druggist and get their money. Paracamp is recommended as a modern scientific treatment for all Rheumatic Swellings and Neuralgic troubles. It relies on Nature's plan. That is when applied it opens the pores, penetrates directly to the seat of the ailment soothing the inflamed skin, muscles and joints reducing the swelling by removing the congestion, drawing out the fever and inflammation by inducing sweating. It sweats the disease out of the body through the pores of the skin. This is why Paracamp is superior to the many internal strong, drastic drugs that upset the stomach, shatter the nerves, and undermine the general health. Our guarantee is made to convince you of our faith in Paracamp. We have, of course, tested its merits thoroughly in many and various cases. We know therefore exactly what it will do. So don't hesitate, but get a bottle of Paracamp today, and after two or three applications you will be convinced that we claim only for Paracamp exactly what it will do.

Paracamp is sold only in 25 cent, 50 cent and \$1.00 bottles. The larger sizes are cheaper for family use. Write for book of testimonials. The Paracamp Company, Louisville Ky., U. S. A.

SELLS 37,000 ACRES.

Formal announcement was made Friday by W. A. Lathrop, president of the Pennsylvania Coal and Coke Company, of the purchase of the entire stock and franchises of the Beech Creek Coal and Coke Company. This deal is one of the largest of the kind ever made in this State.

By the present purchase the Pennsylvania acquires about 37,000 acres of coal lands. It now controls 117,000 acres in Blair, Cambria, Clearfield and Indiana counties, estimated to contain 1,000,000,000 tons of coal. A daily output of 25,000 tons is made from the forty-four collieries operated. The company owns 1100 coke ovens, with an annual producing capacity of 500,000 tons.

The Pennsylvania Coal and Coke Company's capitalization consists of \$12,000,000 stock and a like authorization of bonds, \$11,392,000 of which will be outstanding when the settlement for the Beech Creek properties is completed.

Contract has been made with the New York Central Railroad by which it extends its Beech Creek line fifty miles to the coal company's property.

S. KRUMRINE'S CONFIDENCE IN HYOMEL.

Not a Penny Need Be Paid Unless It Cures You of Catarrh.

"Use Hyomel and be cured of catarrh," says S. Krumrine. When a responsible business house like this comes out and advertises that Hyomel will not cost a penny unless it does all that is claimed for it, it shows what remarkable confidence they have in this scientific medical treatment.

A complete Hyomel outfit consists of a neat inhaler, that can be carried in the pocket or purse, a medicine dropper and a bottle of Hyomel, and costs but \$1.

The inhaler lasts a lifetime and when extra bottles of Hyomel are needed, they can be obtained for 50c.

This treatment does away with all disagreeable and dangerous stomach dosing. Breathed through the Hyomel inhaler for a few minutes four times a day, it impregnates every particle of air taken into the air passages and lungs with germ-killing and health-giving balsams. In this way it cures the most chronic and deep-seated catarrhal diseases of the air passages and respiratory organs.

The user is the sole judge whether Hyomel is to be paid for or not. If it does not help, S. Krumrine will cheerfully return the money and it will not cost a penny.

The drinking habit won't grow on a man without constant irrigation.
