Last week's Gazette had a sensational article in regard to typhoid and scarlet fever. There was no sickness in town, of any account, until H. R. Auman, a son of W. N. Auman, came home from Pittsburg with typhoid fever, and if a proper diagnosis had been made at the time, the patient isolated and the house quarantined as directed by law, the trouble would have ended there; but instead there was no written notice given, the family was allowed to intermingle in their homes, with others at school and in the factory, and in that way spread the disease. There was no precaution to prevent the spread until after several deaths occurred, when the board of health was called upon, not by written notice as required by law, meetings held, a little whitewashing done and quarantine notices put up where the patients had died and were buried.

The opinion of the sober and intelligent people of the town is that there was a gross violation of the health law and negligence in taking the proper precaution; and that the violators should be punished for not forthwith reporting all such cases.

Womanly Health, Strength and Beauty

Strength and beauty in woman depend entirely upon her health. A woman cannot look her best if suffering from one or more of the many ailments peculiar to her sex. These ailments invariably cause, sooner or later, the loss of her symmetry of form and freshness of complexion.

AUNT DINAH'S OLD VIRGINIA Herb Tea

Makes Strong and Beautiful Women.

It is a most pleasant and effective remedy for the troubles which cause so much suffering among women the world over. It relieves immediately and eventually cures all cases of disordered menstruation, female weakness, prolapsus, chronic constipation, sick head aches, nervousness and sleeplessness. These are the ailments which deprive a woman of her youth and beauty and make her old before her time. The use of the Herb Tea will enable her to retain these qualities. It clears the complexion and improves the form. A cupful at bed time will give a woman health and strength.

Hamilton Wizard Oil Co., Chicago, April 19, 1904. Gentlemen—My wife had been suffering with female weakness and extreme nervousness which latter the physician who has been attending her for a long time attributed to her taking quinine for a long time. About all night she would invariably rise in the morning with a terrible headache. The doctor seemed to be able to do nothing for her, and she was constantly getting worse. She decided to try your Herb Tea and drank a cupful before retiring. In the morning she awoke after a good night's rest and without a headache for the first time in months. She has continued taking it during the past three months and has forgotten what a sleepless night means. She is feeling splendid and every one remarks how well she is looking. Her complexion is as clear as a young girl's and her figure has improved wonderfully. Yours truly, N. E. TAYLOR, 833 Cornell St., Chicago, Ill.

One day last week, either Reub. Comley or James McClincy or some other one of his neighbors, in passing Orvis Peter's residence, up Dix Run, saw that gentleman trying to turn a summer-sault, then he stood on his head a few minutes, when the said neighbor called at him, "Hey! there, Orvis, what are you trying to do?" "Do!" said Orvis. "What do you think I'm trying to do? Do you take me for Cleopatra's needle? or Liberty enlightening the world? or perhaps you think I'm Curtin's monument, but I ain't. I'm John Orvis Peters and it's a girl, it's a girl." Then he explained that he had started a sinking fund with which to pay dressmakers' and milliners' bills in the future. She is their first daughter and Dock Irvin said he needs looking after. His hat is two sizes too small, and his clothes don't fit worth a cent; congratulations, Orvis.
