Julian.

There was a hot time in our little town on Saturday evening.

There were thirty of our young people attended the great Walter L. Main's show at Bellefonte on Saturday.

J. H. Turner, our leading merchant, is making his store room a real palace; he is papering, cleaning and making lots of improvements.

Aaron and Angus Weller, and Robert Swisher, started for the woods on Wednesday, what will Lillie do this lonesome hot summer?

Amanda Myers who is employed at Lancaster, is at home and expects to stay for a few weeks yet.

Edward M. Kyler, agent P. R. R. Co. at Marika, has been seen quite frequently in our town; what is the attraction, ask Amanda.

Well Frank, how is this? very sorry that there has been disturbance made.

The Walter L. Main show is over and many of our young folks will soon be forgotten except by those who were successful in purchasing song books, we will be able to remember the day if they secure a paper containing the following song.

Oh there is a girl in town, Who had never seen a clown, And her mamma let her go; She is only twenty-two, And she thought it wouldn't do, If news and money both she couldn't blow.

We are having beautiful farming weather and the farmers are very busy. Quite a good many people from this place attended Walter L. Main's show on Saturday, and say it was real good.

Miss Ellie Alexander, from Bellefonte, spent Sunday with friends here.

Quite an excitement in town Saturday evening. Shame—Shame.

Wm. Yarnell, of Mill Hall, was seen on our streets last week.

Mrs. Thomas Walker is very ill with nervous prostration.

Chas. Brown had the misfortune to lose a colt, Thursday night.

We will just note here that it is the height of ill manners for two to talk at the same time.

Elmer said he saw the "Little Man," Saturday.

Colyer.

Thos. F. Farmer, of Philadelphia, is paying his parents a visit over Sunday.

Miss Virgie Walters, of Union Co., is visiting at this place.

Mr. and Mrs. Ezra Ripka and daughter Kathrine, of Lewistown, who are giving their relatives a visit, spent last week at State College.

Port Matilda.

Walter Barr, of Sandy Ridge, visited friends near this place a few days the past week.

Can it be possible that the patriotic feeling has lost a merited place in the hearts of our should-be loyal citizens that they are making no move not even a word said to assist the few old soldiers to honor their fallen comrades on Memorial day? Shame to those who enjoy the blood-bought freedom of our land.

Something from Howard.

Mr. Editor: I used to have a friend who resided at a place called Eagleville, and I don't believe that an eagle was ever seen there. I always thought it should have been called Cootown, especially after the coon story this friend told me. His initials are D. B., but for short we called him "Dance"—but I don't believe he can dance a note. Well, his story was enough to paralyze all the coons in the county if they would hear of it. I called his attention to a tree one day and the openings in the bark and said, do you know what those openings in the bark are? He said, yes they're openings just as you said. I then said to him those are what are called lenticels, that is how a tree breathes, through those cells they inhale oxygen and—hold on, he said, I can tell you a better story than that:—one time I had one of them Goldashitdashbunds, that has two legs in front and two in the rear, but the middle ones are omitted. He had no coon record, but as he was good for nothing else, I supposed he was certainly a good coon dog. Well the dog started out one night with a neighbor and me on a coon hunt. It was a bright moonlight night, the dog began to bark at a large tree, we went up to it and according to my eyesight it was expanding through those lenticels as you call them and contracting. I rubbed my eyes to make sure I was awake and after asking my neighbor if he saw it he did. He then cut the tree down and that explained the mystery: There were fourteen coons in that tree, and every time they breathed they opened the pores of the tree. He said it was a positive fact and if I didn't believe it he would tell it again!

James Hogan has returned from Dobbin, West Va. He takes the Centre Democrat and says he read the Howard news so often that he wore his paper out every week. Jimmy knows a good thing when he sees it.

O. W. Brickley, of Castanea, was a visitor here this week.

The Presbyterian church at Jacksonville was struck by lightning on Monday evening, but the fire was extinguished.

I asked a prominent republican the other day how John A. Daley was getting along in his candidacy, and he said, "Daley was doing nicely and there was no doubt about his nomination." Well Mr. Daley is a pretty good fellow, if he is a republican.

I was in the Hustler office and was surprised to see the improvements Mr. Dunham has lately made. His office is strictly up-to-date. Fred deserves credit for his energy.

D. S. Miller, of East High St., Bellefonte, who was the builder of our carrying factory, has completed his work and left us. Mr. Miller while here, showed that he was a gentleman and an adept in his business. Anyone would do well to follow in his footsteps; but he takes blamed long strides.

HUYETTEVILLE. Our little village was almost deserted on Saturday; about all attended the show at Bellefonte.

Samuel Longe and family spent Sunday with his brother-in-law, Robert Harnish, in Huyetteville.

William Fie and family spent a few days in the Loop, visiting Mrs. Fie's parents, Amos Betleyong's.

John Colyer moved out of our village on last Thursday. Ralph Small, from Zion moved in on same day.

The Company's storehouse is pushed along with all possible force they can put on it; they have erected a very nice and convenient office, as the old one was too small on account of business increasing.

The latest in our town is playing ball and some do not respect the Sabbath, either.

PICTORIAL PUZZLE.

WHAT IS WRONG WITH THE PICTURE? ANSWER TO LAST WEEK'S PUZZLE—Japanese coolly wears a derby hat. Jinrikisha has no shafts. Wheel of jinrikisha has no spokes.

Mt. Eagle.

Some said the Mt. Eagle scribe went to sleep, but here I am with a little more news; as there was a No 2 Mt. Eagle news out two weeks ago, this scribe thought that one scribe was enough for a small place as this, so I stopped for one week but No. 2 soon dropped out.

David Taney and wife spent Sunday with J. F. Dietz's family.

Mrs. Mertle Smith left for St. Louis last week, where she expects to join her husband, Melvon Smith, and where they expect to remain this summer.

If you want to see good roads go to Curtin township, with manager like Robert Mann, Jr., and Sol Confer; we think it would be advisable for the Howard township supervisors to go and learn, as our roads are almost past driving.

Among the sick are, Ben Kline and Clare Gates with mumps.

The mumps gave almost every house a call in this town this spring.

Jerry Glenn has moved from the house known as the old Stine Mill house to the old Glenn property, one half mile west of Mt. Eagle.

Mt. Eagle is quite flourishing since we have two stores in our town.

Last week was a wet one for the farmer to finish his spring crop; he had a nice little flood in Baldeagle creek.

The grass looks as if we would get a nice hay crop, but not much winter grain in this valley.

Farmers Mills.

The forenoon farmers are all done planting corn.

J. H. Rishel was taken to the Bellefonte hospital last week and is now improving under the care of Dr. Locke.

Clayton B. Stover is improving as fast as can be expected.

The Union Sunday school will take part in the exercises on Decoration Day.

Miss Blanche Hagan is employed by J. H. Rishel's.

Lot Dunkle, a machinist in the car shops at Altoona, is home on account of being laid off for a few days.

Quite a number of our people attended the Walter L. Main show at Bellefonte, Saturday.

James Stahl and son Claud, from Centre Hall, were putting up wire fence for J. M. Goodhart the past week.

Mrs. J. H. Rishel and daughter Miss Lottie made a trip to Bellefonte, Sunday to see Mr. Rishel who is sick in the hospital.

George W. Kline spent Sunday with his parents at Oak Hall.

George K. Long, former miller at Muncy, is working for his brother-in-law, A. O. Decker, near Spring Mills.

Rheumatism Neuralgia

To these two diseases probably mankind owes more suffering than to all others combined. While neither is ordinarily serious, nevertheless Rheumatism lays the foundation for heart disease and Neuralgia leads to the morphine and opium habits. No matter how mild the case may be these troubles should never be neglected. A reliable remedy applied promptly will prevent endless pain and many sleepless nights.

Whitley, Tex. I have had Rheumatism for ten years and was nearly blind. I tried several remedies and found no relief. I tried Hamlin's Wizard Oil and one bottle cured me. Mrs. KATR BETTY.

Omaha, Neb., Jan. 1, 1900. My mother was troubled with Facial Neuralgia for 13 years. She used six bottles of Hamlin's Wizard Oil and it cured her. We are never without a bottle of it in the house. J. COLLOWAY.

There is only one Wizard Oil—Hamlin's—name blown in the bottle. Signature "Hamlin Bros." on wrapper. Take no substitute. 50c. and \$1.00.

Hamlin's Cough Balsam Soothes the Throat. Stops the Cough. 25c. 50c.

Hamlin's Blood & Liver Pills Act Gently and Without Pain. 25c.

FOR SALE AND RECOMMENDED BY C. M. FARRISH, DRUGGIST, BELLEFONTE, PA.

Any person wishing an easy shave should call at the shop of our fashionable barber, L. E. Runkle, at this place.

NORTH PENN HALL.

Many of our people attended the big show last week.

E. H. Shook, and his son Gross, made a short call at G. F. Shook's, on Sunday.

Isaac Raymon moved up to the Union, to Ham Shreckengast last week, I guess he is all right now.

Daniel Dreibelbis, from State College, made a short visit at Henry Roush's, on Sunday.

The United Evangelicals, at the Cross Roads school house, on Sunday the 29th will have their communion.

Woodward.

Here we are with all kinds of changeable weather. The rain came in such an abundance that it rotted quite a bit of the corn that had been planted and quite a few farmers have their second crop out.

Miss Emma Eberhart and Mabel Feidler made a call on the latter's sister, Mrs. Harris Stover.

A. W. Hosterman, accompanied by Elwood Orndorf and Daniel Benner, made a business trip to Millburg, on Friday.

We are having quite a bit of music on Mt. Ave. and if the people on Main St. will not try to do more for improvements we must turn Mt. Ave into Main street.

Herb was to Aaronsburg on Saturday night. There must be something attractive up there.

Frank Miller, of Millheim, visited his brother Lawrence over Sunday.

Frank Richard, our former miller, but now staying at Jacob Reid's at Aaronsburg, was seen on our streets, Saturday night.

The fish warden was seen patrolling our streams one day last week looking for illegal fishers. If you look at him you can see what kind of people make their living by hard labor, or those that make it by robbing poor people. I think these fish were sent here and put in the streams by our fishermen and why is it that we must bow to such a fellow as that? If he comes again we should make him take a sneak, as half the trout you throw back are dead anyways.

Rusty is working in Brush valley at present for Mr. Douly.

Papa Glantz was doing mason work for the P. O. Orndorf last week.

The P. O. S. of A. expects to hold services at the cemetery on Decoration day at 6 p. m. in honor of deceased members.

Mrs. Harvey Hoover is among those on "the sick list."

Squire Musser is doing some carpenter work for James Guisewite this week.

Everybody seems to be enjoying the summer weather which began setting in on Sunday as quite a few took advantage of it by taking a stroll to some shady lane in the woods. We should all rejoice "In the Good Old Summer time."

A. M. Yearick, our speedy stage driver, is making improvements to his house.

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they feed the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York 50c. and \$1.00; all druggists.

Milesburg.

It is very strange, the borough dads will frame laws to govern and regulate the misdoings of the loafers, on the Sabbath day, paying a police to look after the welfare of the day—finding an official prominent member of the council loafing on that day in front of one of the business places—where the police has particular instruction to keep such places free from all loafers.

Robt Spicer is again papa; it is a daughter this time.
