Democratic Primary Election and County Convention.

The Democratic voters of Centre county will meet at the regular places for holding the general elections, in their respective elector districts, on Saturday, June 4th, 1904, to elect delegates to the County Convention. Under the rules of the party, the officers for holding the primaries will consist of the Committeeman and two assistants in each district, and the election will be opened at 3 o'clock p. m., and close at 7 o'clock p. m.

The delegates chosen at the above stated time will meet in the Court House in Bellefonte, on Tuesday June 7th, 1904, at 12 o'clock noon, and nominate the following:

One candidate for the office of President Judge of the Court of Common Pleas of Centre County.

Two candidates for Assembly.

One candidate for the office of District Attorney.

One candidate for the office of Prothonotary.

One candidate for the office of County Surveyor.

Said delegates so chosen will also at the same time elect:

Three conferees to the next Congressional conference of the Congressional district of which Centre County forms a part.

A Chairman of the County Committee to serve from the 1st day of January 1905 to the 1st day of January 1906, and transact such other business as may come before the Convention.

The number of delegates to which each elector district is entitled based upon the vote for Governor in 1902, and as apportioned by the County Committee in 1903, is as follows:

EDITORIAL.

DEMOCRATIC primaries will be held on Saturday, June 4th.

It is announced that Hearst has given up all aspirations for securing the presidential nomination. He certainly captured some delegates and attracted attention.

DEMOCRATS should not forget that the primary election will be held on Saturday, June 4th and the county convention on the following Tuesday. While there are few contests for nominations, see that strong, representative men are sent as delegates to the convention.

THE discharge of thousands of workmen comes too prematurely to be put to good use by Republican pseudomaniacs in the Presidential campaign. A little later they might attribute it, as they did ten years ago, to the panic fears caused by the election of a Democratic President.

THE North American aptly remarks that "there is no more justice in subsidizing our ships than in subsidizing our shoemakers." By the same token there is as little justice in indirectly subsidizing our makers of steel rails and structural steel by means of respective protective duties of \$7.54 and \$12.00 a ton.

DISCHARGING of workmen by the hundreds and thousands is still continuing. This is not confined to the railroads but other large industries are doing the same thing, the reason given being that there is a depression and stagnation in business. The "prosperity" cry was only a sham for political effect and it is playing out—it served the purpose of the boot-lickers who got control of the government and then robbed it in all departments, and by high tariff made millionaires of the machine lubricators at the expense of the masses.

OUR HISTORICAL REVIEW

Continued from page 1.

Sergt. John A. Bayard, D. C. Kitchen, shot through the thigh with a musketball, and promoted corporal for his bravery; Wells, Fulton, Campbell, Neff, Rager, Diehl, Grossmeyer, William Rager, William E. Erb, of Ferguson township. Daniel Poorman and William Burchfield belonged to the Columbia Guards, a Danville company; also George Wingate, who was born and raised in Ferguson township, and died at Jalapa, May, 1847, of brain fever, aged twenty. Daniel Poorman, formerly of the Centre Guards, died at New Orleans in January, 1848. He had been honorably discharged on account of sickness, and was on his way home. Dr. James Louimore died Sept. 28, 1844, soon after his return from Mexico; also Henry Eckley, early in August.

It is proper here to state that the Marion Infantry of Penn's valley tendered their services to the Governor for the war, but were too late to be accepted.

CHILD'S PLAY.

The state forestry commission is experimenting with a new system of extinguishing forest fires. The new method consists of kegs containing ten gallons of water, which will be played on the fires by means of a force pump. The kegs are to be conveyed to the scene of the conflagration on the backs of horses and water will be used along the back fire line to dampen the leaves and other inflammable material and for putting out fires in old stumps and logs. It is expected that two kegs of water will protect nearly a mile of fire line.

"Little drops of water make the mighty ocean," but the Centre Democrat "expects" that a few drops of water won't put out a mighty mountain fire. The above is mere child's play at great expense.

THERE is much commotion among republican machine men for stepping into the shoes left vacant by the death of M. S. Quay, the senator. The republicans have men in their party who have the ability to represent this great commonwealth in the senate of the United States with credit and for the good of the country. It is to be hoped that the lot will fall upon such an one, and thereby reputable politics will be a thing of the past as is the great boss, its author. Decent republicans and democrats have blushed with shame over the corrupt politics that has disgraced our state under boss rule for a quarter of a century, which put racecity in high places to the forefront and frowned upon honesty and fidelity to law and constitution.

OUR accidental president, Teddy, is much given to bowing at this time. He has a bow for the tariffites and the anti-high tariffites in his party; a bow for the McKinley reciprocityites; a bow for the bloated trusts and a bow for the anti-trustites; a bow for the fellows who want the rascals who have plundered the government prosecuted and a bow for the whitewashers of these fit subjects for the penitentiary. All these elements Teddy finds in his, the g. o. p. party, and his bow-els yearn to be elected president. He is all things to every element.

It is said that Governor Pennypacker proposes to take a hand in editing Small's legislative handbook, with a view to making it less bulky and also less expensive. In the cutting process it is said the governor intends to eliminate at least 200 pages. Let Pennypacker not stop at that. He should tackle that greatest of printing frauds, the hoary Legislative Record, upon which something like a cool hundred thousand dollars can be saved each session—and the Centre Democrat can show him how.

AN EXCHANGE says that a fellow looked through the Bible to find Scripture to justify him in using tobacco and found it in the last chapter of Revelations, and in the second clause of the eleventh verse. Now we'll guess some of the old sinners who use tobacco will read that verse within an hour after reading this paragraph.

LAST week at Buffalo the Presbyterian General Assembly adopted by a two-thirds vote a resolution which in substance provides that Presbyterian ministers be enjoined from marrying divorced persons, who are ineligible in the churches belonging to the interchurch conference.

EX POSTMASTER general Tyner, on trial lately for gross crookedness in that department of the government, received a verdict last Thursday of "not guilty." Of course the g. o. p. managers never permit any other verdict to be rendered when their rascals are prosecuted.

THE next Pennsylvania corn crop is likely to be short on account of the seed not having germinated. Much was replanted but may be of similar seed. With scarce a half crop of wheat and a short corn crop farmers will not have a fat thing ahead.

ELLIS L. ORVIS, Esq., of Bellefonte, was here yesterday assisting in the trial of a case before Judge Smith. After the first Monday of next January he will be Judge Orvis, of Centre county.—From Clearfield Republican.

MATRIMONIAL MARKET.

What is marriage? Marriage is an institution for the blind. Why do some people never marry? Because they do not believe in divorce.

When a man thinks seriously of marriage, what happens? He remains single. Does a girl ever think of anything but marriage? Only that, and how to get married.

Should a man marry a girl for her money? No. But he should not let her become an old maid just because she is rich.

When a girl refers to a "sad courtship" what does she mean? She means that the man got away.

Is an engagement as good as a marriage? It's better.

In selecting a husband, why does a girl prefer a fat man? Because a fat man finds it hard to stoop to anything low.

When asking papa, how should a young man act? He should face papa manfully and never give him a chance at his back.

When the minister says, "Do you take this woman for better or for worse?" what does he mean? The bridegroom's people construe it one way and the bride's family interpret it another. It is very sad.

Why does a bride wear a veil? So that she may conceal her satisfaction.

When a man marries, has he seen the end of trouble? Yes, but it is usually the wrong end. What is greater than a wife's love? Her temper.

Do married women suffer in silence? Yes; they all suffer when they may not talk.

When a man says he can manage his wife, what does he mean? He means that he can make her do anything she wants to.

When a child is smart and good, to whose family is it due? To its mother's.

When a child is bad and stupid, to whose family is it due? We refuse to answer.

Is it possible for a married man to be a fool without knowing it? Not if his wife is alive.

What is a mother-in-law? Sec Gen. Sherman's definition of war. How did the western man solve the mother-in-law question? When she came to spend the summer with him, he hired a Christian Scientist to come and give the old lady absent treatment.

Was it effective? Yes; she went away and never came back.

Seeking an Old Fortune.

Relatives of Mrs. John Kintzel, who some time previous to 1867 lived in Williamsport, are trying to establish the identity of the late John Kintzel, with a view to getting a snug fortune which has been an deposit in a New York bank since 1858.

Nelson H. Tummicliff, a detective attorney of Omaha, Neb., visited Middleburg, and the locality where, twenty-seven years ago, John Kintzel and his wife were murdered for their money. He visited the scene of the murder, with the object of establishing the identity of Kintzel. The murdered man, who had, previous to moving to near Middleburg, lived in Williamsport, in 1858 made a large deposit in a New York bank. Tummicliff represents the relatives of Mrs. Kintzel, who are now seeking to recover this money. It is said to amount by this time, to a small fortune.

The Sunday law people in Wilkes-barre mean business. Warrants were Monday sworn out for the arrest of 160 merchants and saloon keepers charged with violating the Sunday law. The law and Order League sent out thirty-two detectives Sunday with orders to buy goods wherever they found them for sale. Of the 160 there are fifty-eight saloon keepers and the others are cigar dealers, druggists with soda water fountains, candy dealers and small merchants.

Peculiar To Itself

In what it is and what it does—containing the best blood-purifying, alterative and tonic substances and effecting the most radical and permanent cures of all humors and all eruptions, relieving weak, tired, languid feelings, and building up the whole system—is true only of Hood's Sarsaparilla

No other medicine acts like it; no other medicine has done so much real, substantial good, no other medicine has restored health and strength at so little cost.

"I was troubled with sorefuls and came near losing my eyesight. For four months I could not see to do anything. After taking two bottles of Hood's Sarsaparilla I could see to walk, and when I had taken eight bottles I could see as well as ever."—Boris A. Hains, Winters, N. C. Hood's Sarsaparilla promises to cure and keeps the promise.

LIST OF SOLDIER'S GRAVES.

In this issue of the Democrat we print additional names of deceased soldiers, that have been reported to us within the past few days not contained in the list printed last week. Many persons will preserve the list and should not fail to add the names given in this issue in order to have the record still more complete. We repeat the request made in our last issue, anyone knowing the names of deceased soldiers that have not been in the printed list will confer a favor by reporting same for publication as it furnishes a record that will be preserved for reference. Officers of G. A. R. posts and others who furnished names for the record printed, have the thanks of the Democrat for aid in the work.

Julian.

A. T. Irvin, of Bellefonte, spent Decoration at his home here. Bolin McKenzie, of Altoona, and Earl McKenzie, of Patton, visited their mother during the past week. There will be children's service in the U. B. church on Sunday evening June 6th. Miss Marie Grist, of Unionville, spent Saturday with Mrs. Howard Turner. Mrs. Sarah White, of Tyrone, spent decoration at Julian. Mrs. Liza Walter, of Mt. Eagle, spent a few days with friends at Julian. She says they have nice girls at Mt. Eagle or at least some of our Julian boys seem to think so. Mr. and Mrs. Chas. Murray spent Sunday at Phillipsburg.

Since Ed has announced his engagement he had better keep shy of the Julian girls for they are good at blowing the news and money and there might be a disturbance raised. Bernice steps around like she is walking on eggs since Karl is home. Mrs. Matcock Fry, of Northumberland, is visiting her daughter Mrs. Geo. Sones. Miss Helen Stevens, of Dix Run, visited Grandpa Ardells over Sunday. J. C. Mason and Colonel Andrews are off on a business trip to Montana where the former has large mining interests.

The Memorial services on Monday were attended by a large concourse of people. It was under the direction of I. F. Davis. The orators were Dr. R. W. Swope and L. C. Bullock. The others were prevented from speaking on account of the rain. The service of last week was slightly misinformed as to the bearer of the ill tidings: No pray do not stare Her pa was there And saw the unrapured pair. Oh! he ne'er shall forget That day that he met Her pa at the circus there.

Port Matilda.

Alex. Chaney, who for some time has been suffering from a serious case of blood poisoning, we are pleased to note is slowly improving. The members of the U. B. church at this place in appreciation of his faithful work, tendered their pastor, Rev. Free, a donation amounting to \$35 which included bodily comforts; 40 people were present on the occasion, all of whom were kindly entertained by the pastor and his estimable wife.

May the 25th, 1904, was a pleasant day at the home of Mr. and Mrs. M. Adams near Shady-dell; the event was occasioned by the marriage of Samuel McMonigal to Miss Mary C. Adams, daughter of the above, the ceremony was performed by Rev. Free, pastor of the U. B. church, in the presence of about 50 invited guests, Altoona, Tyrone, Houtzdale, Portage and other points distant were represented; the repast which was prepared by Mrs. Adams and daughter was bountiful in the extreme, everything was fittingly arranged for the occasion, and the exercises were of a pleasant nature. Many useful presents were tendered the young couple. May his future be a sunshine and prosperity with success attending all his undertakings.

James T. Marks and wife recently had the exterior of their comfortable home remodelled adding greatly to the comfort and appearance. Messrs. Hulbert and Night, connected with the extensive paper mill at Look Haven, spent a few days on the Allegheny mountains near this place inspecting their paper wood interests. Mrs. Della Adams will please accept thanks for the delicious cake given your correspondent.

At Hughesville four valuable cows, the property of Harvey Corson of More land, were killed by lightning Wednesday afternoon of last week. The cows were huddled together in a field when struck. They were valued at \$135 and were insured for the sum of \$90.

It is the Surer Way

Have your cake, muffins, and tea biscuit home-made. They will be fresher, cleaner, more tasty and wholesome.

Royal Baking Powder helps the house wife to produce at home, quickly and economically, fine and tasty cake, the raised hot-biscuit, puddings, the frosted layer-cake, crisp cookies, crullers, crusts and muffins, with which the ready-made food found at the bake-shop or grocery does not compare.

Royal is the greatest of bake-day helps.

ROYAL BAKING POWDER CO., NEW YORK.

HAVE YOU THOUGHT ABOUT IT?

When you get a catalogue from a big mail order house, says an exchange, just look it over and see what they will pay you for produce, also investigate and see what their terms of credit are in case you do not have the ready cash; how much they will give toward the keeping up of the sidewalk; just write them and ask how much they will give towards the erection of a church, how much they will give to assist the poor. After you have done this and received a reply, see if your home merchants wont do as well.

For the Outing Man

YOU KNOW, without our telling you, what is meant by "outing clothes": coat and trousers usually to be worn with a neglige shirt; to loaf in, or go summer resorting in; or maybe, on sweltering days, to wear to business. They will be popular for men at summer resorts which is one of the reasons they will be popular for wearing at home.

The outing suits we are showing are something more than thin, cool clothes; you may as well get style in your outing suits as to buy clothes that are merely put together. You may as well have them fit your body, and made so they will keep shape through the season, instead of hanging like a couple of weeks. You'll get such outing suits as you ought to have if you come here. Words wont do it, better let us show you the suits—ready when you are.

Materials of homespun, wool crash, flannel, worsted in light and dark effects, blue serge (that will not wrinkle). Single or double breasted coats; trousers peg top or shape to the leg.

Prices \$6.00 to \$18.00.

Outing Suit Accessories - Straw Hats, Neglige Shirts, Belts, Neckwear of distinctive, meritorious styles. Boys' Wash Suits 50c to \$3.00.
