Allow a cough to run until it gets beyond the reach of medicine. They often say "Oh, it will wear away," but in most cases it will wear them away. The festival on Saturday night was very largely attended from far and near, and the church realized a nice sum for its work. The Nittany cornet band was present and rendered some choice music which everyone spoke well of, and the ladies of the church wish to thank the band boys and all present for their liberal patronage.

Most of our young folks will attend a estival at Lamar on Saturday night.

On Monday, 30th, the Nittany cornet band was down to Cedar Springs playing for Decoration Day and report having had a very nice time and being treated so finely by the Clinton county's good people.

A gang of the Rote boys started to pick a quarrel here at the festival on Saturday night, but when the Rote gang saw the Nittany boys line up, they took back water and had nothing more to say; the Nittany boys can take care of them-

Crop report of near Nittany :- there is a very good set of wheat through here; the fields look fine; grass is excellent and a large hay crop is expected. The corn is most all up and is growing finely; with the warm showers and sunshine; cherries will be plenty unless a frost should destroy them; apples will not be a very large crop this year, and peaches will be a failure, although some trees look very good. Breathe Hyomei and Kill All Catarrhal

Germs. "Money Back if it Fails," Says S Krumrine.

There is no dangerous stomach drugging when using Hyomei. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way, the germ-killing and health-giving Hyomei penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membranee, and absolutely drives catarrh from the system.

Such remarkable results have followed the use of Hyomei by the best people in Bellefonte, that S. Krumrine has the greatest confidence in its power to cure catarrh. S. Krumrine belives in it so thoroughly, that S. Krumrine will give his personal guarantee to refund the money if it does not cure, the purchaser to be sole judge. This is an unusual offer and the first

time that any medicine or treatment for the cure of catarrh has been sold in this way. If it cures, the expense is trifling, while if it fails, the cost is absolutely nothing. If you are fortunate enough not to be troubled with catarrh, tell your friends
